Report of Town Clerk

ANNUAL TOWN ELECTION

March 4, 1957

In pursuance of the Warrant the legal voters of the Town of Winchester, Mass., met in their respective voting places in said Town on Monday, the fourth day of March in the year of our Lord One Thousand Nine Hundred Fifty-seven at seven o'clock in the forenoon.

The Town Hall was designated by the Board of Selectmen as the voting place for Precincts 1-2-3-4-5-6.

The following Election Officers were duly appointed by the Board of Selectmen and assigned for duty at the various Precincts as follows:

PRECINCT 1

Republican

Clerk	Mildred C. Eaton	5 Grove St.
Deputy Clerk	Dorothy C. Ward	8 Stevens St.
Inspector	Arthur Driscoll	82 Church St.
Deputy Inspector	William H. Mason	5 Lewis Rd.

Democratic

Warden	Alice B. Doherty	17 Sargent Rd.
Deputy Warden	Elizabeth T. McLaughlin	53 Lake St.
Inspector	Theresa M. Nestor	53 Grove Place
Deputy Inspector	Alice G. Butler	32 Forest St.

PRECINCT 2

Republican

Clerk	Margaret A. Saltmarsh	158 Mt. Vernon St.
Deputy Clerk	Pauline M. Hill	42 Winthrop St.
Inspector	Edith Q. Preston	12 Madison Ave.
Deputy Inspector	Warren P. Eldridge	20 Winslow Rd.

Democratic

Warden	Hannah M. Dowling	40 Sargent Rd.
Deputy Warden	John F. Kinton	49 Salem St.
Inspector	Priscilla Clarke	149 Highland Ave.
Deputy Inspector	Helen F. McHugh	5 Webster St.

PRECINCT 3

Republican

Warden	Fred L. Stratton	6 Winslow Rd.
Deputy Warden	Everett W. Goss	41 Allen Rd.
Inspector	Gertrude S. Bergquist	154 Cambridge St.
Deputy Inspector	Katherine V. Callahan	5 Russell Rd.

Democratic

Clerk	P. Francis Fitzpatrick	19 Sargent Rd.
Deputy Clerk	Frances MacDonald	13 Stone Ave.
Inspector	Alice C. Welsh	93 Pond St.
Deputy Inspector	Angelina S. Ottiano	27 Pierrepont Rd.

PRECINCT 4

Republican

Warden	H. Harold Dover	45 Vine St.
Deputy Warden	Mary C. Cass	5 Lewis Rd.
Inspector	Kenneth S. Hall	12 Winslow Rd.
Deputy Inspector	Marion H. Roberts	14 Rangeley Ridge

Democratic

Clerk	Vivian C. Haggerty	41 Middlesex St.
Deputy Clerk	Margaret E. Farrell	34 Oneida Rd.
Inspector	Marion E. Flaherty	68 Hemingway St.
Deputy Inspector	Edith M. Knoettner	5 Sachem Rd.

PRECINCT 5

Republican

Warden	Lawrence T. Smith	10A Winthrop St.
Deputy Warden	Sara F. Riley	71 Church St.
Inspector	John W. Thornton	1 Indian Hill Rd.
Deputy Inspector	Martha A. Cabot	190 Mystic Valley Pkwy.

Democratic

Clerk	Mary K. MacDonald	8 Parker Rd.
Deputy Clerk	Anna M. Collins	6 Parker Rd.
Inspector	Louise M. Purington	139 Pond St.
Deputy Inspector	Mary A. Colella	245 Cross St.

PRECINCT 6

Republican

Clerk	Lillian G. Donaghey	14 Glenwood Ave.
Deputy Clerk	Marilyn C. Preston	217 Highland Ave.
Inspector	Edith T. Grimes	20 Sheridan Circle
Deputy Inspector	Lawrence Dallin	42 Salisbury St.

Democratic

Warden	Dorothy H. Smith	40 Pickering St.
Deputy Warden	Mary E. Powers	10 Glenwood Ave.
Inspector	May A. Sullivan	41 Holland St.
Deputy Inspector	Margaret L. Stevens	27 Eaton St.

The foregoing officers were sworn to the faithful performance of their duties.

The necessary ballots prepared for each Precinct and the paraphernalia for the proper conduct of the Election were supplied by the Town Clerk and turned over to the Wardens of the various Precincts.

The polls were declared open in each Precinct at seven o'clock A. M. and remained open until seven o'clock P. M., at which time, after due notice, they were declared closed.

Immediately after the closing of the polls, the Town Clerk turned over to the Wardens of Precincts 1-3-4-5-6 the envelopes received by her purporting to contain Absent Voter Ballots, together with the applications therefor filed by said voters for registration as Absent Voters.

The Wardens caused all of the ten (10) envelopes containing Absent Voter Ballots to be opened and signatures, affidavits, postmarks, etc., to be examined in accordance with Section 95, Chapter 54 of the General Laws, and any amendments there may be thereto, and ten (10) were found to be correct. The names of the ten (10) Absent Voters were checked on the voting list in the proper Precincts and then the ten (10) Absent Voter Ballots were deposited in the proper Ballot Boxes.

The number of Absent Voter Ballots cast in the Precincts were as follows:

Precinct	1	2	3	4	5	6	Total
Absent Voter Ballots	1	0	2	2	4	1	10

The Ballots were counted by the Election Officers in each Precinct, the tally sheets and total vote sheets prepared by the Town Clerk being used, and the results of the same declared in the respective Precincts.

The Ballots cast, after being counted, were enclosed in envelopes, sealed and encased in cases, together with envelopes containing spoiled ballots, which were strapped up and sealed with the Precinct seal, and the same delivered to the Registrars of Voters in the Town Clerk's Office.

The Town Clerk and Registrars of Voters, upon receipt of the returns from the several Precincts, forthwith canvassed the same and announced the results at 11:30 o'clock P. M. March 4, 1957.

All Ballots used and unused, tally sheets, total vote sheets, Precinct Records of the Election and all other records pertaining to the Election, properly signed and sealed were delivered to the Town Clerk to be preserved by her during the time required by law.

A true record of the Election.

Attest:

HELEN E. STINSON,
Town Clerk

ANNUAL REPRESENTATIVE TOWN MEETING

MARCH 14, 1957

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Winchester, Mass., by Charles J. Harold, Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of the meeting to the Town Meeting Members elected and qualified to act in Town Meetings in Winchester, the Town Meeting Members met in the Memorial Auditorium in the Senior High School building, Main St., in said Town on Thursday, March 14, 1957 at 7:45 o'clock in the evening.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow, and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-five (225) Town Meeting Members entitled to vote and participate in Town Meetings in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred ninety-three (193) Town Meeting Members attended the meeting.

Harrison Chadwick, elected Moderator on March 4, 1957 was sworn to the faithful and impartial performance of his duties by Elsie M. Nelson, Town Clerk.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:53 P. M.

The invocation was given by Dr. Dwight L. Cart.

The Moderator read only the Constable's Return of the Warrant, as copies of the Warrant had been mailed to each of the Town Meeting Members, and each Article would be read when it came up for consideration. No one requested that the Articles should be read at this time.

The following Town Officer, elected on March 4, 1957, was sworn to the faithful performance of his duties by Harrison Chadwick, Moderator:

Maurice F. Freeman — Water & Sewer Board

Voted, That when we adjourn it be to Monday evening, March 18, 1957, at 7:45 P. M. at the Memorial Auditorium in the Senior High School building on Main St.

Voted, That it be the sense of the meeting that all subsequent adjourned sessions shall be held on each Thursday and Monday evenings until the work of the town meeting is completed.

Voted, That Charles W. Craven, Secretary of the Finance Committee, who is not a Town Meeting Member, be accorded permission to sit with the Finance Committee but without a vote.

The Moderator suggested that if there was no objection when reading each Article in the Warrant he would read only dollar amounts and omit the cents. No objection was voiced.

ARTICLE 1

To hear and act upon reports of the Town Officers and the Finance Committee.

Voted, That the reports of the Town Boards and Offices, and the report of the Finance Committee as printed be received and placed on file.

Moved and Seconded, That it be the sense of the meeting that the use of personal cars on town business shall be paid for on a uniform system of reimbursement based on a mileage allowance of eight cents a mile.

Voted, That the motion be amended by striking out all words after the word reimbursement.

Voted, That it be the sense of the meeting that the use of personal cars on town business shall be paid for on a uniform system of reimbursement.

Vote, Unanimous vote.

ARTICLE 2

To see if the Town will authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning January 1, 1957, and to issue a note or notes therefor, payable within one year, and to refund any note or notes issued for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money, from time to time in anticipation of the revenue of the financial year beginning January 1, 1957, and to issue a note or notes therefor, payable within one year, and to refund any note or notes issued for a period of less than one year, in accordance with Section 17 of Chapter 44 of the General Laws.

ARTICLE 3

To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money, from time to time in anticipation of revenue of the financial year beginning January 1, 1958, and to issue a note or notes of the Town therefor.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money on and after January 1, 1958, in anticipation of the revenue of the financial year beginning January 1, 1958, and to issue a note or notes therefor, payable within one year.

ARTICLE 4

To hear and act on the report of the Personnel Board, provide for its continuance, further study and investigation of all the matters referred to it. Also, to take any action in connection with its recommendations as to wages and salaries, working conditions, new or revised standard rates of salaries, changes, additions or revisions of wages and salaries and in classifications and definitions and in amending the wage and salary guide and to appropriate money therefor to be expended under the direction of the Personnel Board.

Voted, That the written report of the Personnel Board as presented at this meeting be received and placed on file.

Voted, That a permanent Personnel Board be established to act as a central authority for personnel problems, wage and salary adjustments and job classifications, and also to provide for continued study and investigation of these matters.

This Personnel Board shall consist of five members to be appointed by the Moderator, of whom two members shall be appointed for a three year term, two members shall be appointed for a two year term, and one member shall be appointed for a one year term, and thereafter each member shall be appointed for a three year term. Any vacancies shall be filled by the Moderator for the unexpired term. At least one member of the Board shall be a former member of the Finance Committee and one member of the Board shall be a town employee.

Voted, That the wage and salary guide as published in the Finance Committee report of 1950, and as thereafter amended, be further amended by making the following changes, additions and substitutions as herein stated.

Section 3—Town Departments

	Annual Salary	
	Minimum	Maximum
Workmen's Compensation		
Agent (part time)	\$ 611.00	\$ 962.00
Fire and Police Departments		
Chief	None	6,100.00
Accounting Department		
Accountant	4,600.00	5,600.00
Police Department		
Maintenance of Parking Meters (part time)	Weekly pay of \$29.34	
Water and Sewer Department		
Assistant Superintendent	3,800.00	4,800.00
Board of Health		
Sanitarian	3,800.00	4,600.00

Voted, That the town hereby approves the recommendation of the Personnel Board and that the wages and salaries of all permanently employed full time town employees, with the exception of school teachers, superintendent of schools, principals of all schools, all school supervisors, employees of the Welfare Department, recreation personnel and school cafeteria personnel, be increased by 6%, \$250 per year, or 12c an hour in the case of hourly paid employees, whichever is the greater. Further, that the wages and salaries of all permanently employed part time employees of the town be increased by 6% or 12c an hour in the case of hourly paid employees. These increases are to be paid effective as of April 1, 1957.

Further that the wage and salary guide as published in the Finance Committee report of 1950, and as thereafter amended be further amended by increasing all minimum and maximum ranges in accordance with this vote.

ARTICLE 5

To see if the Town will authorize a ten percent (10%) increase in the salaries of all members of the Police and Fire Departments, appropriate money therefor, and take any action in connection therewith.

Voted, That consideration of this article be indefinitely postponed.

ARTICLE 6

To see if the Town shall grant all Town employees, excluding school teachers, a ten percent (10%) increase in wages, or take any action relating thereto.

Voted, That consideration of this article be indefinitely postponed.

ARTICLE 7

To raise and appropriate money to defray the expenses of the Town for the current financial year and especially for or relating to all or any of the boards, departments and purposes hereinafter mentioned, to fix the salary and compensation of all elective officers of the Town, as provided by Section 108 of Chapter 41 of the General Laws, as amended, namely Town Treasurer, Collector of Taxes, Assessors and Town Clerk, and to take any other action in relation thereto.

DEFERRED ITEMS**10 Engineering**

Voted, That \$21,860.00 be appropriated for expenditure under the direction of the Board of Selectmen for the maintenance of the Engineering Department, of which \$20,200.00 shall be for personal services, \$860 for other expenses and \$800 for capital outlay.

Authorization is hereby given to apply turn-in value of old equipment toward the purchase of new equipment.

11 Town Hall

Voted, That \$19,515.28 be appropriated for expenditure by the Board of Selectmen for the care and maintenance of the Town Hall, \$11,323.28 thereof for personal services, \$8,077.50 for other expenses and \$114.50 for capital outlay.

Authorization is hereby given to apply turn-in value of old equipment toward the purchase of new equipment.

19 Civil Defense

Moved and Seconded, That \$6,442.89 be appropriated for expenditure by the Board of Selectmen for the expenses of the Civil Defense Department, \$2,904.69 thereof for personal services, \$2,831.00 for other expenses of which \$75.00 may be expended for travel outside of the Commonwealth, and \$707.20 for capital outlay.

Authorization is hereby given to apply turn-in value of old equipment toward the purchase of new equipment.

Voted, To amend by striking out \$6,442.89 and inserting in place thereof \$6,680.39, to strike out \$2,831.00 and insert in place thereof \$2,921.00 and to strike out \$707.20 and insert in place thereof \$854.70— for capital outlay.

Voted, That \$6,680.39 be appropriated for expenditure by the Board of Selectmen for the expenses of the Civil Defense Department, \$2,904.69 thereof for personal services, \$2,921.00 for other expenses, of which \$75.00 may be expended for travel outside of the Commonwealth, and \$854.70 for capital outlay.

Authorization is hereby given to apply turn-in value of old equipment toward the purchase of new equipment.

Voted, That we now adjourn to Monday evening, March 18, 1957 at 7:45 o'clock, P. M.

The meeting adjourned at 10:50 o'clock P. M.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

The following is a copy of the notice of Adjournment of the Annual Representative Town Meeting of March 14, 1957, as posted in one place in each of the six precincts in accordance with the provisions of Section 3, Chapter 167, Acts of 1928:

TOWN OF WINCHESTER

MIDDLESEX COUNTY, MASSACHUSETTS

(Town Seal)

In accordance with the provisions of Section 3, Chapter 167, Acts of 1928, notice is hereby given that the Representative Town Meeting of March 14, 1957 has been adjourned to meet at the Memorial Auditorium in the Senior High School building, Main St., on March 18, 1957 at 7:45 o'clock P. M., to act on Articles 7 through 73, of the Warrant together with any unfinished business.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

March 15, 1957

ADJOURNED ANNUAL REPRESENTATIVE TOWN MEETING**MARCH 18, 1957**

Pursuant to the vote of adjournment on March 14, 1957, the Town Meeting Members met in the Memorial Auditorium in the Senior High School building, Main St., on March 18, 1957, notices having been sent by mail by the Town Clerk to the two hundred twenty-seven (227) Town Meeting Members and notices having been posted in each of the six Precincts.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-seven (227) Town Meeting Members qualified to vote and participate in Town Meeting in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that two hundred three (203) Town Meeting Members attended the meeting.

The following Town Officer, elected on March 4, 1957, was sworn to the faithful performance of his duties by Elsie M. Nelson, Town Clerk:

Harold V. Farnsworth—Planning Board

The meeting was called to order by Harrison Chadwick, Moderator, at 7:55 o'clock P. M.

The invocation was given by Rev. Herbert K. Driscoll.

Voted, That when we adjourn it be to Thursday, March 21, 1957, at 7:45 o'clock P. M.

DEFERRED ITEMS (Article 7)**1 Selectmen**

Voted, That \$15,071.35 be appropriated for expenditure by the Board of Selectmen for the expenses of the Selectmen's Department \$7,490.85 thereof for personal services and \$7,580.50 for other expenses.

22 Building

Voted, That \$13,030.84 be appropriated for expenditure by the Building Commissioner for the expenses of the Building Department, \$10,348.34 thereof for personal services, \$2,465.00 for other expenses and \$217.50 for capital outlay.

24 Health

Voted, That \$33,506.20 be appropriated to be expended under the direction of the Board of Health, \$20,542.20 thereof for personal services and \$12,964.00 for other expenses.

29 Highways and Bridges (Superintendent of Streets under direction of Selectmen)

Voted, That \$254,039.56 be appropriated for expenditure by the Superintendent of Streets under the direction of the Board of Selectmen for the construction and repair of public ways, construction, reconstruction and repair of sidewalks, surface drainage sewers, pay-

ment of damages and expenses, and general expenses of the Highway Department, including the cost of material and equipment, \$156,894.56 thereof for personal services, \$57,865.00 for other expenses and \$39,-280.00 for capital outlay.

Authorization is hereby given to apply turn-in value of old equipment toward the purchase of new equipment.

33 Public Welfare Administration (Board of Public Welfare)

Moved, That \$9,873.75 be appropriated for expenditure by the Board of Public Welfare for the administration of general relief, aid to dependent children, disability assistance and old age assistance programs, \$7,753.75 thereof for personal services, \$2,120.00 for other expenses of which \$200.00 may be expended for travel outside of the Commonwealth.

Moved, To amend by striking out \$9,873.75 and inserting in place thereof \$10,715.75, to strike out \$7,753.75 and insert in place thereof \$8,595.75 so that said motion as amended will read:

Moved and Seconded, That \$10,715.75 be appropriated for expenditure by the Board of Public Welfare for the administration of general relief, aid to dependent children, disability assistance and old age assistance programs, \$8,595.75 thereof for personal services and \$2,120.00 for other expenses of which \$200.00 may be expended for travel outside of the Commonwealth.

Motion was declared lost.

Moved and Seconded, That \$9,873.75 be appropriated for expenditure by the Board of Public Welfare for the administration of general relief, aid to dependent children, disability assistance and old age assistance programs, \$7,753.75 thereof for personal services, \$2,120.00 for other expenses of which \$200.00 may be expended for travel outside of the Commonwealth.

Voted, That \$9,873.75 be appropriated for expenditure by the Board of Public Welfare for the administration of general relief, aid to dependent children, disability assistance and old age assistance programs, \$7,753.75 thereof for personal services, \$2,120.00 for other expenses of which \$200.00 may be expended for travel outside of the Commonwealth.

42 School Department

Voted, That \$1,232,980.74 be appropriated for expenditure under the direction of the School Committee for the support of the public schools, supplies and equipment therefor, care and maintenance of the public school buildings and grounds, and for conveying pupils to and from the public schools \$1,028,318.81 thereof for personal services, \$182,335.09 for other expenses, of which \$1,200.00 may be expended for travel outside of the Commonwealth, and \$22,326.84 for capital outlay.

43 School Athletics

Voted, That \$7,500.00 be appropriated for expenditure by the School Committee for the general purposes of supervision of athletics and

other school organizations in accordance with the general provisions as set forth in General Laws Chapter 71, Section 47, of which \$7,500.00 is for other expenses.

59 **Voted**, That as requested by the Water Department item #59 be passed for later discussion.

63 **Voted**, That \$8,750.00 be appropriated for expenditure by the Town Treasurer for interest on temporary loans, of which \$8,750.00 shall be for other expenses.

Voted, That we now revert to item #59.

59 **Water** (Water and Sewer Board)

Voted, That \$172,294.98 be appropriated for expenditure by the Water and Sewer Department for the extension, maintenance and protection of the water supply system, including material and equipment, \$64,882.76 thereof for personal services, \$104,191.22 for other expenses, of which \$35.00 may be expended for travel outside of the Commonwealth, \$3,221.00 for capital outlay, of which \$154,600.00 is to be raised by taxation and \$17,694.98 by transfer from Water Surplus Revenue Account.

Authorization is hereby given to apply turn-in value of old equipment toward the purchase of new equipment.

Voted, That we adjourn to Thursday, March 21, 1957 at 7:45 o'clock P. M.

The meeting adjourned at 11:20 o'clock P. M.

Attest:

ADJOURNED ANNUAL REPRESENTATIVE TOWN MEETING

MARCH 21, 1957

Pursuant to the vote of adjournment on March 18, 1957, the Town Meeting Members met in the Memorial Auditorium in the Senior High School building, Main St., on March 21, 1957, notices having been sent by mail by the Town Clerk to the two hundred twenty-seven (227) Town Meeting Members and notices having been posted in each of the six Precincts.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-seven (227) Town Meeting Members qualified to vote and participate in Town Meeting in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred eighty-seven (187) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 8:00 o'clock P. M.

The Rev. John W. Ellison had been invited to give the invocation but was unavoidably detained. The Moderator, Harrison Chadwick gave the invocation.

Voted, That when we adjourn it be to Monday, March 25, 1957 at 7:45 o'clock P. M.

ARTICLE 8

To see if the Town will raise and appropriate a sum of money for the purpose of paying certain unpaid bills incurred in previous years. (Town Accountant).

Voted, That the sum of \$529.70 be appropriated and expended by the following departments for the purpose of paying the following unpaid bills incurred in the years 1955 and 1956:

Fire Department	
Gamewell Company	\$377.26
Civil Defense	
M. Linsky & Bros., Inc.	16.00
M. S. Darley & Co.	42.02
Highway Department	
Mystic Valley Gas Co.	94.42
	\$529.70

ARTICLE 9

To see if the Town will authorize the expenditure and appropriate a part of the Cemetery Fund for the embellishment of Wildwood Cemetery.

Voted, That the Board of Cemetery Commissioners and the Selectmen

having reported that the sum of five thousand three hundred fifty-three and 91/100 (\$5,353.91) dollars of the Cemetery Fund is available for the embellishment and improvement of Wildwood Cemetery, said sum is hereby appropriated therefor.

ARTICLE 10

To see if the Town will elect a Director to serve in cooperation with the Middlesex County Trustees for County Aid to Agriculture in the work of the Middlesex County Extension Service under the provisions of Sections 40-45 inclusive of Chapter 128 of the General Laws and will make an appropriation for the purpose of said sections.

Voted, That we choose a director of County Aid to Agriculture to serve for one year in accordance with Sections 40 and 41 of Chapter 128 of the General Laws.

Coleman G. Foley, Jr. was nominated for Director of County Aid to Agriculture to serve for one year.

Coleman G. Foley, Jr. was elected Director of County Aid to Agriculture to serve for one year.

Voted, That fifty (\$50) dollars be appropriated to be expended for the purposes of Sections 40 to 43 inclusive of Chapter 128 of the General Laws.

ARTICLE 11

To fix the number of Measurers of Wood and Bark and to delegate the appointment of the same to the Selectmen.

Voted, That the appointment of not more than eight Measurers of Wood and Bark for the year ending April 1, 1958, be and hereby is delegated to the Selectmen.

ARTICLE 12

To see if the Town will raise and appropriate any sum or sums of money to be used with such sum or sums as may be made available from the State Highway Fund or allotted by the County Commissioners for maintenance, repair, alteration, relocation or other improvement of Town or County ways, as well as to authorize the transfer and use for said purposes of any unused balance.

Moved and Seconded, That thirty-two thousand (\$32,000) dollars be appropriated for expenditure by the Superintendent of Streets under the direction of the Selectmen for maintaining, repairing, improving and constructing town or county ways for a share of the cost of which the town is to be reimbursed by funds allotted by the Department of Public Works or the County Commissioners or both.

Twenty-four thousand (\$24,000) dollars shall be transferred from the available funds in the Excess and Deficiency Account and eight thousand (\$8,000) dollars to be raised by taxation.

All or any part of the work to be done may if deemed advisable be done by contract of the town, Department of Public Works, or the County Commissioners.

Voted, That the subject matter of Article 12 be indefinitely postponed.

ARTICLE 13

To see if the Town will vote to raise and appropriate, or transfer from the available funds in the Excess and Deficiency Account, a sum of money for Chapter 90 Highway Construction, provide for the use of the proceeds to be received from the State under Chapter 718 of the Acts of 1956, or take any action in relation thereto.

Voted, That the subject matter of Article 13 be indefinitely postponed.

ARTICLE 14

To see if the Town will accept the layouts of certain town ways hereinafter described, made by the Selectmen under the provisions of law relating to the assessment of betterments, filed in the office of the Town Clerk and which with plans therein mentioned are hereby referred to for more particular descriptions: and will raise and appropriate money for the construction of said ways and for the payment of any damages resulting from the taking of land and easements therefor.

Raymond Place

The layout of a town way, beginning at Florence Street and extending southeasterly about four hundred fifty-four (454) feet to Chester Street, substantially in the location of a private way known as Raymond Place.

Dana Avenue

The layout of a town way, beginning at Highland Avenue and extending southeasterly about six hundred twenty-three (623) feet to North Border Road, substantially in the location of a private way known as Dana Avenue.

Cleveland Road

The layout of a town way, beginning at Cross Street and extending northwesterly about two hundred fifty-five (255) feet to the Woburn-Winchester town line, substantially in the location of a private way known as Cleveland Road.

Robinhood Road

The layout of a town way, beginning at Blossom Hill Road and extending southwestly about six hundred ten (610) feet to Westland Avenue, substantially in the location of a portion of a private way known as Robinhood Road.

Sunset Road

The layout of a town way, beginning at the end of the existing public portion and extending northeasterly about seven hundred five (705) feet to the northerly side line of Churchill Road, substantially in the location of a private way known as Sunset Road.

Robinhood Road

The layout of a town way, beginning at Wildwood Street and extending southeasterly about four hundred fifty-seven (457) feet, substantially in the location of a portion of a private way known as Robinhood Road.

Moved and Seconded, That the laying out of said town ways as made and reported by the Selectmen under the provisions of law relating to the assessments of betterments, to wit:

A town way, beginning at Florence Street and extending southeasterly about four hundred fifty-four (454) feet to Chester Street, substantially in the location of private way known as **RAYMOND PLACE**.

A town way, beginning at Highland Avenue and extending southeasterly about six hundred twenty-three (623) feet to North Border Road, substantially in the location of a private way known as **DANA AVENUE**.

A town way, beginning at Cross Street and extending northwesterly about two hundred fifty-five (255) feet to the Woburn-Winchester town line, substantially in the location of a private way known as **CLEVELAND ROAD**.

A town way, beginning at Blossom Hill Road and extending southwesterly about six hundred ten (610) feet to Westland Avenue, substantially in the location of a portion of a private way known as **ROBINHOOD ROAD**.

A town way, beginning at the end of the existing public portion and extending northeasterly about seven hundred five (705) feet to the northerly side line of Churchill Road, substantially in the location of a private way known as **SUNSET ROAD**.

A town way, beginning at Wildwood Street and extending southeasterly about four hundred fifty-seven (457) feet, substantially in the location of a portion of a private way known as **ROBINHOOD ROAD**.

be accepted and that forty-eight thousand fifty (\$48,050) dollars shall be raised by taxation and appropriated for the construction of said ways, including drains or sewers for surface drainage purposes in connection therewith and for the payment of damages resulting from the taking of easements for said ways and recording fees.

Moved and Seconded, to amend by striking out the reference to Sunset Road and striking out \$48,050 and inserting in place thereof \$33,200.

Moved and Seconded, That further discussion of the subject matter of Article 14 be postponed until the hour of 10:30 P. M.

Voted, That further discussion of the subject matter of Article 14 be postponed until the hour of 10:30 P. M.

ARTICLE 15

To see if the Town will raise and appropriate a sum of money for the extension of its sidewalk system on Highland Avenue and take any action in relation thereto.

Voted, That the subject matter of Article 15 be indefinitely postponed.

ARTICLE 16

To see if the Town will authorize the Board of Selectmen to provide additional parking facilities beyond the existing parking lot on the easterly

side of the Boston & Maine Railroad running from Waterfield Road to or near the extension of Mystic Avenue; to authorize the construction of a suitable roadway and curbing to provide necessary material and equipment therefor; to authorize the transfer of the care and control of any or all of the above area from the Park Commissioners to the Board of Selectmen; to authorize the Board of Selectmen to request permission of the Boston & Maine Railroad and the Metropolitan District Commission to use for traffic purposes any portion of the area and to enter into any arrangements relative thereto, and to raise and appropriate money for any of the above purposes.

Voted, That the subject matter of Article 16 be indefinitely postponed.

ARTICLE 17

To see if the Town will authorize the Board of Selectmen to construct a suitable bridge at or near the present location of the so-called snow bridge at the extension of Mystic Avenue or at some other location nearer to the center of the Town; to authorize the construction of a suitable roadway and curbing and provide the necessary materials and equipment therefor; to authorize the transfer of the care and control of any or all of the above area from the Park Commissioners to the Board of Selectmen; to authorize the Board of Selectmen to request permission of the Boston & Maine Railroad and the Metropolitan District Commission to use for traffic purposes any portion of the area and to enter into any arrangements relative thereto, and to raise and appropriate money for any of the above purposes.

Moved and Seconded, That the Board of Selectmen be and it hereby is authorized to construct and make suitable for traffic use a bridge over the Aberjona River at or near the present location of the so-called snow bridge at the extension of Mystic Avenue, or at such other location nearer to the Center of the Town as the Selectmen deem advisable so as to permit traffic use from the parking area on the easterly side of the Boston & Maine Railroad to Mystic Valley Parkway.

Authorization is hereby given to make use of said area and to enter into any necessary agreements in connection with said use and to provide the necessary material and equipment to make the area suitable for use and to enter into any contracts that are necessary or advisable in connection with same, and that the sum of twenty-one thousand (\$21,000.00) dollars be appropriated therefor.

Voted, That the subject matter of Article 17 be indefinitely postponed.

ARTICLE 18

To see if the Town will vote to discontinue the layout of a temporary town way known as Bacon Street Temporary Way, being about fifty (50) feet westerly of the Aberjona River, thence northwesterly to Ginn Road about two hundred (200) feet, north of Bacon Street, and take any action in connection therewith.

Voted, That the Town hereby discontinue the layout of a temporary way known as Bacon Street Temporary Way, being about 50 feet westerly

of the Aberjona River, thence northwesterly to Ginn Road about 200 feet north of Bacon Street and being the way accepted by the Town on or about September 15, 1955.

ARTICLE 19

To see if the Town will accept a conveyance of a certain area near the southerly end of Bellevue Avenue so as to provide for a turn-around area, provide the materials and equipment for the construction of same, and take any action in connection herewith, and raise and appropriate money therefor.

Moved and Seconded, That the Town hereby authorizes the Board of Selectmen to accept a conveyance of a certain area near the southerly end of Bellevue Avenue suitable to provide a turn-around area and after the acceptance of the conveyance thereof to authorize the Board of Selectmen to provide the materials and equipment and pave and construct the area. The sum of five hundred (\$500.00) dollars is appropriated therefor.

Voted, That the subject matter of Article 19 be indefinitely postponed.

Voted, That we now take up the subject matter under Article 14.

Voted, That the principal motion be amended by substituting the following motion: That the laying out of said town ways as made and reported by the Selectmen under the provisions of law relating to the assessment of betterments, to wit:

A town way, beginning at Florence Street and extending southwesterly about four hundred fifty-four (454) feet to Chester Street, substantially in the location of a private way known as **RAYMOND PLACE**.

A town way, beginning at Highland Avenue and extending southeasterly about six hundred twenty-three (623) feet to North Border Road, substantially in the location of a private way known as **DANA AVENUE**.

A town way, beginning at Cross Street and extending northwesterly about two hundred fifty-five (255) feet to the Woburn-Winchester town line, substantially in the location of a private way known as **CLEVELAND ROAD**.

A town way, beginning at Blossom Hill Road and extending southwesterly about six hundred ten (610) feet to Westland Avenue, substantially in the location of a portion of a private way known as **ROBINHOOD ROAD**.

A town way, beginning at Wildwood Street and extending southeasterly about four hundred fifty-seven (457) feet, substantially in the location of a portion of a private way known as **ROBINHOOD ROAD**.

be accepted and that thirty-three thousand two hundred (\$33,200) dollars shall be raised by taxation and appropriated for the construction of said ways, including drains or sewers for surface drainage purposes in connection therewith and for the payment of damages resulting from the taking of easements for said ways and recording fees.

The following persons were appointed and sworn as tellers by Harrison Chadwick, Moderator:

Dr. Eugene M. Pollard R. Ashley Lewis Sherman W. Saltmarsh, Jr.

Vote, Yes 102, No 52.

The motion to amend was declared carried.

Moved and Seconded, That the principal motion be amended by substituting the following motion: That the laying out of said town ways as made and reported by Selectmen under the provisions of law relating to the assessment of betterments, to wit:

A town way, beginning at Highland Avenue and extending southeasterly about six hundred twenty-three (623) feet to North Border Road, substantially in the location of a private way known as DANA AVENUE.

be accepted and that thirty-three thousand two hundred (\$33,200) dollars shall be raised by taxation and appropriated for the construction of said ways, including drains or sewers for surface drainage purposes in connec-

tion therewith and for the payment of damages resulting from the taking of easements for said ways and recording fees.

Voted, That we now adjourn to Monday evening, March 25, 1957 at 7:45 o'clock.

The meeting adjourned at 11:20 o'clock P. M.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

The following is a copy of the notice of Adjournment of the Annual Representative Town Meeting of March 14, 1957, as posted in one place in each of the six precincts in accordance with the provisions of Section 3, Chapter 167.

TOWN OF WINCHESTER
MIDDLESEX COUNTY, MASSACHUSETTS

(Town Seal)

In accordance with the provisions of Section 3, Chapter 167, Acts of 1928, notice is hereby given that the Representative Town Meeting of March 14, 1957 has been adjourned to meet at the Memorial Auditorium in the Senior High School building, Main St., on March 25, 1957 at 7:45 o'clock P. M. to act on Articles 20 through 73, of the Warrant together with any unfinished business.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

March 22, 1957

ADJOURNED ANNUAL REPRESENTATIVE TOWN MEETING

MARCH 25, 1957

Pursuant to the vote of adjournment on March 21, 1957, the Town Meeting Members met in the Memorial Auditorium in the Senior High School building, Main St., on March 25, 1957, notices having been sent by mail by the Town Clerk to the two hundred twenty-eight (228) Town Meeting Members and notices having been posted in each of the six Precincts.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-eight (228) Town Meeting Members qualified to vote and participate in Town Meeting in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred ninety-one (191) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:50 o'clock P. M.

The invocation was given by Rev. John M. Manion.

Voted, That when we adjourn it be to Thursday, March 28, 1957 at 7:45 o'clock P. M.

Voted, That we now revert to consideration of Article 12.

Voted, That we reconsider the action taken in indefinitely postponing consideration of this article.

Moved and Seconded, That the principal motion be amended by substituting that five thousand (\$5,000) dollars be appropriated for expenditure by the Superintendent of Streets under the direction of the Selectmen for maintaining, repairing, improving and constructing town and county ways for a share of the cost of which the town is to be reimbursed by funds allotted by the Department of Public Works or the County Commissioners, or both. Three thousand seven hundred fifty (\$3,750) dollars shall be transferred from the available funds in the Excess and Deficiency Account and one thousand two hundred fifty (\$1,250) dollars to be raised by taxation. All or any part of the work to be done may, if deemed advisable, be done by contract of the town, Department of Public Works, or the County Commissioners.

Voted, That five thousand (\$5,000) dollars be appropriated for expenditure by the Superintendent of Streets under the direction of the Selectmen for maintaining, repairing, improving and constructing town and county ways for a share of the cost of which the town is to be reimbursed by funds allotted by the Department of Public Works or the County Commissioners, or both. Three thousand seven hundred fifty (\$3,750) dollars shall be transferred from the available funds in the Excess and Deficiency Account and one thousand two hundred fifty (\$1,250) dollars to be raised by taxation. All or any part of the work to be done may, if deemed advisable, be done by contract of the town, Department of Public Works, or the County Commissioners.

ARTICLE 20

To hear and act on the report of the Town Offices Committee, determine the site for a new Town Hall, appoint a building committee for the construction of a new town hall, authorize the employment of an architect and other professional services, the procuring of plans, drawings and estimates for same, raise and appropriate money therefor, and take any action in connection therewith. (Town Offices Committee).

Voted, That the report of the Town Offices Committee as presented at this meeting be received and placed on file.

Moved and Seconded, That a committee be hereby established to be known as the New Town Hall Building Committee, hereinafter called the Committee, to consist of five citizens, qualified voters of the Town, one of whom shall be a member of the Board of Selectmen, chosen by it, one of whom shall be a member of the School Committee, chosen by it, the others to be appointed by the Moderator. If the member chosen by the Board of Selectmen shall cease to be a member of said board he shall cease to be a

member of the Committee. If a vacancy thus occurs, or if from any other cause the Selectmen member shall cease to be a member of the Committee the vacancy shall be filled by choice of the Board of Selectmen. If a member chosen by the School Committee shall cease to be a member of said School Committee he shall cease to be a member of the committee. If a vacancy thus occurs or if from any other cause the School Committee member shall cease to be a member of the Committee the vacancy shall be filled by choice of the School Committee. Other vacancies shall be filled by the Moderator.

The Committee is authorized to employ architectural, engineering and other professional services, procure engineering plans and architectural drawings and to prepare an estimate of the cost for the construction of a new Town Hall on the so-called Skillings lot on Mt. Vernon Street. The Committee is requested to prepare and file its report for consideration at a subsequent Town Meeting. The sum of thirty-six thousand five hundred (\$36,500) dollars is hereby appropriated and transferred from the available funds in the Excess and Deficiency Account for the purposes aforesaid and for the expenses of the Committee.

Moved and Seconded, That the subject matter of Article 20 be indefinitely postponed.

Requested that a standing vote be taken on the indefinite postponement of Article 20.

The following persons were appointed and sworn as tellers by Harrison Chadwick, Moderator:

Dr. Eugene M. Pollard R. Ashley Lewis Sherman W. Saltmarsh, Jr.

Vote, Yes 160, No 21.

Voted, That the Town Offices Committee be and hereby is discharged, with the thanks of the Town.

ARTICLE 21

To see if the Town will raise and appropriate money for the purpose of constructing, improving and embellishing a parking lot on the so-called Skillings lot and provide for proper paving, curbing and lighting of same and take any action in connection therewith.

Voted, That the sum of \$8,500 be appropriated and transferred from the Parking Meter Revenue Account to be expended by the Board of Selectmen for the purpose of constructing, improving and embellishing a parking lot on the so-called Skillings lot, provide additional parking facilities thereon and provide for proper paving, curbing and lighting of same.

ARTICLE 22

To see if the Town will raise and appropriate money for the purpose of making necessary repairs on the Town Hall tower, together with any repairs, renovations, or alterations of the Town, or take any action in relation thereto.

Voted, That consideration of this article be indefinitely postponed.

ARTICLE 23

To see if the Town will establish a building committee, or authorize the School Committee, or any other committee to study ways and means of providing adequate space and facilities for School Department Administrative Offices, authorize the employment of an architect and other professional services, the procuring of plans, drawings and estimates for same, raise and appropriate money therefor, and take any action in relation thereto.

Voted, That in view of the proposed action to be taken under Article 26 consideration of this article is indefinitely postponed.

ARTICLE 24

To see if the Town will authorize the Board of Selectmen to provide for the demolition of the building at 469 Main Street, provide for the safeguarding of the premises, raise and appropriate money therefor, and take any action in connection therewith.

Voted, That the Board of Selectmen be authorized to provide for the demolition of the building at 469 Main Street now owned by the Town, and provide for the safeguarding and grading of the premises. The sum of one thousand (\$1,000) dollars is appropriated therefor.

ARTICLE 25

To see if the Town will authorize the acquisition by purchase, eminent domain, or otherwise for enlargement of the new Senior High School lot of all of that parcel of land with the buildings thereon in Winchester bounded and described approximately as follows:

Easterly by Main Street, forty-eight (48) feet;

Northerly by Warwick Terrace, ninety-three and 33/100 (93.33) feet;

Westerly by land of Town of Winchester, thirty-eight and 1/100 (38.01) feet; and

Southerly by land now or formerly of Esther E. Smith, ninety-three and 26/100 (93.26) feet.

Containing 3942 square feet and being part of Lot 2, and known as No. 426 Main Street;

and will raise and appropriate money for such acquisition and determine in what manner the money shall be raised and expended and take any other action in relation thereto. (School Committee).

Voted, That the Selectmen be and hereby are authorized and empowered on behalf of the Town to acquire by purchase, eminent domain or otherwise for enlargement of the Senior High School lot all of that parcel of land, with the buildings thereon, in Winchester bounded and described approximately as follows:

Easterly by Main Street, forty-eight (48) feet;

Northerly by Warwick Terrace, ninety-three and 33/100 (93.33) feet;

Westerly by land of Town of Winchester, thirty-eight and 01/100 (38.01) feet; and

Southerly by land now or formerly of Esther E. Smith, ninety-three and 26/100 (93.26) feet

together with the fee to the middle line of the private way adjoining and containing 3,942 square feet, and being part of Lot 2 and known as 426 Main Street, be all of said measurements more or less, and being property now or formerly of Mary E. and Anne J. Martin, and that the sum of thirteen thousand five hundred (\$13,500) dollars be appropriated to meet the cost of such acquisition and expenses in connection therewith.

Vote, Unanimous vote.

ARTICLE 26

To see if the Town will establish a building committee to consider the situation of the Junior and Senior High Schools, and School Administrative offices, study and consider further plans for expansion either on the present site or any other location, authorize the employment of an architect and other professional services, procure plans and estimates for any additions to or alterations of either or both of said buildings; or the construction of any other building, raise and appropriate money therefor. (School Committee).

Voted, That a committee is hereby established to be known as "Building Committee for Enlarged Facilities for Senior and Junior High Schools and School Administration Offices" hereinafter called the Committee, to consist of five citizens, qualified voters of the Town, one of whom shall be a member of the School Committee, chosen by it, and the others to be appointed by the Moderator. If the member chosen by the School Committee shall cease to be a member of the School Committee he shall cease to be a member of the Committee. If a vacancy thus occurs or if for any other reason a school committee member shall cease to be a member of the Committee, the vacancy shall be filled by choice of the School Committee. Other vacancies shall be filled by the Moderator.

The committee is authorized and empowered to make a study of the present situation of the Senior and Junior High Schools and the School Administration Offices, study and consider further plans for expansion either on the present sites or on any other locations, employ architectural and other professional services, procure plans and estimates for any additions to or alterations of either or both the present Senior and Junior High Schools or for the construction of any other building or buildings. The Committee is requested to prepare and file a report for consideration at a subsequent Town Meeting setting forth its findings and recommendations and its estimate as to the cost.

The sum of twenty-five hundred (\$2500) dollars is hereby appropriated for the purposes aforesaid and for the expenses of the committee.

ARTICLE 27

To see if the Town will establish a building committee for the construction of a new elementary school on the west side of the Town on the Johnson Road-Ridge Street location, or any other location, authorize the

employment of an architect and other professional services, the securing of necessary plans, drawings and estimates for same, raise and appropriate money therefor, and take any action in connection therewith. (School Committee).

Voted, That a committee is hereby established to be known as "Building Committee for Johnson Road-Ridge Street School" hereinafter called the Committee, to consist of five citizens, qualified voters of the Town, one of whom shall be a member of the School Committee, chosen by it and the others to be appointed by the Moderator. If a member chosen by the School Committee shall cease to be a member of the School Committee he shall cease to be a member of the Committee. If a vacancy thus occurs or if for any other reason a School Committee member shall cease to be a member of the Committee the vacancy shall be filled by choice of the School Committee. Other vacancies shall be filled by the Moderator.

The committee is authorized and empowered to employ architectural, engineering and other professional services and to procure architectural drawings and drawings and engineering plans for the construction of an elementary school house and playground upon the land acquired by the Town in 1954 on Johnson Road and Ridge Street. The Committee is requested to prepare and file its report in season for consideration at a subsequent Town Meeting and to include its estimate as to the cost.

ARTICLE 28

To see if the Town will authorize the School Committee to establish and maintain state aided vocational education in accordance with the provisions of Chapter 74 of the General Laws and acts amendatory thereto or dependent thereon and take any action in relation thereto. (School Committee).

Moved and Seconded, That the Town hereby authorizes the School Committee to establish and maintain state aided vocational education in accordance with the provisions of General Laws Chapter 74 and acts amendatory thereto or dependent thereon.

Motion was declared lost.

Voted, That we now adjourn to Thursday evening, March 28, 1957 at 7:45 o'clock P. M.

The meeting adjourned at 11:20 o'clock P. M.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

The check list filed with the Town Clerk at the close of the meeting showed that one hundred ninety-one (191) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:55 o'clock P. M.

The invocation was given by Rev. Norman L. Smith.

Moved, That when we adjourn it be to Monday, April 1, 1957 at 7:45 o'clock P. M., at the Memorial Auditorium in the Senior High School building, Main St.

Moved and Seconded, That when we adjourn it be to this auditorium on Saturday morning, March 30, 1957, at 10:00 o'clock A. M.

Motion was declared lost.

Moved and Seconded, That when we adjourn it be to Monday, April 1, 1957 at 7:45 o'clock P. M.

Voted, That when we adjourn it be to Monday, April 1, 1957 at 7:45 o'clock P. M., at the Memorial Auditorium in the Senior High School building, Main St.

Voted, Articles 29 and 30 be considered together.

ARTICLE 29

To see if the Town will accept the provisions of Section 13A of General Laws, Chapter 147 entitled "Reserve Police Force in Certain Towns," and take any action in relation thereto.

Voted, That General Laws Chapter 147, Section 13A entitled "Reserve Police Force in Certain Towns" be and it hereby is accepted.

ARTICLE 30

To see if the Town will accept the provisions of Section 13C of General Laws, Chapter 147 entitled "Appointments in Towns Subject to Civil Service," and take any action in relation thereto.

Voted, That General Laws Chapter 147, Section 13C entitled "Appointments in Towns Subject to Civil Service" be and it hereby is accepted.

ARTICLE 31

To see if the Town will amend Article I, Section 2 of the General By-Laws of the Town by adding in the second line after the word "delivery" the words "or mailing" and striking out in the second line the word "at" and inserting in place thereof the word "to" so that said section as amended will read "Section 2. Notice of every town meeting shall be given by the delivery or mailing of a copy of the warrant therefor to every dwelling house in the Town seven days at least before the time of holding the meeting stated in the warrant."

Voted, That Article I, Section 2 of the General By-Laws of the Town be amended by adding in the second line after the word "delivery" the words "or mailing" and striking out in the second line the word "at" and inserting in place thereof the word "to" so that said section as amended will read, "Section 2. Notice of every town meeting shall be given by the delivery or mailing of a copy of the warrant therefor to every dwelling house in the town seven days at least before the time of holding the meeting stated in the warrant."

ARTICLE 32

To see if the Town will take any action in connection with providing insurance protection for policemen, firemen, special police, auxiliary police, civil defense volunteers, and any other employees, raise and appropriate money therefor, and take any action in relation thereto.

Voted, That consideration of Article 32 be indefinitely postponed.

ARTICLE 33

To see if the Town will accept Chapter 401 of the Acts of the General Court in the year 1956 entitled "An Act Extending to Certain Civil Defense Volunteers the Provisions of Law Applicable to Municipal Employees for Indemnification of Damages Sustained through the Operation of Publicly Owned Vehicles." (Department of Civil Defense).

Moved and Seconded, That Chapter 401 of the Acts of the General Court in the year 1956 entitled "An Act Extending to Certain Civil Defense Volunteers the Provisions of Law Applicable to Municipal Employees for Indemnification of Damages Sustained through the Operation of Publicly Owned Vehicles" be and it hereby is accepted.

Motion was declared lost.

ARTICLE 34

To hear and act on the report of the Library Addition Building Committee; to see if the Town will authorize said committee to proceed with its work, authorize the employment of an architect and other professional services, complete plans and working drawings, prepare specifications and obtain bids for the work; to see if the Town will authorize the committee to proceed with the construction of any additions to the public library and any remodelling in connection therewith, raise and appropriate money for such purposes, determine in what manner the money shall be raised and expended, and authorize the borrowing of money and the issuance of obligations of the Town therefor under any provision of law and to take any action in relation thereto. (Library Addition Building Committee).

Voted, That the report of the Library Addition Building Committee as presented be received and placed on file.

Moved and Seconded, That the Library Addition Building Committee be and it hereby is authorized to proceed with its work, employ an architect and other professional services, complete its plans and working drawings, prepare specifications and obtain bids for the work to be done. The committee is thereafter instructed to then submit its report in season for consideration at a subsequent town meeting with its estimate as to the actual amount of money to be required for the completion of the work. The sum of nineteen thousand (\$19,000) dollars is hereby appropriated and transferred from the available funds in the Excess and Deficiency Account for the purposes aforesaid and for the expenses of the committee.

Moved and Seconded, To amend by striking out the figures \$19,000 and inserting in place thereof the figures \$15,000 and to add at the end of said motion the words "it is understood that the plans, drawings and specifications shall not include plans for the auditorium wing."

Moved and Seconded, That this matter be indefinitely postponed.

Moved and Seconded, That the previous question be now put.

The following persons were appointed and sworn as tellers by Harrison Chadwick, Moderator.

R. Ashley Lewis Sherman W. Saltmarsh, Jr. Richard W. Sheehy, Jr.

Vote, Yes 120, No 57.

Voted, To amend by striking out the figures \$19,000 and inserting in place thereof the figures \$15,000 and to add at the end of said motion the words "it is understood that the plans, drawings and specifications shall not include plans for the auditorium wing."

Vote, Yes 96, No 74.

Voted, To substitute for the motion now before us that the Library Addition Building Committee be continued in existence for the balance of the

calendar year, 1957, with the request that it review its recommendations concerning additional library facilities and thereafter report back at a special town meeting to be called for the purpose later this year.

Vote, Yes 105, No 70.

Moved and Seconded, That the sum of four thousand (\$4,000) dollars be appropriated for the expenses of the Library Addition Building Committee.

Voted, That the motion be amended by striking out four thousand (\$4,000) dollars and inserting in place thereof two thousand (\$2,000) dollars.

Voted, That the sum of two thousand (\$2,000) dollars be appropriated for the expenses of the Library Addition Building Committee.

Voted, That we now adjourn to Monday evening, April 1, 1957 at 7:45 o'clock, P. M.

The meeting adjourned at 11:40 o'clock, P. M.

AJOURNED ANNUAL REPRESENTATIVE TOWN MEETING

APRIL 1, 1957

Pursuant to the vote of adjournment on March 28, 1957, the Town Meeting Members met in the Memorial Auditorium in the Senior High School building, Main St., on April 1, 1957, notices having been sent by mail by the Town Clerk to the two hundred twenty-nine (229) Town Meet-

ing Members and notices having been posted in each of the six Precincts.

The list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-nine (229) Town Meeting Members qualified to vote and participate in Town Meeting in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred seventy-five (175) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator at 7:55 o'clock P. M.

The invocation was given by Monsignor Thomas C. Garrahan.

Voted, That when we adjourn it be to Thursday evening, April 4, 1957 at 7:45 o'clock P. M. in the Junior High School Building on Washington Street.

ARTICLE 35

To see if the Town will authorize the acquisition by purchase, eminent domain, or otherwise for a headquarters for the Park Department, a Town yard for the Park Department, an enlargement of the Town yard, or for any other public or municipal purpose the whole or any part of that parcel of land in the Town containing two acres, more or less, and lying between Horn Pond Brook Road and Main Street and bounded and described approximately as follows:

Westerly by Horn Pond Brook and land of Town of Winchester, one thousand two hundred five and $81/100$ (1205.81) feet;

Northerly by other land of Town of Winchester, thirty-eight and $56/100$ (38.56) feet;

Northeasterly, Easterly and Southeasterly by land now or formerly of Julia T. Meskell, James F. and Ruth E. McClellan, Andrew J. Callahan, Ellen M. Murphy, Margaret M. Donohue, John W. and Catherine A. O'Brien, Michael P. and Ellen F. Meskell, Louise S. Water, et al, Coleman F. Connolly, et al, Rose M. Bruno, Mary J. and Sarah J. Foley and Lane Funeral Service, Inc. nine hundred five and $61/100$ (905.61) feet;

Southerly by land of Glen H. Browning, et al, Trustees, thirty-seven and $64/100$ (37.64) feet;

together with any rights of way in connection with same; be all of said measurements more or less;

and raise and appropriate money therefor. (Park Department).

Voted, That the Board of Selectmen be and it hereby is authorized on behalf of the town to take by eminent domain, or to acquire by purchase, or otherwise, for the purpose of a town yard for the Park Department, a headquarters for the Park Department, an enlargement of the town yard, or for any other public or municipal purposes, the whole or any part of that parcel of land in the town containing two acres, more or less, and lying between Horn Pond Brook Road and Main Street, and bounded and described approximately as follows:

Westerly by Horn Pond Brook Road and land of the Town of Winchester, one thousand two hundred five and $81/100$ (1205.81) feet; Northerly by other land of Town of Winchester, thirty-eight and $56/100$ (38.56) feet;

Northeasterly, Easterly and Southeasterly by land now or formerly of Julia T. Meskell, James F. and Ruth E. McClellan, Andrew J. Callahan, Ellen M. Murphy, Margaret M. Donohue, John W. and Catherine A. O'Brien, Michael P. and Ellen F. Meskell, Louise S. Waters, et al, Coleman F. Connolly, et al, Rose M. Bruno, Mary J. and Sarah J. Foley and Lane Funeral Service, Inc., nine hundred five and $61/100$ (905.61) feet;

Southerly by land of Glen H. Browning, et al, Trustees, thirty-seven and $64/100$ (37.64) feet;

together with any and all rights of way in connection with same extending from the premises to Main Street; be all of said measurements more or less, and being property now or formerly of Ersilia N. Sylvester;

and that the sum of four hundred fifty (\$450) dollars be appropriated and transferred from the available funds in the Excess and Deficiency Account to meet the cost of such acquisition and expenses in connection therewith.

The following tellers were appointed and sworn by Harrison Chadwick, Moderator.

R. Ashley Lewis Sherman W. Saltmarsh, Jr. Richard W. Sheehy, Jr.
Vote, Yes 150, No 5.

ARTICLE 36

To see if the Town will authorize the Board of Park Commissioners to construct a Park Department headquarters building and Park Town yard, authorize the employment of any professional assistance, the procurement of plans and specifications, raise and appropriate money therefor and take any action in relation thereto. (Park Department).

Voted, That the Park Commissioners be and they hereby are authorized to build and construct a Park Department headquarters building and Park Town Yard on land to be acquired lying between Horn Pond Brook Road and Main Street. They are authorized to employ any professional assistance needed, procure plans, procure necessary material and equipment, proceed with the construction and enter into any necessary contracts relative to same, and that the sum of forty thousand (\$40,000) be appropriated therefor.

ARTICLE 37

To see if the Town will authorize the Board of Park Commissioners to dredge and improve the Aberjona River from North Washington Street to near the Post Office on Waterfield Road, the so-called Mill Dam Pond back of the Town Hall, and a portion of Wedge Pond; authorize any work to be done in connection therewith, authorize the construction and the carrying on of said work by the Commonwealth of Massachusetts through its De-

partment of Public Works, authorize the execution of any necessary agreements with the Department of Public Works, raise and appropriate money therefor and take any action in connection therewith. (Park Department).

Voted, That a committee be hereby established to be known as the New Waterways Committee, hereinafter called the committee, to consist of five citizens, qualified voters of the town, one of whom shall be a member of the Board of Park Commissioners, chosen by it and the others to be appointed by the Moderator. The Moderator is requested if possible to appoint as one member of the committee one of the former members of the old Waterways Committee. If the member chosen by the Board of Park Commissioners shall cease to be a member of said board he shall cease to be a member of the committee. If a vacancy thus occurs, or if for any other cause the Park Commissioner member shall cease to be a member of the committee, the vacancy shall be filled by choice of the Board of Park Commissioners. Other vacancies shall be filled by the Moderator.

The committee is directed to study the condition of the Aberjona River, the so-called Mill Dam Pond back of the Town Hall, and Wedge Pond, and to consider the need of dredging and improving any or all of these waterways. The committee is requested to consult with the Commonwealth of Massachusetts through its Department of Public Works to ascertain what assistance may be available for the improvement of these waterways. The committee is authorized to employ professional services to assist the committee. The sum of five thousand (\$5,000) dollars is appropriated and transferred from the available funds in the Excess and Deficiency Account for the purposes aforesaid and for the expenses of the committee.

ARTICLE 38

To see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewater, foreshores and shores along a public beach outside of Boston Harbor, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth. (Park Department).

Voted, That consideration of this article be indefinitely postponed.

ARTICLE 39

To see if the Town will authorize the acquisition by gift, purchase, eminent domain, or otherwise for the purpose of a public playground or recreation centre or for any other public or municipal purpose a triangular lot of land off Cross Street, adjoining the Aberjona River and Leonard Field and bounded

Easterly by land of Charles E. Mason, Jr., ninety-six and 75/100 (96.75) feet;

Southerly by land of Town of Winchester, forty (40) feet;

Westerly by land of Town of Winchester, ninety-seven and 2/100 (97.02) feet;

containing 1896 square feet, more or less;

and will raise and appropriate money therefor. (Park Department).

Voted, That the Board of Park Commissioners be and hereby are authorized and empowered on behalf of the town to acquire by purchase, eminent domain or otherwise for the purpose of a public playground or recreation centre, or for any other public or municipal purpose, a triangular lot of land off Cross Street adjoining the Aberjona River and Leonard Field and bounded

Easterly by land of Charles E. Mason, Jr., ninety-six and 75/100 (96.75) feet;

Southerly by land of Town of Winchester, forty (40) feet;

Westerly by land of Town of Winchester, ninety-seven and 2/100 (97.02) feet;

containing 1896 square feet, and being land of Charles E. Mason, Jr., and that the sum of thirty-five (\$35) dollars be appropriated to meet the cost of such acquisition and expenses in connection therewith.

Vote, Unanimous vote.

ARTICLE 40

To hear and act on the report of the Incinerator and Waste Committee, provide for the continuance of the committee and any enlargement of its powers and duties, take any action on its recommendations, raise and appropriate money for the carrying out of its purposes, and take any action in relation thereto. (Incinerator and Waste Committee).

Voted, That the report of the Incinerator and Waste Committee as printed in the Town Report on pages 125, 126 and 127, and as presented at this meeting be accepted as the basis of future planning for waste disposal; that the committee be continued for the purpose of carrying on its work; and that the committee be enlarged by the addition of one more member to be appointed by the Moderator.

Appointed by the Moderator: Gordon S. Bird.

ARTICLE 41

To see if the Town will authorize the Water and Sewer Board to enter into any agreement with the Metropolitan District Commission whereby additional water can be obtained from Spot Pond for the Winchester Reservoirs; authorize the Water and Sewer Board to make application for membership in the Metropolitan Water District for the purpose of obtaining an additional water supply; authorize the Water and Sewer Board to make application for easements through the Metropolitan District Commission Park property; authorize the Water and Sewer Board to make any arrangements in connection with these matters, raise and appropriate money for said purposes, determine in what manner the money shall be raised and expended and authorize the borrowing of money and the issuance of obliga-

tions of the Town therefor under any provisions of law and to take any other action in relation thereto. (Water and Sewer Board).

Voted, That the Water and Sewer Board be and hereby is authorized; to enter into any agreement with the Metropolitan District Commission whereby additional water can be obtained from Spot Pond for the Winchester Reservoirs; to make application for membership in the Metropolitan Water District; to make application for easements through the Metropolitan District Commission Park property from Spot Pond to the Winchester Reservoirs; and to take any further action necessary to effectuate the obtaining of an additional water supply.

ARTICLE 42

To see if the Town will authorize the Water and Sewer Board to construct the necessary connections from Spot Pond to the Winchester water supply; construct a pumping station on Metropolitan District Commission land; authorize the construction of a new South Treatment Station; authorize the laying and relaying of water mains and aqueducts in connection with the improvement and enlargement of its water supply; authorize the laying of water pipe in Middlesex Street, Sylvester Avenue, Upland Road and Wildwood Street and streets in the vicinity thereof; provide materials and equipment therefor; authorize the transfer of all or any portion of the unexpended balance of the 1956 water bond issue for any of the above purposes; raise and appropriate money for said purposes, determine in what manner the money shall be raised and expended and authorize the borrowing of money and the issuance of obligations of the Town therefor under any provisions of law and to take any other action in relation thereto. (Water and Sewer Board).

Voted, That the sum of one hundred forty-one thousand (\$141,000) dollars be and hereby is appropriated for the purpose of constructing the necessary connections and laying the necessary water mains of not less than six inches in diameter from Spot Pond to the Winchester Reservoirs; to construct a pumping station on Metropolitan District Commission land; to construct a new South Treatment Station; to lay and re-lay water mains of not less than six inches, but less than 16 inches in diameter, in the streets of the town and including the laying and re-laying of said water mains in all or any part of the following named streets: Middlesex Street, Sylvester Avenue, Upland Road, Hemingway Street and Wildwood Street and streets in the vicinity thereof; and to provide materials and equipment therefor.

To meet the cost of the construction of the necessary connections and laying the necessary water mains of not less than six inches in diameter from Spot Pond to the Winchester Reservoirs, the construction of a pumping station on Metropolitan District Commission land, the construction of a new South Treatment Station and the purchase of pipe for the street mains and the water mains of not less than six inches in diameter, the Town Treasurer be and is hereby authorized and instructed, with the approval of the Selectmen, to borrow the sum of one hundred ten thousand (\$110,000) dollars, or such part thereof as shall be necessary for said pur-

poses and to issue bonds or notes of the town therefor under the authority of Section 8 of Chapter 44 of the General Laws as amended to be payable in accordance with Section 19 of said chapter so that the whole loan shall be paid in not more than 15 years from the date of issue of such bonds or notes.

To meet the cost of the laying and relaying of water mains as above described in the streets and areas as above designated five thousand (\$5,000) dollars is hereby transferred from the unexpended balance of the 1956 water bond issue obtained as a result of action taken under Article 29 of the 1956 Town Meeting.

To meet the cost of the equipment for the pumping station on the Metropolitan District Commission land and for any further materials and equipment needed for any or all of the aforesaid purposes five thousand eight hundred seventy-nine and 99/100 (\$5,879.99) dollars is hereby transferred from the Water Surplus Revenue Account and twenty thousand one hundred twenty and 01/100 (\$20,120.01) dollars is hereby transferred from the available funds in the Excess and Deficiency Account.

The said appropriation is to be expended for the purposes aforesaid by the Water and Sewer Board.

Vote, Unanimous vote.

Voted, That Articles 50 and 67 be taken up at this time in that order.

Vote, Yes 128, No 4.

ARTICLE 50

To hear and act on the report of the Skating Rink Committee, take any action on its recommendations, provide for the continuance of the committee, or for the appointment of a building committee, authorize the construction of a recreation building and skating rink, determine the location therefor, authorize the procurement of plans and the employment of professional services in connection therewith, raise and appropriate money therefor, determine in what manner the money shall be raised and expended and authorize the borrowing of money and the issuance of obligations of the Town therefor under any provisions of law, and to take any other action in relation thereto. (Skating Rink Committee).

Voted, That consideration of this article be indefinitely postponed.

Moved and Seconded, That the report of the Planning Board upon the proposed changes in the zoning by-laws and in connection with the laying out of Exterior Lines under Article 57, 58, 59, 60, 61, 62, 63, 64, 65, 66 and 67 be received and placed on file.

Voted, That the report of the Planning Board upon the proposed changes in the zoning by-laws and in connection with the laying out of Exterior Lines under Article 57, 58, 59, 60, 61, 62, 63, 64, 65, 66 and 67 be received and placed on file.

ARTICLE 67

To see if the Town will amend the zoning by-laws of the Town by striking out in Section 8A AREA REGULATIONS in the fourth line of the first sentence the figures "15,000" and "100" and inserting in place thereof

the figures "25,000" and "150" so that the first four lines of said section as amended would read: In any Single Residence District designated and marked "A" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 25,000 square feet and not less than 150 feet wide; or to so amend said Section 8A by increasing the present minimum lot size of 15,000 square feet to such area as the Town may determine, and to increase the 100 feet minimum frontage to such minimum frontage as the Town may determine; and to take any action relative thereto. (William J. Speers, Jr., and others).

Moved and Seconded, to amend the zoning by-laws of the town by striking out in Section 8A AREA REGULATIONS in the fourth line of the first sentence the figures "15,000" and "100" and inserting in place thereof the figures "20,000" and "120" so that the first four lines of said section as amended would read: "In any Single Residence District designated and marked "A" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 20,000 square feet and not less than 120 feet wide"; provided, however, that as to any lot shown upon definitive subdivision plan which prior to February 4, 1957 shall have received the approval of the Planning Board of the town, or upon a preliminary plan which prior to said date shall have received the approval of said Board and also upon a definitive plan not substantially different from such preliminary plan which shall subsequent to said date have received the approval of said Board, this amendment shall not be applicable, and any such lot shall be deemed in compliance with said Section 8A if it contains not less than 15,000 square feet and is not less than 100 feet wide.

Moved and Seconded, to amend by striking out 20,000 thousand (20,000) feet and inserting twenty-five (25,000) feet and by striking out one hundred twenty (120) feet and inserting one hundred fifty (150) feet.

Motion was declared lost.

Voted, To amend the zoning by-laws of the town by striking out in Section 8A AREA REGULATIONS in the fourth line of the first sentence the figures "15,000" and "100" and inserting in place thereof the figures "20,000" and "120" so that the first four lines of said section as amended would read: "In any Single Residence District designated and marked "A" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 20,000 square feet and not less than 120 feet wide"; provided, however, that as to any lot shown upon a definitive subdivision plan which prior to February 4, 1957 shall have received the approval of the Planning Board of the town, or upon a preliminary plan which prior to said date shall have received the approval of said Board and also upon a definitive plan not substantially different from such preliminary plan which shall subsequent to said date have received the approval of said Board, this amendment shall not be applicable, and any such lot shall be deemed in compliance with said Section 8A if it contains not less than 15,000 square feet and is not less than 100 feet wide.

Vote, Unanimous vote.

Voted, That we now adjourn to Thursday, April 4, 1957 at 7:45 o'clock P. M.

The meeting adjourned at 11:12 o'clock P. M.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

The following is a copy of the notice of Adjournment of the Annual Representative Town Meeting of March 14, 1957, as posted in one place in each of the six precincts in accordance with the provisions of Section 3, Chapter 167, Acts of 1928:

TOWN OF WINCHESTER
MIDDLESEX COUNTY, MASSACHUSETTS

(Town Seal)

In accordance with the provisions of Section 3, Chapter 167, Acts of 1928, notice is hereby given that the Representative Town Meeting of March 14, 1957 has been adjourned to meet at the Auditorium in the Junior High School Building, Washington St., on April 4, 1957 at 7:45 o'clock P. M. to act on Articles 43 through 49, 51 through 66, 68 through 73 of the Warrant, together with any unfinished business.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

April 2, 1957

ADJOURNED ANNUAL REPRESENTATIVE TOWN MEETING

APRIL 4, 1957

Pursuant to the vote of adjournment on April 1, 1957, the Town Meeting Members met in the Auditorium in the Junior High School Building, Washington St., on April 4, 1957, notices having been sent by mail by the Town Clerk to the two hundred twenty-nine (229) Town Meeting Members and notices having been posted in each of the six Precincts.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-nine (229) Town Meeting Members qualified to vote and participate in Town Meeting in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred sixty (160) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:48 o'clock P. M.

The invocation was given by Rev. John W. Ellison.

Moved and Seconded, That permission be granted a stenographer to record the proceedings of this meeting, and that a complete report be filed with the Town Clerk for public use at no cost to the Town.

Voted, That permission be granted a stenographer to record the proceedings of this meeting, and that a complete report be filed with the Town Clerk for public use at no cost to the Town.

Nicholas Fitzgerald then introduced Mrs. Doris O. Wong, of 174 Harvard St., Cambridge, Mass., to the Town Meeting members.

ARTICLE 43

To see if the Town will authorize the transfer of all or any portion of the unexpended balance of the 1956 water bond issue for the purpose of laying water pipe in Middlesex Street, Sylvester Avenue, Upland Road and Wildwood Street and streets in the vicinity thereof, authorize the work therein, provide materials and equipment therefor, transfer any other sums therefor, raise and appropriate an additional sum of money therefor and take any action in relation thereto. (Water and Sewer Board).

Voted, That consideration of this article be indefinitely postponed.

ARTICLE 44

To see if the Town will amend the General By-Laws of the Town by amending Article VI, Section 9, striking out in the fifth line near the end of the second sentence the words "without cost to" and inserting in place thereof the words "at the expense of" so that said section as amended will read: Article VI, Section 9. Service pipes shall be of such size and material as said Board shall determine on each application. The water department shall furnish, install, and maintain the same from street main to property line with stop and waste cock at line with a proper service box at the expense of the property owner. The service water pipe from the service box may be furnished and installed by any competent person whose work shall be satisfactory to said Board or its inspector. The water department may lay service pipe from property line to and through the cellar wall and place a stop and waste cock on the end of the pipe. An estimate of the cost from street main to inside of foundation, stop and waste cock included, may be made and the amount shall be deposited with the Town Treasurer before the work is begun. (Water and Sewer Board).

Voted. To amend the General By-Laws of the Town by amending Article VI, Section 9 by striking out in the fifth line near the end of the second sentence the words "without cost to" and inserting in place thereof the words "at the expense of" and by striking out in the last sentence the word "line" and inserting in place thereof the word "main" so that said section as amended will read: Article VI, Sect. 9. Service pipes shall be of such size and material as said Board shall determine on each application. The water department shall furnish, install, and maintain the same from street main to property line with stop and waste cock at line with a proper service box at the expense of the property owner. The service water pipe

from the service box may be furnished and installed by any competent person whose work shall be satisfactory to said Board or its inspector. The water department may lay service pipe from property line to and through the cellar wall and place a stop and waste cock on the end of the pipe. An estimate of the cost from street main to inside of foundation, stop and waste cock included, may be made and the amount shall be deposited with the Town Treasurer before the work is begun.

ARTICLE 45

To see if the Town will authorize the Board of Health to employ a Public Health Sanitarian and provide for his powers and duties. (Board of Health).

Moved and Seconded: That the Board of Health is hereby authorized to employ a Public Health Sanitarian and may provide in its rules and regulations for the powers and duties of said Public Health Sanitarian, including the right to have him act as agent of the Board.

Motion was declared lost.

ARTICLE 46

To see if the Town will amend the Building Laws of the Town, Division 28 — Plumbing, Section 187 by striking out in the seventh line in the first sentence and near the middle of the paragraph the words "Plumbing Inspector" and inserting in place thereof the words "Board of Health" so that said first paragraph of said section as amended will read: Section 187. Every building, used for human habitation or in which persons are employed, shall be separately connected with the public sewer if there is a sewer which, in the opinion of the Board of Health, is reasonably accessible; if there is none with a cesspool or septic tank located at such place and constructed of such material and of such capacity as the Board of Health shall direct, provided, however, that the drain pipe from the plumbing in a private garage may be connected with the drain pipe of a residence. No plumbing shall be connected with the town sanitary sewer without the consent of the Plumbing Inspector. (Board of Health).

Voted, To amend the building laws of the town, Division 28 — Plumbing, Section 187 by striking out in the seventh line in the first sentence and near the middle of the paragraph the words "Plumbing Inspector" and inserting in place thereof the words "Board of Health" so that said first paragraph of said section as amended will read: Sect. 187. Every building, used for human habitation or in which persons are employed, shall be separately connected with the public sewer if there is a sewer which, in the opinion of the Board of Health, is reasonably accessible; if there is none, with a cesspool or septic tank located at such place and constructed of such material and of such capacity as the Board of Health shall direct, provided, however, that the drain pipe from the plumbing in a private garage may be connected with the drain pipe of a residence. No plumbing shall be connected with the town sanitary sewer without the consent of the Plumbing Inspector.

ARTICLE 47

To hear and act on the report of the Fiscal Survey Committee, provide for the continuance of the committee and its powers, raise and appropriate money for the purpose of continuing the work of the committee and to provide for employing temporary assistance for the accounting department and take any action in relation thereto. (Fiscal Survey Committee).

Voted, That the report of the Fiscal Survey Committee be received and placed on file.

Voted, That Articles 47 and 48 be taken together.

Voted, That the report of the Fiscal Survey Committee be received and placed on file, that the committee be continued with its same powers and duties, and that the sum of twenty-six hundred (\$2,600) dollars be appropriated and transferred from the available funds in the Excess and Deficiency Account to be expended under the direction of the Fiscal Survey Committee for the purpose of employing temporary assistance in the office of the town accountant and for the expenses and the work of the committee.

ARTICLE 48

To see if the Town will authorize the Fiscal Survey Committee to purchase or to approve the purchase of machinery, accounting machinery or equipment, or conversion of same for the purpose of mechanizing the Town's accounting system and to purchase forms and supplies, raise and appropriate money therefor, and take any action in connection therewith. (Fiscal Survey Committee).

Voted, That the Fiscal Survey Committee be authorized to purchase or to approve the purchase of machinery, accounting machinery, or equipment or the conversion of same for the purpose of mechanizing the town's accounting system and to purchase forms and supplies, and that the sum of fifteen thousand (\$15,000) dollars be appropriated therefor and transferred from the available funds in the Excess and Deficiency Account to be expended under the direction of the Fiscal Survey Committee.

ARTICLE 49

To see if the Town will raise and appropriate a sum of money for the purpose of trimming, clearing and improving the Town Forest, and take any action in relation thereto. (Town Forest Committee).

Voted, That the sum of fifteen hundred (\$1,500) dollars be appropriated and transferred from the available funds in the Excess and Deficiency Account to be expended under the direction of the Tree Warden with the approval of the Town Forest Committee for the purpose of trimming or clearing and improving the Town Forest.

ARTICLE 51

To hear and act on the report of the Youth Activities Committee; to see if the Town will continue said committee and change the membership as recommended in the report. (Youth Activities Committee).

Voted, That the report of the Youth Activities Committee as presented on pages 128 and 129 of this year's town report be received and placed on file.

Voted, That the committee be continued for a continuing study of the recreational needs of the community and that the membership of the committee be enlarged by adding a representative from each of the following boards, departments or committees, namely: Park Department, Library Committee, School Committee and Board of Selectmen, the representative to be chosen by each of the departments, committees or boards respectively.

ARTICLE 52

To hear and act on the report of the Horn Pond Brook Safety Committee and take any action in relation thereto. (Horn Pond Brook Safety Committee).

Voted, That in accordance with its request the Horn Pond Brook Committee be discharged with the thanks of the town for its services.

ARTICLE 53

To see if the Town will provide for the appointment of a decorating committee, or authorize any Board, Department or Committee of the Town to provide for the decorating of the town for the Christmas Season, raise and appropriate money therefor, and take any action in relation thereto.

Moved and Seconded, That a committee be established consisting of five citizens of the town to be appointed by the Moderator to provide for the proper observance and celebration of the Christmas Season by the decoration and illumination of public buildings and public streets, and for the purchase, installation and decoration of Christmas trees upon municipal lands, and that the sum of one thousand (\$1,000) dollars be appropriated therefor.

Motion was declared lost.

ARTICLE 54

To hear and act on the reports of committees heretofore appointed by the Town, to appoint other committees and to raise and appropriate money for the necessary expenses of committees.

Voted, That the report of the Lewis Parkhurst School Addition Building Committee as presented at this meeting be received and placed on file and the committee continued to complete its work.

Voted, That in accordance with its request the committee appointed to study problems arising out of gravel, sand and loam pits be discharged with the thanks of the town for its services.

Voted, That the Finance Committee, the Public Works Council, and the

Board of Selectmen be a committee to study the advisability of centralized maintenance and repair of town owned motor vehicles and equipment.

Moved and Seconded, That a committee of three (3) members be appointed by the Moderator to consider the advisability of holding Town Meetings on Saturdays, this committee to report at the next regular or special Town Meeting.

Motion was declared lost.

Moved and Seconded, That the Moderator be, and hereby is, authorized to appoint a committee to be known as the "Town Manager Study Committee" to consist of five voters of the Town, one of whom shall be a member of the Board of Selectmen.

This committee shall investigate, study, consider and make any recommendations as to the advisability of the appointment or employment of a Town Manager or any reorganization of the Town government that will provide a more united, integrated, efficient or economical administration of the executive functions and private services of the Town.

They shall make their report in time to be printed in the next Annual Town Report and shall make their recommendations to the Town as to what, if any, action is desirable and appropriate.

A sum of \$500.00 should be appropriated for the committee's use, the money to come from the Excess and Deficiency Fund. (Fred F. Stockwell).

Motion was declared lost.

Moved and Seconded, That Article 67 be reconsidered.

Voted, That Article 67 be reconsidered.

Vote, Yes 96, No 48.

Moved and Seconded, That we take Article 67 in consecutive order, namely after Article 66.

Voted, That Article 67 be taken in consecutive order, namely after Article 66.

Moved and Seconded, That Article 19 be reconsidered.

Motion was declared lost.

Moved and Seconded, That when we adjourn it be to Monday evening, at 7:45 P. M. at the auditorium in the Junior High School Building on Washington Street.

Voted, That we now adjourn to Monday, April 8, 1957 at 7:45 P. M. at the auditorium in the Junior High School Building on Washington Street.

The meeting adjourned at 11:30 o'clock P. M.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

The following is a copy of the notice of Adjournment of the Annual Representative Town Meeting of March 14, 1957, as posted in one place in each of the six precincts in accordance with the provisions of Section 3, Chapter 167, Acts of 1928:

TOWN OF WINCHESTER
MIDDLESEX COUNTY, MASSACHUSETTS

(Town Seal)

In accordance with the provisions of Section 3, Chapter 167, Acts of 1928, notice is hereby given that the Representative Town Meeting of March 14, 1957 has been adjourned to meet at the Auditorium in the Junior High School Building, Washington St., on April 8, 1957 at 7:45 o'clock P. M. to act on Articles 55 through 73 of the Warrant, together with any unfinished business.

Attest:

Town Clerk

ADJOURNED ANNUAL REPRESENTATIVE TOWN MEETING

APRIL 8, 1957

Pursuant to the vote of adjournment on April 4, 1957, the Town Meeting Members met in the Auditorium in the Junior High School Building, Washington St., on April 8, 1957, notices having been sent by mail by the Town Clerk to the two hundred twenty-eight (228) Town Meeting Members and notices having been posted in each of the six Precincts.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-eight (228) Town Meeting Members qualified to vote and participate in Town Meeting in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred sixty-five (165) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:50 P. M.

The invocation was given by Rev. John M. Manion.

Voted, That when we adjourn it be to Thursday evening, April 11, 1957 at 7:45 P. M. at the Auditorium in the Junior High School Building on Washington Street .

ARTICLE 55

To see if the Town will provide the renaming of Waterfield Road, so that Common Street will become the name of the entire way from Church Street easterly to the Mystic Valley Parkway. (Committee on Names).

Moved and Seconded, to amend by substituting the following: To see if the Town will provide for the renaming of Common Street so that Waterfield Road will become the name of the entire way from Church Street easterly to the Mystic Valley Parkway.

Voted, to amend by substituting that the Town will provide for the renaming of Common Street so that Waterfield Road will become the name of the entire way from Church Street easterly to the Mystic Valley Parkway.

Voted, That the Town will provide for the renaming of Common Street so that Waterfield Road will become the name of the entire way from Church Street easterly to the Mystic Valley Parkway.

ARTICLE 56

To see if the Town will take any action in connection with the renaming of that portion of Common Street, which runs northerly and is parallel to the Boston & Maine Railroad, so that Laraway Road will become the new name for that way. (Committee on Names).

Voted, That the name of that portion of Common Street which runs northerly from Common Street and is parallel to the Boston & Maine Railroad be and it hereby is changed and that Laraway Road shall now become the new name for that way.

ARTICLE 57

To see if the Town will amend the zoning by-laws by changing or altering the map incorporated therein and made a part thereof by incorporating therein and making a part thereof within the Single Residence District "A," that area recently set off from Medford and annexed to Winchester by virtue of Chapter 676 of the Acts of 1956, and containing approximately 27½ acres near the southeasterly corner of the Town, and bounded and described approximately as follows:

Westerly by land of Jeremiah, Jr. and Mildred A. Toomey, Joseph C. and Jeanne E. Maspero, John F. and Lillian T. Hutzenlaub, Lorena S. Lacker, Edna M. Cowles, Harry B. McCracken, Trustee of Nelson Realty Trust, Russell Symmes, Trustee of Marshall Symmes Land Associates, Robert G. and Joan G. Nestor, Edward M. and Patricia F. Sanford, Kenneth E. and Betsy S. McVicar;

Southerly and Easterly by land of the Commonwealth of Massachusetts, M.D.C., situated in the City of Medford;
and take any action in relation thereto. (Planning Board).

Voted, That further consideration of Article 57 be postponed until after consideration of Article 67.

ARTICLE 58

To see if the Town will amend the zoning by-laws by changing or altering the map incorporated therein and made a part thereof, and all or any portion of that certain district indicated and identified therein as a General Residence District so that the following described area will be changed from a General Residence District to Business District. The area to be changed is bounded and described as follows:

An area on the easterly and westerly sides of Vine Street, and on the easterly and westerly sides of Wedge Pond Road, bounded:

Southerly by land of the First Congregational Society;

Easterly by land of Ernest H. Hurd, Charles H. Gallagher, et al, Trustees of Winchester Lodge B.P.O.E., Thomas Moranian and Nubar Dinjian, Thomas F. and Mary I. Fallon, Delia Reardon, Emily A. School, I. Gunhild Latour;

Northerly by land of Ralph H. Bonnell, I. Gunhild Latour, Henry S. and Evelyn M. Derby, Philip and Jessie R. Salter;

Easterly by land of Bernard P. and Ruth K. Eckberg, Town of Winchester Park Department;

Northerly and Westerly by Wedge Pond;

and take any action in relation thereto. (Planning Board).

Voted, That the zoning by-laws be hereby amended by changing or altering the map incorporated therein and made a part thereof and a portion of that certain district indicated and identified therein as a General Residence District so that the following described area will be changed from a General Residence District to a Business District. The area to be changed is bounded and described approximately as follows:

Southerly by the northerly side line of Vine Street at land of Ernest H. Hurd fifty-two (52) feet, more or less.

Easterly by the existing division line between the General Residence and Business Districts, said line being fifty (50) feet in parallel with the easterly side line of Vine Street, two hundred ninety-three (293) feet, more or less,

Northerly by the southerly lot line of land of Thomas F. and Mary I. Fallon fifty-two (52) feet, more or less, and

Westerly by the easterly side line of Vine Street two hundred ninety-one (291) feet, more or less.

Vote, Unanimous.

ARTICLE 59

To see if the Town will accept the laying out of the exterior lines of a certain way substantially as follows: A way beginning at the northerly end of Dunster Lane and extending northerly about thirty (30) feet; as made and reported by the Selectmen; raise and appropriate money therefor. (Planning Board).

Moved and Seconded, That the reading of the report of the Selectmen containing the establishment of the exterior lines of a certain way now in the hands of the Moderator be waived.

Motion carried.

Moved and Seconded, That the subject matter of Articles 59 and 60 be discussed together.

Voted, That the subject matter of Articles 59 and 60 be discussed together.

Voted, That the laying out and establishment by the Selectmen of the exterior lines of a certain town way as made and reported by the Select-

men, namely a way beginning at the northerly end of Dunster Lane and extending northerly about thirty (30) feet be accepted and that the said exterior lines be and they hereby are established in accordance therewith.

ARTICLE 60

To see if the Town will accept the laying out of the exterior lines of a certain way substantially as follows: A way beginning at the westerly side of Ridge Street and extending westerly about fifty (50) feet; as made and reported by the Selectmen; raise and appropriate money therefor. (Planning Board).

Voted, That the reading of the report of the Selectmen containing the establishment of the exterior lines of a certain way now in the hands of the Moderator be waived.

Voted, That the laying out and establishment by the Selectmen of the exterior lines of a certain town way as made and reported by the Selectmen, namely a way beginning at the westerly side of Ridge Street and extending westerly about fifty (50) feet be accepted and that the said exterior lines be and they hereby are established in accordance therewith.

Moved and Seconded, That the subject matter of Articles 61 and 62 be considered together.

Moved and Seconded, That the original motion be amended by adding Articles 63 and 64 to 61 and 62, and all be taken up together.

Voted, That the original motion be amended by adding Articles 63 and 64 to 61 and 62, and all be taken up together.

Voted, That the subject matter of Articles 61, 62, 63, and 64 be considered together.

ARTICLE 61

To see if the Town will accept the laying out of the exterior lines of a certain way substantially as follows: a way beginning at the easterly side of Johnson Road and extending easterly about fifty (50) feet; as made and reported by the Selectmen; raise and appropriate money therefor. (Planning Board).

Voted, That the reading of the report of the Selectmen containing the establishment of the exterior lines of a certain way now in the hands of the Moderator be waived.

Voted, That the subject matter of Article 61 be indefinitely postponed.

ARTICLE 62

To see if the Town will accept the laying out of the exterior lines of a certain way substantially as follows: a way beginning at the westerly side of Cambridge Street and extending southwesterly about fifty (50) feet; as made and reported by the Selectmen; raise and appropriate money therefor. (Planning Board).

Voted, That the reading of the report of the Selectmen containing the

establishment of the exterior lines of a certain way now in the hands of the Moderator be waived.

Voted, That the subject matter of Article 62 be indefinitely postponed.

ARTICLE 63

To see if the Town will accept the laying out of the exterior lines of a certain way substantially as follows: a way beginning at the easterly side of Cambridge Street and extending northeasterly about fifty (50) feet; as made and reported by the Selectmen; raise and appropriate money therefor. (Planning Board).

Voted, That reading of the report of the Selectmen containing the establishment of the exterior lines of a certain way now in the hands of the Moderator be waived.

Voted, That the subject matter of Article 63 be indefinitely postponed.

ARTICLE 64

To see if the Town will accept the laying out of the exterior lines of a certain way substantially as follows: a way beginning at the southerly side of Pond Street and running southwesterly about fifty (50) feet; as made and reported by the Selectmen; raise and appropriate money therefor. (Planning Board).

Voted, That the reading of the report of the Selectmen containing the establishment of the exterior lines of a certain way now in the hands of the Moderator be waived.

Voted, That the subject matter of Article 64 be indefinitely postponed.

ARTICLE 65

To see if the Town will amend the zoning by-laws by changing or altering the map incorporated therein and made a part thereof, and a portion of that certain district indicated and identified therein as an Industrial District so that the following described area will be changed from an Industrial District to a General Residence District. The area to be changed is bounded and described approximately as follows: (Planning Board).

Southerly by Cross Street, one hundred fifty (150) feet;

Easterly by land of Boston and Maine Railroad;

Northerly by land of Winchester Crushed Stone Co., one hundred fifty (150) feet;

Westerly by land of Winchester Crushed Stone Co., Delia Peterson and John D. and Ruth A. Peterson;

The northern bound is one hundred (100) feet northerly from the northerly line of Baldwin Street;

or to see if the Town will amend the zoning by-laws by changing or altering said map and a portion of said Industrial District by changing to a General Residence District any part or parts of the area hereinbefore described.

(Planning Board)

Voted, That consideration of this article be indefinitely postponed.

ARTICLE 66.

To see if the Town will amend the zoning by-laws of the Town substantially as follows:

To amend Section 5 of the zoning by-laws by inserting at the end thereof the following new paragraph:

In Business Districts, the following special regulations shall apply:

1. Each dwelling house hereafter constructed shall be provided with a lot conforming to the area, width and frontage requirements applicable to such lot if located in a General Residence District, except that for each apartment house or group house, the lot shall contain not less than 2700 sq. ft. if two stories in height, 1800 sq. ft. if three or four stories in height, and 1,000 sq. ft. if five or more stories in height, for each family accommodated therein.
2. In the case of every apartment house or group house constructed after the adoption of this amendment or used for such purpose, there shall be available on the premises or on land associated therewith and within 200 feet thereof, permanently maintained private automobile parking or garaging space for the exclusive use of residents and their guests, having an area of not less than 250 square feet for each family accommodated on said premises.

To amend Section 6 of the zoning by-laws by inserting at the end thereof the following new paragraph:

- C. Any dwelling house hereafter constructed in any Industrial District shall conform to the special regulations for minimum lot area and required automobile parking or garaging space applicable to the construction of such building if located in a Business District.

Take any other action in relation to the above.

(Planning Board)

Voted, That the zoning by-laws of the town be amended by making the following changes:

To amend Section 5 of the zoning by-laws by inserting at the end thereafter the following new paragraph:

In Business Districts, the following special regulations shall also apply:

1. Each dwelling house hereafter constructed shall be provided with a lot conforming to the area, width and frontage requirements applicable to such lot if located in a General Residence District, except that for each apartment house or group house, the lot shall contain not less than 2,700 sq. ft. if two stories in height, 1,800 sq. ft. if three or four stories in height, and 1,000 sq. ft. if five or more stories in height, for each family accommodated therein.
2. In the case of every apartment house or group house constructed after the adoption of this amendment or used for such purpose, there shall be available on the premises or on land associated therewith and within 200 feet thereof, permanently maintained private automobile parking or garaging space for the exclusive

use of residents and their guests, having an area of not less than 250 square feet for each family accommodated on said premises.

To amend Section 6 of the zoning by-laws by inserting at the end thereof the following new paragraph:

- C. Any dwelling house hereafter constructed in any Industrial District shall conform to the special regulations for minimum lot area and required automobile parking or garaging space applicable to the construction of such building if located in a Business District.

Vote: Unanimous

ARTICLE 67.

To see if the Town will amend the zoning by-laws of the Town by striking out in Section 8A AREA REGULATIONS in the fourth line of the first sentence the figures "15,000" and "100'" and inserting in place thereof the figures "25,000" and "150" so that the first four lines of said section as amended would read: In any Single Residence District designated and marked "A" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 25,000 square feet and not less than 150 feet wide; or to so amend said Section 8A by increasing the present minimum lot size of 15,000 square feet to such area as the Town may determine, and to increase the 100 feet minimum frontage to such minimum frontage as the Town may determine; and to take any action relative thereto.

(William J. Speers, Jr., and others)

Moved and Seconded, to amend the motion now before the meeting by substituting, 24,000 feet and 135 feet for the figures 20,000 feet and 120 feet, wherever the latter figures appear therein.

Moved and Seconded, to defer the Article and the amendment by postponing them indefinitely.

Motion to amend the principal motion by substituting 24,000 feet and 135 feet for the figures 20,000 and 120 feet, wherever the latter figures appear therein, was declared lost.

Motion to defer the Article and the amendment by postponing them indefinitely was declared lost.

Voted, To amend the zoning by-laws of the town by striking out in Section 8A AREA REGULATIONS in the fourth line of the first sentence the figures "15,000" and "100'" and inserting in place thereof the figures "20,000" and "120" so that the first four lines of said section as amended would read: "In any Single Residence District designated and marked "A" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 20,000 square feet and not less than 120 feet wide"; provided, however, that as to any lot shown upon a definitive subdivision plan which prior to February 4, 1957 shall have received the approval of the Planning Board of the town, or upon a preliminary plan which prior to said date shall have received the approval of said Board and also upon a definitive plan not substantially different from such preliminary plan which shall subsequent to said

date have received the approval of said Board, this amendment shall not be applicable, and any such lot shall be deemed in compliance with said Section 8A if it contains not less than 15,000 square feet and is not less than 100 feet wide.

Vote: Yes 122 No 23

ARTICLE 57.

Moved and Seconded, That the subject matter of this Article be indefinitely postponed.

Voted, That the subject matter of Article 57 be indefinitely postponed.

ARTICLE 68.

To see if the Town will accept the bequest of two thousand (\$2,000) dollars under the will of Sarah A. Watson for perpetual care of Lot 117 located on Central Avenue in Wildwood Cemetery, and take any action in relation to same.

(Cemetery Commissioners)

Voted, That the town hereby accept the bequest of two thousand (\$2,000) dollars under the will of Sarah A. Watson, which provides as follows:

51st. I give and bequeath unto the Town of Winchester in the County of Middlesex the sum of two thousand (\$2,000) dollars to be perpetually held by said town and the income thereof to be used for the perpetual care of Lot No. 117 located on Central Avenue in Wildwood Cemetery in said town of Winchester standing in the name of Simon N. Watson.

ARTICLE 69.

To see if the Town will take any action in connection with the gift from Horace O. Green for the establishment of a Horace O. Green Fund, the income from which to be used for geraniums and flowers to be placed on the Hosea J. Foster lot, number 749 on Mountain Avenue in Wildwood Cemetery each Memorial Day, and take any action relative to same.

(Cemetery Commissioners)

Voted, That the town hereby accept the gift of five hundred (\$500) dollars from Horace O. Green for the establishment of a "Horace O. Green Fund", the interest from which will be used for geraniums and flowers to be placed on the Hosea J. Foster lot, Number 749 on Mountain Avenue in Wildwood Cemetery each Memorial Day.

ARTICLE 70.

To see if the Town will accept Chapter 489 of the Acts of the General Court in the year 1956 entitled "An Act Authorizing Pay-Roll Deductions on Account of Contributions to Community Chests or United Funds in the Case of Certain Town Employees."

(Bertram H. Dube and others)

Voted, That Chapter 489 of the Acts of the General Court in the year 1956 entitled "An Act Authorizing Pay-Roll Deductions on Account of Contributions to Community Chests or United Funds in the Case of Certain Town Employees" be and it hereby is accepted.

ARTICLE 71.

To see if the Town will provide that its Constables elected at the 1958 Annual Town Meeting and thereafter shall be elected for a three (3) year term of office and take any action in relation thereto.

(Joseph T. Callahan and others)

Moved and Seconded, to amend by substituting, That beginning with the 1958 Annual Town Meeting three (3) Constables shall be elected, one of whom shall be elected for a term of three years, one for a term of two years and one for a term of one year.

Thereafter, each Constable shall be elected for a term of three years.

Voted, to amend by substituting, That beginning with the 1958 Annual Town Meeting three (3) Constables shall be elected, one of whom shall be elected for a term of three years, one for a term of two years and one for a term of one year.

Thereafter, each Constable shall be elected for a term of three years.

Voted, That beginning with the 1958 Annual Town Meeting three (3) Constables shall be elected, one of whom shall be elected for a term of three years, one for a term of two years and one for a term of one year.

Thereafter, each Constable shall be elected for a term of three years.

ARTICLE 72.

To see if the Town will amend the General By-Laws of the Town by inserting a new section, namely Section 6 in Article II, which new section shall read substantially as follows:

No contracts shall be awarded for construction work or for the purchase of equipment, supplies, or materials the actual or estimated cost of which amounts to one thousand dollars or more, except in cases of special emergency in which the health or safety of the people or their property, unless proposals for the same have been invited by advertisement in at least one newspaper published in the town, such publication to be at least two weeks before the time specified for the opening of said proposals. Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve to the town the right to reject any or all proposals.

All such proposals shall be opened in public. No bid or contract shall be split or divided for the purpose of evading this section. All contracts awarded under the provisions of this section shall be awarded to the lowest responsible bidder. The several boards officers and commissioners of the town shall cause to be inserted in a newspaper published in the town, not later than ten days after the contract award, a list of all bidders, their bids, and a notice of the successful bidder.

(Vincent G. Carroll and others)

Voted, That action under this Article be indefinitely postponed.

ARTICLE 73.

To see what action the Town will take with reference to several bills in the General Court relative to the Metropolitan District Commission Police, Water and Sewerage District and such other proposed legislation pertaining to the Metropolitan area. Appropriate the necessary sums of money, the appointment of a committee to carry out the views of the town meeting or any other action which will be deemed necessary in the town's interest.

(Vincent G. Carroll and others)

Moved and Seconded, That a committee be established consisting of five citizens of the town appointed by the Moderator, its duty shall be to study the various bills in the General Court relative to the Metropolitan District Commission Police, Water and Sewerage District, and such other proposed legislation that pertains to the Metropolitan area. The committee shall also carry out the views of the town meeting and take any other action that they deem necessary in the town's interest.

Motion was declared lost.

Voted, That the meeting be now dissolved.

The meeting dissolved at 12:04 a.m., April 9, 1957.

Attest:

ELSIE M. NELSON,

Town Clerk

SPECIAL TOWN MEETING

June 10, 1957

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Winchester, Mass. by Charles J. Harrold, Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of the meeting to the Town Meeting Members elected and qualified to act in Town Meetings in Winchester, the Town Meeting Members met in the Memorial Auditorium in the Senior High School Building on Main St. on Monday, June 10, 1957 at 7:45 p.m. in the evening.

A list of the duly qualified Town Meeting Members was used at the entrance to the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers.

The list contained the names of two hundred twenty-six (226) Town Meeting Members qualified to vote and participate in Town Meetings in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred thirty-one (131) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:55 o'clock p.m.

The invocation was given by Rev. Wesley A. Mallery.

The Moderator read only the Constable's Return of the Warrant, as copies of the Warrant had been mailed to each of the Town Meeting Members, and each Article would be read when it came up for consideration. No one requested that the Articles should be read at this time.

Moved and Seconded, That the report of the Planning Board upon the proposed changes in the Zoning By-Laws under Articles 1, 2, 3, 4 and 6 be received and placed.

Voted, That the report of the Planning Board upon the proposed changes in the Zoning By-Laws under Articles 1, 2, 3, 4 and 6 be received and placed on file.

ARTICLE 1.

To see if the Town will amend the zoning by-laws by changing or altering the map incorporated therein and made a part thereof, and all or any portion of that certain district indicated and identified therein as a General Residence District so that the following described area will be changed from a General Residence District to a Business District. The area to be changed is bounded and described approximately as follows:

An area on the easterly side of Horn Pond Brook Road bounded:

Westerly by the easterly side lines of Horn Pond Brook Road and land owned by the Town of Winchester, about four hundred seventy-three (473) feet;

Southerly by the existing division line between the general residence and business zone, about eighty-seven (87) feet;

Easterly by the existing division line between the general residence and business zone, about two hundred thirty (230) feet;

Northerly by land of Coleman F. Connolly, et al, Louise S. Waters, et al, Michael P. and Ellen F. Meskell, John W. and Catherine A. O'Brien, Margaret M. Donahoe, Ellen M. Murphy, Andrew Callahan, James F. and Ruth E. McClellan, about four hundred sixteen (416) feet; and

Northerly by land of Town of Winchester, about thirty-nine (39) feet; containing about 1.75 acres;

and take any action in relation thereto.

(Park Department)

(Planning Board)

Voted, That the zoning by-laws be hereby amended by changing or altering the map incorporated therein and made a part thereof, and a portion of that certain district indicated and identified therein as a General Residence District so that the following described area will be changed from a general residence district to a business district. The area to be changed is bounded and described approximately as follows: An area on the easterly side of Horn Pond Brook Road bounded:

Westerly by the easterly side lines of Horn Pond Brook Road and land owned by the Town of Winchester, about four hundred seventy-three (473) feet;

Southerly by the existing division line between the general residence and business zone, about eighty-seven (87) feet;

Easterly by the existing division line between the general residence and business zone, about two hundred thirty (230) feet;

Northerly by land of Coleman F. Connolly, et al, Louise S. Waters, et al, Michael P. and Ellen F. Meskell, John W. and Catherine A. O'Brien, Margaret M. Donahoe, Ellen M. Murphy, Andrew Callahan, James F. and Ruth E. McClellan, about four hundred sixteen (416) feet; and

Northerly by land of Town of Winchester, about thirty-nine (39) feet; containing about 1.75 acres.

Vote: Unanimous vote.

ARTICLE 2.

To see if the Town will amend the zoning by-laws of the Town by inserting in Section 1 of said by-laws a new paragraph which will provide for the establishment of a subdivision of the single residence district lying in the southeasterly corner of the Town and being that area recently set off from Medford and annexed to Winchester and containing approximately $27\frac{1}{2}$ acres and shown on a plan showing the part of boundary line between the City of Medford and the Town of Winchester changed by Chapter 676, Acts of 1956, which subdivision will be known as "Single Residence District B"; insert in the last paragraph of said Section 1 the words "and single residence district B"; and take any action relative thereto.

Voted, That the zoning by-laws of the town be amended by inserting at the end of the second paragraph of Section 1 the following new paragraph:

"A subdivision of the single residence district lying in the southeasterly corner of the town and being that area recently set off from Medford and annexed to Winchester and containing approximately $27\frac{1}{2}$ acres and shown on a plan showing the part of boundary line between the City of Medford and the Town of Winchester changed by Chapter 676, Acts of 1956, is hereby established within the area designated "Single Residence District B" as shown upon a map or plan entitled "Town of Winchester, Massachusetts, Plan of Single Residence District "B" established by amendment to the zoning by-law" dated June 1957, to be signed by the Planning Board and filed in the Town Clerk's office and which, together with all explanatory matter thereon, is hereby incorporated in and made a part of this by-law."

And to amend the last paragraph of said Section 1 by inserting after the words "Single Residence District A" the words "and Single Residence District B". And to amend the first paragraph of Section 1 by striking out in the third line the word "five" and inserting in place thereof the word "six."

So that said Section 1 as amended will read

Section 1. **ESTABLISHMENT OF DISTRICTS.** For the purposes of

this by-law the Town of Winchester is hereby divided into districts of six classes, designated specifically as follows:

1. Single residence districts.
2. General residence districts.
3. Business districts.
4. Industrial districts.

and which are as indicated and identified upon a map entitled "Town of Winchester, Massachusetts, Planning Board, Zoning Map, Prepared Under the Direction of the Planning Board," dated December, 1923, signed by the said Board and filed in the Town Clerk's office, which map, together with all explanatory matter thereon, is hereby incorporated in and made a part of this by-law.

A subdivision of the single residence district lying westerly of Cambridge Street is hereby established within the area, designated "Single Residence District "A" as shown upon a map or plan entitled "Town of Winchester, Massachusetts, Plan of Single Residence District "A" Established by Amendment to the Zoning By-Law" dated March-1934-to be signed by the Planning Board and filed in the Town Clerk's office and which together with all explanatory matter thereon is hereby incorporated in and made a part of this By-Law.

A subdivision of the single residence district lying in the southeasterly corner of the town and being that area recently set off from Medford and annexed to Winchester and containing approximately 27½ acres and shown on a plan showing the part of boundary line between the City of Medford and the Town of Winchester changed by Chapter 676, Acts of 1956, is hereby established within the area designated "Single Residence District B" as shown upon a map or plan entitled "Town of Winchester, Massachusetts, Plan of Single Residence District "B" established by amendment to the zoning by-law" dated June 1957, to be signed by the Planning Board and filed in the Town Clerk's office and which, together with all explanatory matter thereon, is hereby incorporated in and made a part of this by-law.

All restrictions and regulations established by this By-Law applicable to single residence districts shall apply without distinction to single residence districts and "Single Residence District A" and "Single Residence District B", alike, as hereinafter expressly provided.

Vote: Unanimous vote

ARTICLE 3.

To see if the Town will amend the zoning by-laws by changing or altering the map incorporated therein and made a part thereof by incorporating therein and making a part thereof within the Single Residence District "B", that area recently set off from Medford and annexed to Winchester by virtue of Chapter 676 of the Acts of 1956, and containing approximately 27½ acres near the southeasterly corner of the Town, and bounded and described approximately as follows:

Westerly by land of Jeremiah Jr. and Mildred A. Toomey, Joseph

C. and Jeanne E. Maspero, John F. and Lillian T. Hutzenlaub, Lorena S. Lacker, Edna M. Cowles, Harry B. McCracken, Trustee of Nelson Realty Trust, Russell Symmes, Trustee of Marshall Symmes Land Associates, Robert G. and Joan G. Nestor, Edward M. and Patricia F. Sanford, Kenneth E. and Betsy S. McVicar;

Southerly and Easterly by land of the Commonwealth of Massachusetts, M.D.C., situated in the City of Medford:

and take any action in relation thereto. (Planning Board)

Voted, That the zoning by-laws be hereby amended by changing or altering the map incorporated therein and made a part thereof by incorporating therein and making a part thereof within the single residence district "B" that area recently set off from Medford and annexed to Winchester by virtue of Chapter 676 of the Acts of 1956 and containing approximately 27½ acres near the southeasterly corner of the Town bounded and described approximately as follows:

Westerly by land of Jeremiah Jr. and Mildred A. Toomey, Joseph C. and Jeanne E. Maspero, John F. and Lillian T. Hutzenlaub, Lorena S. Lacker, Edna M. Cowles, Harry B. McCracken, Trustee of Nelson Realty Trust, Russell Symmes, Trustee of Marshall Symmes Land Associates, Robert G. and Joan G. Nestor, Edward M. and Patricia F. Sanford, Kenneth E. and Betsy S. McVicar; Southerly and Easterly by land of the Commonwealth of Massachusetts, M.D.C., situated in the City of Medford;

Vote: Unanimous vote.

ARTICLE 4.

To see if the Town will amend the zoning by-laws of the Town by inserting in Section 8A, Area Regulations, a provision whereby in any single residence district designated and marked "B" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 15,000 square feet and not less than 100 feet wide. For the purpose of this section lot width is to be measured through that part of the dwelling where the lot is narrowest; and to take any action relative thereto.

(Planning Board)

Voted, To amend the zoning by-laws of the town by inserting in Section 8A. AREA REGULATIONS, near the end of the fourth line in the first sentence and after the words "20,000 square feet and not less than 120 feet wide;" the following words "in any single residence district designated and marked "B" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 15,000 square feet and not less than 100 feet wide," so that the first paragraph of Section 8A, AREA REGULATIONS, as amended would read:

Section 8A. AREA REGULATIONS.

In any single residence district designated and marked "A" on the zoning map there shall be provided for each dwelling house hereafter

constructed a lot containing not less than 20,000 square feet and not less than 120 feet wide; in any single residence district designated and marked "B" on the zoning map there shall be provided for each dwelling house hereafter constructed a lot containing not less than 15,000 square feet and not less than 100 feet wide; in all single residence districts not so designated, there shall be provided for each dwelling house hereafter constructed a lot containing not less than 10,000 square feet and not less than 80 feet wide; in the general residence districts, there shall be provided for each single dwelling house hereafter constructed a lot containing not less than 6,500 square feet and not less than 65 feet wide, and for a dwelling house for more than one family a lot containing not less than 3,750 square feet for each family accommodated therein and not less than 65 feet wide; and in all single and general residence districts, no dwelling house shall hereafter be constructed on a lot which does not abut on at least one street for a distance of at least 50 feet. For the purposes of this Section, lot width is to be measured through that part of the dwelling where the lot is narrowest.

Vote: Unanimous vote

ARTICLE 5.

To see if the Town will amend the building laws of the Town by adding to Section 147 in that portion entitled front yard set back a paragraph providing substantially as follows: "In any single residence district designated and marked "B" on the zoning map incorporated in and made a part of the Zoning By-Law, 35 feet."

Voted, That the Building Laws of the town be amended by adding to Section 147 in that portion entitled FRONT YARD SET BACK after the second paragraph thereof the words "In any single residence district designated and marked "B" on the zoning map incorporated in and made a part of the Zoning By-Law, 35 feet,"

To amend the following paragraph: In any single residence district shown on said map and not designated "A" thereon, 25 feet,—insert after the letter "A" the words "or 'B'" so that the first portion of the section under FRONT YARD SET BACK shall read:

No building shall be erected, placed, moved, or altered so that any part thereof except eaves and uncovered steps shall be within the following respective distances from the nearest exterior line of any public way or any private way shown on a plan approved by the Board of Survey or any private way open for public use:

In any single residence district designated and marked "A" on the zoning map incorporated in and made a part of the Zoning By-Law, 35 feet,

In any single residence district designated and marked "B" on the zoning map incorporated in and made a part of the Zoning By-Law, 35 feet,

In any single residence district shown on said map and not designated "A" or "B" thereon, 25 feet,

In any general residence district shown on said map, 20 feet,
In any industrial district shown on said map, 15 feet.

Vote: Unanimous vote.

ARTICLE 6.

To see if the Town will amend the zoning by-laws of the Town substantially as follows: To amend Section 5 of the zoning by-laws by inserting under the paragraph entitled "In Business Districts, the following special regulations shall also apply:"

3. Where all, or any portion, of the required automobile parking or garaging space is provided within the exterior walls of the main building, or entirely underground, the total lot area hereinbefore required may be reduced by an amount equal to the area of such interior or underground parking space.
4. Where the lot on which an apartment house or group house is located abuts more than one street, the total lot area hereinbefore required may be reduced by an amount equal to the area between the boundaries of the lot and the center lines of all abutting streets other than the principal frontage street. For the purpose of this provision, the principal frontage street is the street most closely parallel to the maximum dimension of the building.

and take any other action in relation thereto.

The following persons were appointed and sworn as Tellers by Harrison Chadwick, Moderator:

Vincent Farnsworth, Jr. — Theodore J. Boecker
Sherman W. Saltmarsh, Jr.

Voted, That the zoning by-laws of the town be amended by making the following changes: To amend Section 5 of the zoning by-laws by inserting under the paragraph entitled "In Business Districts," the following special regulations shall also apply and after the first and second numbered clauses thereunder the following:

3. Where all, or any portion, of the required automobile parking or garaging space is provided within the exterior walls of the main building, or entirely underground, the total lot area hereinbefore required may be reduced by an amount equal to the area of such interior or underground parking space.
4. Where the lot on which an apartment house or group house is located abuts more than one street, the total lot area hereinbefore required may be reduced by an amount equal to the area between the boundaries of the lot and the center lines of all abutting streets other than the principal frontage street. For the purpose of this provision, the principal frontage street is the street most closely parallel to the maximum dimension of the building.

Vote: Yes 118 No 4

ARTICLE 7.

To see if the Town will establish a committee to study the efficiency of the annual town meeting as presently organized and any procedures relevant thereto, including preliminary hearings the length and time of holding sessions of the meeting and a review of Article 1 of the Town By-Laws and Chapter 167 of the Acts of 1928 of the General Court, and appropriate money for the expenses of the committee.

Voted, That a committee be hereby established consisting of seven citizens of the town, one of whom shall be the Moderator, one of the Chairman of the Selectmen or whomever he may designate, one of the Chairman of the Finance Committee or whomever he may designate, and four shall be appointed by the Moderator. The committee shall study the efficiency of the annual town meeting as presently organized and any procedures relevant thereto including preliminary hearings, the length and time of holding sessions of the meeting, the review of Article 1 of the town by-laws and Chapter 167 of the Acts of 1928 of the General Court. The committee shall also investigate and consider the conduct of meeting in other towns. The committee shall submit its report at any subsequent town meeting and shall in any event file its report in time for publication in the annual town report so that it can be acted upon at the annual town meeting. The sum of \$50 is hereby appropriated and transferred from the available funds in the Excess and Deficiency account for the expenses of the committee.

Vote: Unanimous vote

ARTICLE 8.

To hear and act on a preliminary report of progress of the Library Addition Building Committee, and to take any action in relation thereto.

Voted, That the report of the Library Addition Building Committee be received and accepted as a report of progress and that the committee continue with its work.

Voted, That the meeting be now dissolved.

The meeting dissolved at 9:10 P.M. June 10, 1957.

Attest:

(Signed) ELSIE M. NELSON,
Town Clerk

SPECIAL TOWN MEETING

October 7, 1957

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Winchester, Mass. by Charles J. Harrold, Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of the meeting to the Town Meeting Members elected and qualified to act in Town Meetings in Winchester, the

Town Meeting Members met in the Town Hall in said Town of Winchester, October 7, 1957 at 7:45 o'clock in the evening.

A list of the duly qualified Town Meeting Members was used at the entrance of the meeting place and was in charge of Sadie E. Barstow and Marion C. Beranger, Election Officers. The list contained the names of two hundred twenty-four (224) Town Meeting Members qualified to vote and participate in Town Meetings in Winchester.

The check list filed with the Town Clerk at the close of the meeting showed that one hundred fifty-seven (157) Town Meeting Members attended the meeting.

The meeting was called to order by Harrison Chadwick, Moderator, at 7:50 o'clock P. M.

The invocation was given by Harrison Chadwick because of the absence of clergyman invited to participate.

The Moderator read only the Constable's Return of the Warrant, as copies of the Warrant had been mailed to each of the Town Meeting Members, and each Article would be read when it came up for consideration. No one requested that the Articles should be read at this time.

Voted, That Charles W. Craven, Secretary of the Finance Committee, who is not a Town Meeting Member, be accorded permission to sit with the Finance Committee but without a vote.

Voted, That during the consideration of Article 1, the Library Addition Building Committee, together with the acting librarian, may be permitted to sit with the Town Meeting members, with of course no right to vote.

ARTICLE 1.

To hear and act on the report of the Library Addition Building Committee, provide for its continuance, authorize the transfer of a sum of money from the available funds in the Excess and Deficiency Account in order to provide for the preparation of working plans and specifications and to take any action in relation thereto.

(Library Addition Building Committee)

Voted, That the report of the Library Addition Building Committee as presented be received and placed on file.

Moved, That the Library Addition Building Committee be and it hereby is authorized to proceed with and continue its work, employ an architect and other professional services, complete its plans and work drawings, prepare specifications and obtain bids for the work to be done. The committee is thereafter requested to then submit its report in season for consideration at a subsequent town meeting with its estimate as to the actual amount of money to be required for the completion of the work. The sum of seventeen thousand (\$17,000) dollars is hereby appropriated and transferred from the available funds in the Excess and Deficiency Account for the purposes aforesaid and for the expenses of the committee.

The following persons had been appointed and were sworn as tellers by Harrison Chadwick, Moderator.

Theodore J. Boecker — Daniel F. Barnard
Sherman W. Saltmarsh, Jr.

Vote: Yes 36, No 114.

Voted, That in accordance with its request the Library Addition Building Committee be discharged with the thanks of the town for its services.

ARTICLE 2.

To hear and act on the report of the Building Committee for Enlarged Facilities for Senior and Junior High Schools and School Administration Offices, provide for the enlargement of the committee, authorize the transfer of a sum of money from the available funds in the Excess and Deficiency Account for the purpose of carrying out the work of the committee, and take any action in relation thereto.

(Building Committee for Enlarged Facilities of the Senior and Junior High Schools and School Administration Offices)

Voted, That the report of the Building Committee for Enlarged Facilities for Senior and Junior High Schools and School Administration Offices as presented be received and placed on file.

Moved, To adopt the recommendations of the committee, that an intermediate building program be undertaken to provide additional secondary school facilities and that satisfactory offices for the School Department be provided.

Moved, To authorize the committee to proceed with its studies on the assumption, to which the Town shall not necessarily be bound, that an intermediate building program will be adopted.

Voted, To lay both motions on the table.

Moved, It is the sense of the meeting that additional junior and senior high school administration office facilities will be required in the near future and that the committee proceed with a study to determine the best location for such facilities.

Motion lost.

Voted, That the membership of the committee be enlarged by the addition of two citizens, qualified voters of the Town to be appointed by the Moderator and that the sum of one thousand (\$1,000) dollars be appropriated and transferred from the available funds in the Excess and Deficiency Account for the purpose of carrying out the work of the committee.

ARTICLE 3.

To see if the Town will authorize the transfer of the care and control of the Wadleigh School building and grounds to the Board of Selectmen and take any action in relation thereto. (School Committee)

Moved, That the Town hereby transfer the care and control of the Wadleigh School Building and grounds to the Board of Selectmen.
Motion lost.

ARTICLE 4.

To see if the Town will authorize the transfer of the care and control of the former School Administration Building on Washington Street to the Board of Selectmen, and take any action in relation thereto.

Voted, That the Town hereby transfer the care and control of the former School Administration Building on Washington Street to the Board of Selectmen.

ARTICLE 5.

To see if the Town will authorize the transfer of a sum of money from the available funds in the Excess and Deficiency Account to purchase additional supplies and equipment for the purpose of carrying out the work of the Fiscal Survey Committee. (Fiscal Survey Committee)

Voted, That the sum of thirty-five hundred (\$3500) dollars be appropriated and transferred from the available funds in the Excess and Deficiency Account to be expended under the direction of the Fiscal Survey Committee for the purchase of additional supplies and equipment for the purpose of carrying on the work of the committee.

Voted, That the meeting be now dissolved.

The meeting dissolved at 11:03 o'clock P.M.

Attest:

Fire Department: Messrs. Butler, Richardson and Saltmarsh
Highways: Messrs. Scott, Butler and Richardson
Police Department and Licenses: Messrs. Scott, Dolan and Saltmarsh
Street Lights: Messrs. Butler and Scott
Town Hall: Messrs. Richardson and Dolan
Veterans' Benefits: Messrs. Butler and Richardson

The first named is chairman

REPORT OF THE BOARD OF SELECTMEN

This report by your Board of Selectmen for the year 1957 gives only a rough resume of some of the more important accomplishments by the departments which come under its jurisdiction. More detailed information about each department will be found under the reports of those departments, farther along in this volume.

Your Board of Selectmen has endeavored to handle its many and varied duties to the very best of its ability. We have tried to be fair and impartial in our decisions.

We have held many hearings on a great variety of town matters and we have attended hearings held by various State Departments on such projects as the location of the new Route 28 which is to pass through the northeast corner of the town near the Stoneham line. We have watched constantly for any developments which might give a clue to the ultimate relocation of Route 3; we have contacted the Metropolitan District Commission about the motor boat situation on the upper Mystic Lakes and have followed their plans for this area. We have attended the hearings at the State House at which the Boston and Maine Railroad seeks authority to discontinue many of the trains serving Winchester and other communities. These are all matters in which Winchester is vitally interested.

RAILROAD OVERPASS

The year 1957 witnessed the final completion of the railroad overpass, the greatest change that the town will probably ever see. Even the most skeptical we believe, will admit that it is better than they would have believed possible. The Maney Company deserves a great deal of credit for a tremendous job well done. The final phase of this construction came to an end in May of this year when Route 38 was changed so as not to pass through the Square, but forked off at Main and Washington Streets in front of the High School, then followed north along Washington Street, across the Parkway and Mt. Vernon Street and thence over the Skillings By-Pass to north Main Street. The opening of this new route immediately reduced the traffic through the Center and helped the parking situation to a very considerable degree.

PARKING METERS AND OFF-STREET PARKING

The installation of parking meters has developed into a very profitable venture and this year 47 meters have been installed, bringing the total number to 296. It is estimated that the 1957 revenue will approximate the \$17,453.35 collected in 1956. We believe our high maintenance standards have enabled us to get the most out of our meters and feel that Mr. T. Parker Clarke, who has been responsible for their maintenance, should be commended.

The meters, the rerouting of Route 38, the additional parking spaces made available last year south of the railroad station and between the Boston and Maine tracks and the river, and the opening of the Skillings lot opposite the Town Hall have all helped to ease the parking problem. However, this is a problem requiring constant attention and one with which your Board is very much concerned. We hope that increased parking meter revenue will enable us to gradually expand our off-street parking facilities. Two locations under consideration are the area north of the Center between Shore Road and the Boston and Maine Railroad north of the new granite wall and south of the river, and the area south of the present parking lot between the Boston and Maine tracks and the river east of the tracks and south of the station.

STREET LIGHTING

New and brighter lights have been installed along Washington Street, at the intersection of Washington and Mt. Vernon Streets, along Mt. Vernon Street to the Center, in the Center and along the by-pass road. It is proposed to modernize the lighting elsewhere in the Center and at other significant intersections and areas.

POLICE AND TRAFFIC CONTROL

The combination of patrol car and foot patrol for police protection at night continues over the whole town. This, we believe, accounts for the efficient protection to which Winchester is accustomed.

In this day and age of fast cars there is a continuous demand for more traffic control. Aware of this problem, the police chief and your Board are continuously seeking a solution. In November for the first time in town we have seen fine looking young women handling our school traffic control work which we consider to be a change that brings new attractiveness to our Town.

This innovation was brought about because school traffic control officers over 70 years of age were required to retire by an act of the Legislature, and something had to be done quickly. The new arrangement is working out well and probably more women will be appointed as time goes on.

The police cars are replaced at regular intervals and the cars and other equipment of the department are in good condition.

FIRE

We feel that the time has now come to replace Old Engine Three which has adorned the station since 1925. Another pumper will require major repairs within the next few years. The rest of the equipment appears to be in reasonably good condition. Your Board of Selectmen records with sadness the passing of Captain Edward D. Fitzgerald who served this town faithfully for over 38 years.

HIGHWAY

During the winter of 1956-1957 the town was fortunate in not having to carry on too much snow removal and plowing of streets. In 1957 five streets were constructed, and about the usual amount of sidewalk construction was completed. In May the town received delivery of the Gradall, the funds for which were appropriated in the Town Meeting in March. This machine has been decidedly helpful in street construction, sidewalk construction and ditch digging. The Skillings parking area opposite the Town Hall was blacktopped this year and shrubbery around this area would greatly improve its appearance.

ENGINEERING

The Engineering Department has carried on its ever increasingly important role in the development of town facilities. This year this department has been kept busy by the growing demand for its services. It is this department, it is to be remembered, that is concerned with basic requirements of design, plans, construction and costs and is continuously furnishing information demanded by other town departments.

ACCOUNTING

The Accounting Department, together with the Fiscal Survey Committee, has made a start on the mechanizing of the town accounting system. This year one new accounting machine was purchased. Budgetary

accounting and processing of accounts payable are now being done by machine. In 1958, payroll and general accounting will be mechanized. The town accountant, as usual, has been very helpful to the Selectmen in furnishing various figures and detailed information.

PERSONNEL BOARD

Your Board once again wishes to thank publicly and to commend the Personnel Board for the fine work it has done.

CIVIL DEFENSE

Winchester is fortunate in having so many men interested enough to take the time to see to it that the town has a well-rounded-out organization. We hope there will never be a need for the civil defense organization to show its real worth, but the people in this department are always on the job, as has been evidenced on numerous occasions.

TOWN HALL

This year we started a long range program to improve the town hall. The first step was that of stopping known leaks in the building. We then installed new fluorescent lighting in three of the town offices. We also made certain major repairs to the heating equipment.

Next year we hope to further improve the use of space in and the appearance of the Town Hall.

GENERAL

Winchester, like many other towns, has grown tremendously during the last ten years and the demands on the Selectmen have increased to a point where we feel that a male executive secretary would greatly lessen the demands on your Board. We propose to present this recommendation at the annual town meeting for your approval.

CONCLUSION

No report of this Board would be complete without a word of thanks to the department heads and the boards and committees who have so willingly helped the Board of Selectmen perform its duties.

Respectfully submitted,

GEORGE A. SALTMARSH, Chairman
LESLIE J. SCOTT
JOSEPH W. BUTLER
JOHN A. DOLAN
HARRIS S. RICHARDSON, JR.

Selectmen of the Town of Winchester

REPORT OF DEPARTMENT OF VETERANS' SERVICES

Board of Selectmen
Winchester, Massachusetts

Gentlemen:

I submit my annual report for the Department of Veterans' Services for the year 1957.

Again this year the bulk of our work load came from Veterans' Services. This part of the operation entails a great amount of detail in the making out of the various reports and forms. Under this heading, assistance is generally asked in getting Veterans admitted to hospitals, the processing of claims, pensions, etc.

Our permanent cases are comparatively light in comparison with surrounding communities. This is, indeed, an enviable position and is of tremendous help in maintaining a low budget. During the year, we had many temporary cases where we assisted the veteran and his family during short periods of unemployment.

With the Veterans of World War I and II growing older daily, we can anticipate a greater work load and a higher budget. It is estimated that we presently have approximately 2500 veterans eligible for Veterans' Benefits now residing in Winchester.

With the changes and additions made this past year, the Honor Roll is now up to date. Both World War I and II Honor Rolls were painted this past Spring. However, both Honor Rolls were found to be needing repairs and perhaps an article should be inserted in the Warrant covering either the cost of repairs or the building of a new Honor Roll which would consolidate the names from all Wars.

In conclusion, I wish to thank the Board of Selectmen, the Red Cross and the secretarial staff for their splendid co-operation and assistance.

Respectfully submitted,

JOSEPH E. FLAHERTY,
Director

REPORT OF THE CHIEF OF POLICE

Board of Selectmen

Gentlemen:

I respectfully submit my report of the work performed by the Police Department for the year 1957:

Arrests

Number of Arrests	128
Males	124
Females	4
Residents	58
Non-residents	70
Juveniles	6

Causes For Arrest

Assault	1
Assault and Battery	5
Accosting	1
Attempted Robbery	1
Breaking and entering night time	2
Breaking and entering and larceny	1
Breaking and entering mis. warrant	1
Capias	1
Delinquent	6
Drunkenness	53
Drunk and operating under the influence	14
Larceny	3
Non-support	3
Safe-keeping	1
Leaving the scene of accident	6
Operating to endanger	4
Vagrancy	1
Warrant	4
Warrant—violation of parole	1
Motor vehicle violations	26

Disposition by the Court

Adjudicated and committed to Y. S. B.	1
Appeal	3
Continued	1
Dismissed	4
On File	18
Discharged	1
Probation	9
Restitution	1
Released	32
Not guilty	3

State prison and suspended	2
House of correction and committed	14
House of correction and suspended	8
State Farm and committed	1
Fined and paid	39
Turned over to other police departments	5
Turned over to probation officer	1
Fines imposed by the Court and paid	\$980.00

Other Duties Performed by the Officers

Accidents reported and investigated	240
Ambulance trips	206
Ambulance trips, number of hours spent	275
Ambulance trips (total amount)	\$1025.00
Assistance rendered	1305
Buildings secured	294
Complaints received and investigated	1820
Dangerous conditions reported	92
Houses cared for while closed	2408
Messages delivered	42
Missing persons reported and located	26
Hit and run accidents investigated	5
Water leaks reported	9
Windows broken	41
Wires down and guarded	9
Street lights out	951
Street lights out—total hours	2426
Duty calls given by the officers	59,625
Summonses served for other departments	429
Transfer of second-hand motor vehicles	2697
Radio messages broadcast	18,620
Alarm of fire sounded	75
Questionnaires complete	35
Sickness signs placed	3
Registry action—258 Court cases—50 Reg. warnings—35	
Weekly meter collections	
Town warrants and reports delivered	
Street survey notices delivered	
Water notices delivered during the summer months	
Photo and fingerprinting work for various departments, breaks and accidents	
Venires served for Superior Court	

Stolen Property

Bicycles stolen and recovered	32
Batteries stolen	3
Tires stolen	2
Hub caps stolen	16
Fender skirts stolen	4

Gasoline stolen	2
Camera stolen	1
Att. to steal car	1
Skill saw stolen	1
Drill stolen	1
Tire and wheel stolen	2
Mail theft	1
Underwear stolen	3
Radio and antenna stolen	3
Tennis nets stolen	1
Underwear thefts	3
Breaking and entering	22
Motor vehicles stolen here, recovered elsewhere	6
Motor vehicles stolen elsewhere, recovered here	2

Personnel

The department now consists of a Chief, two Lieutenants, four Sergeants, twenty-nine patrolmen and one woman secretary.

Mobile Equipment

The motor vehicle equipment consists of one Chevrolet, and two Ford patrol cars and one Cadillac ambulance. The Chevrolet is in first-class shape. The two Fords should be replaced this year, both now requiring constant repair work. In 1959 the ambulance will require a complete engine overhaul and a complete change of tires.

Teletype and Radio

Both teletype and radio equipment are in good condition and I cannot foresee any major problems with these items in 1958.

Police Station

With the exception of painting the cell block, refinishing the upper floor and other unforeseen minor repair work, the building is in good condition.

Traffic and Safety

Throughout the past year your department has extended itself in safety measures which included lectures to civic and fraternal groups, school gatherings, scout and church gatherings. Suggestions from this department have met with wholehearted support and cooperation from your Board of Selectmen and other departments and as a result, traffic and safety signs have been installed throughout the town.

Locating the bus terminal on Laraway Road has eliminated the bus stops on Church, Mt. Vernon and Main Streets with a subsequent lowering of traffic congestion.

Off-street parking areas have been a blessing to our shoppers and merchants having taken the all-day parkers from our center.

Civil Defense, Auxiliary Police have certainly gone a long way in making our town a better place to live in. Sundays, Halloween, Memorial Day, night before Christmas, En Ka Street Fair Day and on many other occasions these public-spirited citizens have volunteered their services and aided our department and your town in many ways. They certainly deserve thanks and commendation for a job well done.

School Traffic

Under the new "70 year" law we were required to replace some of our older men. They were replaced with women. While we regret seeing these "old timers" leave our ranks, we have every reason to believe our new women patrol officers will fill the position with distinction.

Service

I sincerely wish to acknowledge the cooperation and support of the members of this department. I also wish to extend my sincere thanks to our Board of Selectmen, Finance Committee, the officers and members of other departments and to the citizens of the town of Winchester for their courtesy and cooperation throughout the past year.

Respectfully submitted,

CHARLES J. HARROLD,
Chief of Police

REPORT OF THE LOCK-UP KEEPER

Board of Selectmen
Town Hall
Winchester, Mass.
Gentlemen:

I respectfully submit my report as Lock-up Keeper for the year 1957:
Number of persons confined in the lock-up pending court proceedings and for safe keeping—128.

Respectfully submitted,
CHARLES J. HARROLD,
Chief of Police
Lock-up Keeper

REPORT ON MONEY COLLECTED—1957

Board of Selectmen
Town Hall
Winchester, Mass.
Gentlemen:

I respectfully submit my report of money collected by me amounting in the aggregate of \$150.50 for the year ending December 1957. (bicycle and pistol registrations)

Respectfully submitted,

CHARLES J. HARROLD,
Chief of Police

REPORT OF THE ENGINEERING DEPARTMENT

Board of Selectmen,
Winchester, Mass.

Gentlemen:

I respectfully submit the annual report of the Engineering Department for 1957. The activities of the department are summarized under the following headings:

Board of Assessors

Assessors' Plans were revised to show annual changes in land ownership, new lots, new buildings and other information pertinent to assessments.

The set of composite Assessors' Plans was brought up to date under the supervision of the Engineering Department.

One year indexing of Assessors' abstracts was completed.

Board of Survey

The following ways were approved by the Planning Board, acting as a Board of Survey:

Loring Court—a way from Loring Avenue easterly about two hundred fifty (250) feet.

Thompson Place—a way from Loring Avenue easterly about one hundred fifty (150) feet.

Unnamed Way—from Canal Street northwesterly about one hundred fifty-two (152) feet.

Exterior lines of the following ways were approved by the Planning Board, acting as a Board of Survey:

1—A way from Ridge Street westerly about fifty (50) feet

2—A way from the northerly end of Dunster Lane northerly about thirty (30) feet

3—A way from Johnson Road easterly about fifty (50) feet

4—A way from Cambridge Street southwesterly about fifty (50) feet

5—A way from Cambridge Street northeasterly about fifty (50) feet

6—A way from Pond Street southwesterly about fifty (50) feet. Plans of these layouts were prepared by the Engineering Department.

Building Department

Surveys for the determination of street lines were made when requested.

Cemetery Department

Plans showing lotting, restricted areas, etc., and corresponding surveys were made.

The annual locations and plans of all interments were made for record purposes.

Collector of Taxes

Descriptions of land, other data necessary in the preparation of certificates for dissolution of tax liens were furnished to the Collector of

Taxes, and information pertinent to lien certificates was provided as requested.

Highway Department

The construction program for granolithic sidewalks required considerable engineering services again this year.

Estimates, costs and assessments for streets, sidewalks and various highway projects were submitted to the Board of Selectmen.

Lines for street markings and parking lots were furnished as required.

Plans and estimates for the 1958 program are being prepared.

Street layouts and acceptance plans were made of the following ways:

Cleveland Road — Layout

Dana Avenue — Layout

Raymond Place — Layout

Robinhood Road — Layouts of two portions

Construction was completed on these ways, and also on Grant Road, Hinds Road and Royalston Avenue, on which construction had not been completed in 1956.

Engineering services necessary in the construction of the above mentioned ways were provided by the Engineering Department.

Considerable time was spent in making a survey and preparing plans showing surface drainage easements through land owned by the Winchester Country Club and others.

Park Department

Seasonal layouts for baseball, football, swimming, etc. were made as requested.

Surveys to establish park land boundaries were made, and estimates of costs of various park projects were prepared as requested.

Inspection and engineering services were furnished for the construction of the Park Service Building.

Planning Board

The following ways were approved by the Planning Board under the Subdivision Control Law:

Bigelow Avenue—a way from Johnson Road southeasterly about seven hundred (700) feet

Capri Terrace—a way from Thornberry Road southeasterly about three hundred (300) feet to Nassau Drive

Carriage Lane—a way from Squire Road southwesterly about eight hundred thirty (830) feet to Squire Road

Fairlane Terrace—a way from Squire Road southwesterly about five hundred thirty-six (536) feet

Hawthorne Road—a way from Johnson Road northwesterly about seven hundred seventy-nine (779) feet

Longfellow Road—a way from Hawthorne Road northeasterly about six hundred forty-six (646) feet

Mayflower Road—a way from Johnson Road southwesterly about one thousand five hundred seventy-three (1573) feet

Nassau Drive—a way from Thornberry Road northeasterly about one thousand three hundred seventy-five (1375) feet

Old Lyme Road—a way from Hawthorne Road northeasterly about seven hundred sixty-four (764) feet

Pilgrim Drive—a way from Bigelow Avenue southeasterly about five hundred eighty (580) feet, and from Bigelow Avenue southwesterly about three hundred seventy-five (375) feet

Plymouth Road—a way from Mayflower Road southwesterly about five hundred sixty-eight (568) feet

Pocahontas Drive—a way from Mayflower Road southwesterly about five hundred thirty (530) feet

Squire Road—a way from Thornberry Road southeasterly about one hundred forty (140) feet, and from Thornberry Road northeasterly about two thousand seventy four (2074) feet to Wincrest Drive

Thornberry Road—a way from previously approved portion southwesterly about two thousand five hundred ninety-six (2596) feet

Trinity Road—a way from Hutchinson Road westerly about eight hundred eighty-five (885) feet.

Information regarding engineering requirements under the Subdivision Control Law was furnished frequently to private engineers and developers.

School Department

Surveys to establish school land boundaries were made as requested.

Engineering services for the School Department included lines and grades for constructing parking lots.

Estimates of the number of possible building lots in the undeveloped areas of the Town were prepared as requested.

Water and Sewer Department

Preliminary plans, layouts, grades and lines, connection records and assessments have been made for sewers constructed in 1957.

Water main locations and plans showing various installations are being made.

Rainfall and reservoir charts were made as requested.

Miscellaneous

During the year various surveys were made and miscellaneous services provided for other departments and Town officers.

Considerable time was spent in preparing plans of various proposed projects, for presentation at the annual Town Meeting.

Engineering information was furnished to the general public, lawyers, engineers, public service companies and others.

Respectfully submitted,

JAMES A. WAKEFIELD, JR.,
Town Engineer

REPORT OF SEALER OF WEIGHTS AND MEASURES

Board of Selectmen

Town Hall

Winchester, Mass.

Gentlemen:

I submit my annual report for the year ending December 31, 1957.

	Adjusted	Sealed	Condemned
Scales			
100 to 5000 lbs.	3	31	1
1 to 100 lbs.	2	10

Commodity checks			
Food		320	5
Fuel		123	2
Pedlars		6	
Leather Measure		16	

Respectfully submitted,

WILLIAM F. BRANLEY

REPORT OF THE HIGHWAY DEPARTMENT

Board of Selectmen,

Winchester, Mass.

Gentlemen:

I respectfully submit the following annual report of Highway Department activities:

NEW CONSTRUCTION**Streets:**

Five streets were accepted as public ways at the Annual Town Meeting. Three streets were completely constructed and surfaced with bituminous macadam as follows:

Raymond Place from Florence Street to Chester Street

Cleveland Road from Cross Street to the Woburn-Winchester town line

Robinhood Road from Wildwood Street about 457 feet southeasterly

Dana Avenue, which had been constructed except for corner curbing and bituminous macadam surfacing by the developer, was completed.

Robinhood Road from Blossom Hill Road to Westland Avenue, which was built by the developer several years ago, was patched and a seal coat applied.

Grant Road which was started in 1956 was completed.

Under the Chapter 90 program, Johnson Road was completed and opened to traffic between Wildwood Street and Ridge Street.

Surface Drainage

In connection with the acceptance of the public ways, 1240 feet of drain pipe was laid and 29 catch basins and manholes were constructed. Four hundred and sixty-five feet of drain pipe and 11 catch basins and manholes were taken over in new public ways which had previously been installed by developers. Three hundred and thirty-five feet of pipe and 2 drainage structures have been constructed in connection with miscellaneous projects other than street construction.

It is expected that work on the Lockeland Road outfall drain project will be started shortly.

Sidewalk and Curb:

One thousand seven hundred and ten square yards of concrete sidewalk, 2025 linear feet of granite curb, 1171 feet of concrete curb and 693 feet of paving stone curb have been installed during the year.

Skillings Parking Lot

Parking area for 110 cars was graded and paved with bituminous concrete. The paving was done under a general paving contract by Warren Brothers Roads Company.

MAINTENANCE**Streets:**

Eight streets including Bacon Street, Cross Street and Highland Avenue were surface treated during the summer. In addition, almost all roads in Wildwood Cemetery were treated.

Calumet Road, Governor's Avenue, Lloyd Street and Spruce Street were resurfaced with bituminous concrete by Warren Brothers Roads Company.

Sidewalks:

Approximately one mile of bituminous walks were resurfaced with a sheet mix of bituminous concrete.

Street Signs and Marking

One hundred and seventy name and traffic signs were erected during the year.

More than 30 miles of traffic lines were painted on parking areas and public streets.

New parking meter standards have been erected in several locations.

MISCELLANEOUS**New Equipment:**

Two new Ford dump trucks were purchased to replace a 1948 Dodge dump truck and a 1951 International dump truck.

A new Gradall was purchased in May and has proven to be extremely useful in all phases of highway work as well as on other departmental projects. The efficiency of this machine has made it possible to reduce the highway organization by three positions left vacant through retirements and resignations.

Grade Crossing Elimination Project:

The C. J. Maney Company, Inc. completed the entire project including the By-Pass in August. Through the efforts of this contractor, the project was accomplished in the time scheduled and with the minimum of inconvenience to the public.

Garbage Collection:

A contract for town collected and delivered garbage was awarded to the highest bidder, George Sousa of Woburn, for \$2050.50 for the period August 1, 1957 to July 31, 1958.

A new Ford truck and garbage body was purchased to replace a 1951 Chevrolet unit.

Collections are made once a week at each dwelling and daily from food stores and restaurants.

Snow and Ice:

Seven snow storms required plowing and clearing and sanding operations were necessary eleven days.

A new Terratrac 3-ton sidewalk plow was purchased to replace a 1937 Cletrac plow.

Expenditures for Snow and Ice for 1957 were as follows:

Administration	\$ 946.52
Maintenance of Equipment	17,043.12
Plowing Streets and Walks	13,105.97
Removal of Snow	13,817.53
Sanding	14,926.17
Sidewalk Plow	5,395.00
	\$ 65,234.31

The usual fine cooperation was received from all departments, boards and employees.

Respectfully submitted,

JAMES A. WAKEFIELD, JR.

Superintendent of Streets

REPORT OF THE INSPECTOR OF ANIMALS

Board of Selectmen

Town of Winchester, Mass.

Dear Sirs:

During the year 1957 there were 71 cases of dog bites reported in the Town of Winchester. A total of 142 calls were made to check the possibility of rabies in these dogs. There were no cases of rabies in the town during the year 1957.

Four calls were made to determine the health and sanitation of the dairy cattle in Winchester.

Yours truly,

E. WILLIAM JOHANSEN,

Inspector of Animals

REPORT OF THE BUILDING COMMISSIONER

Board of Selectmen
Winchester, Massachusetts

Gentlemen:

I submit herewith the following report of the Building Department for the year 1957:

The total estimated cost of buildings for which permits were issued was \$2,710,350.00.

There were 105 single and 1 two-family residence buildings erected in 1957.

The number of electrical, plumbing, gas and heating permits issued was 1520.

Building permits granted 281.

106 New dwellings and garages	\$ 1,714,000.00	
8 New detached garages	16,000.00	
7 New business buildings	545,500.00	
1 New church	160,000.00	
4 New tool houses	2,050.00	
		\$2,437,550.00
90 Alterations to dwellings	237,850.00	
5 Alterations to stores	33,200.00	
4 Alterations to garages	1,750.00	
		272,800.00
Total of new construction and alterations		\$ 2,710,350.00

Yours very truly,

WILLIAM B. MacDONALD,
Building Commissioner

REPORT OF THE FIRE DEPARTMENT

Board of Selectmen
Winchester, Mass.

Gentlemen:

I submit herewith my twelfth annual report of the Fire Department for the year 1957.

During the year the department has responded to 432 Still, 99 Box, 6 False and 28 Mutual Aid Alarms, a total of 565 alarms. Twenty-four of the alarms were for rescue work at which 13 cylinders of oxygen were used. Twenty-one alarms were for fires at the town dump which has been a problem to us due to the large quantity of combustible material being buried there. Supervised burning in 1958 should help to correct this situation.

Apparatus traveled a total of 2,400 miles and pumpers have pumped 2,263 hours. Due to the severe drouth and water shortage during the summer, our trailer fire pump was used from July 17 until October 10 to

pump water from the M.D.C. supply at Spot Pond through a temporary pipe line into our middle reservoir.

Thirty-seven thousand five hundred feet of 2½, 20,600 feet of 1½, and 90,300 feet of booster hose was used, and 1,135 feet of ladders were raised during the year. Seven dry chemical, 8 carbon dioxide, and 2 foam extinguishers were used. One hundred and sixty-one extinguishers were filled for other town departments or for residents of town.

One hundred ninety inspections of oil burners and oil storage were made and permits issued, 11 for storage of inflammable fluids and 45 for blasting operations. One hundred and five permits were issued for fires in the open. Oil storage permits were issued for a total storage of 41,000 gallons of light fuel oil.

The fire loss on buildings and contents amounted to \$43,100 for the year. Over \$25,000 of this was due to two bad fires.

All motor equipment is in good condition with the exception of Engine No. 3, a 1925 model Ahrens Fox piston pumper. This machine is in poor condition and is planned to be replaced in 1958. The chief's car was replaced in May with a new Pontiac.

All boxes and circuits on our Fire Alarm system were tested each month. New boxes were installed as follows: No. 39 on Swanton St. at Holland St., and No. 334 on Sunset Rd. Approximately 3 miles of overhead wire has been replaced and our wires moved from over 100 old to new utility poles by our fire alarm men. A new private box No. 361 located at St. Mary's Catholic Church was connected to our system. Heat detection equipment was installed throughout the church connected to the fire alarm box thereby giving the church maximum fire protection. Due to the unexpected closing of the Beggs & Cobb tannery and the uncertainty of continued use of the power plant, the steam fire whistle may have to be replaced with a compressed air whistle in 1958.

The station building is in good condition. Members of the department have re-painted seven of the second floor rooms. A separate watch room is needed at the apparatus floor to replace the present inadequate arrangement and should be built in the near future.

The manual force consists of 34 permanent and 10 Call Men. One additional permanent man was appointed to the force in April. The permanent force at present consists of a Chief, 1 Captain, 4 Lieutenants, a Mechanic, 2 Fire Alarm Men and 25 Firefighters.

Our auxiliary force is composed of 22 men, two new men having joined the force during the year. They have attended a training program conducted by Captain Amico one evening each week from May through June and from September through December. They have responded to many of our alarms and given us valuable assistance. We are fortunate in having this trained group of men available to assist us.

There has been continued home building activity in the Johnson Road, Ridge Street area. The west side fire station should be built in the near future to provide this section of town with adequate fire protection.

I wish to express my appreciation to the residents and business men for their cooperation in fire prevention, to the permanent men who have

responded to alarms when off duty, our call men, to chaplains Rev. Bailey and Rev. Anadore, Chief T. P. Clarke and his auxiliary fire force, Mr. Boecker and Mr. Russell of our Civil Defense office and members of other town departments for their cooperation and assistance.

Respectfully submitted,

JAMES E. CALLAHAN,
Chief

IN MEMORIAM

CAPTAIN EDWARD D. FITZGERALD

1919 - 1957

REPORT OF THE TREE WARDEN

Board of Selectmen
Winchester, Mass.

Gentlemen:

During 1957, the Tree Department was occupied for the greater part of the year on the Dutch Elm problem. The number of diseased trees was eighty-five (85) in comparison with one hundred forty-one (141) in 1956. Sixty-three (63) were on private property, two (2) on Park land, four (4) at the Town Hall, one (1) at the Cemetery, one (1) on School property, and fourteen (14) along the public ways. Approximately one-half of all infected trees have been removed and burned, and the balance will be similarly disposed of before March 1958. Public Elm trees were sprayed with DDT in May and July.

Feeney Brothers of Winchester was low bidder for spraying of private trees. After completion of the program, charges to property owners were made through the Town Collector in the amount of \$1,514.55.

During 1957, one hundred ninety (190) public shade trees were planted. There were 97 Sugar Maples, 22 Norway Maples, 16 Plane trees, 16 Liquid Amber, 15 Lindens, 10 Schwedler Maples, 7 Crimson King and 7 Pin Oaks.

The Tree Department, as usual, assisted in the Snow and Ice program from December through March.

Respectfully submitted,

JAMES A. WAKEFIELD, JR.
Tree Warden

REPORT OF THE REGISTRARS OF VOTERS

The Registrars of Voters herewith submit the following tables showing the number of Registered Voters in the six Precincts on December 31, 1957:

	Dec. 31, 1956	Dec. 31, 1957
Precinct 1	1854	1776
Precinct 2	1499	1397
Precinct 3	2235	2113
Precinct 4	2055	1973
Precinct 5	1430	1338
Precinct 6	1509	1444
	10,582	10,041

GEORGE J. BARBARO, Chairman

HARRY J. DONOVAN

HENRY P. MURRAY

ELSIE M. NELSON, Clerk

REGISTRARS OF VOTERS

REPORT OF TOWN COUNSEL

Board of Selectmen
Winchester, Massachusetts

Gentlemen:

The Town Counsel is the legal advisor and attorney for the Town, its various committees, boards and officers. The growth and development of the Town, new legislation, technical requirements, increasing number of town meetings, land takings and special problems that continually arise, all tend to make it necessary to spend more and more time on Town duties.

During the year many formal legal opinions requiring considerable time are rendered in addition to almost daily requests for advice. Much time is spent in preparation and execution of deeds, contracts, certificates, special easements, bonds and releases. Numerous takings, sidewalk orders, street layouts, sewer construction orders and orders for betterment assessment are examined and recorded at the Registry of Deeds. Titles have been examined to property acquired, necessary orders drawn and assistance rendered in connection with land taking settlements.

Considerable attention is given to preparation of Town Meeting warrants, articles for Town Meetings, drawing of votes, and conferences with committees, boards and officers involved.

Legal suits that are now pending in the courts in which the Town is involved include those of Boston & Maine Railroad, John F. Cassidy, Children's Own School, Inc., Consolidated Greenhouses, Inc., Sixten G. Ericson, Fiore Errico, Frances Errico, James B. Errico, Jeanette Garbino, Rose M. Garbino, Francis X. Hurley, Clare M. Hurley, Chester C. Locke, George Ellis Locke, Harry D. Locke, Wendell W. Locke, Herbert Lord (3), William G. Murray, Frank Reego, Eugene B. Rotondi, Jr., Mary Louise Rotondi,

Roger H. Rotondi, Eugene B. Rotundi, Sr., Mary G. Rotundi, Fred J. Schiffmacher, Genevieve Schiffmacher, and Charles Tedesco. A number of cases have been tried or adjusted during the year. Claims by or against the Town are investigated and suitable action taken.

Every effort is made in the time that is available to protect and safeguard the legal interests of the Town and to cooperate as far as possible in rendering all legal advice and assistance to the various committees, boards and officers.

Respectfully submitted,

VINCENT P. CLARKE

REPORT OF WORKMEN'S COMPENSATION

Board of Selectmen
Winchester, Mass.

Gentlemen:

I respectfully submit the annual report of the Workmen's Compensation Department for the year 1957.

There were seven permanently disabled workmen receiving compensation on January 1, 1957. Two cases were discontinued during the year and one new case added. As of December 31, 1957, there are six permanently disabled workmen. Compensation payments for these cases amounted to \$9,236.75 while medical services costs were \$1,530.57. Rehabilitation is being attempted in one of these cases but there is little or no success to be reported at this time.

Eleven workmen received injuries which incapacitated them for a total of 321 days in 1957. Temporary compensation paid these cases amounted to \$1,658.83 and medical services amounted to \$531.92.

Forty-eight workmen reported minor injuries, which in many cases required medical services but no compensation payments since there was no loss of work as a result of these injuries. Medical Services for these injuries cost \$541.48 in 1957.

Effective November 3, 1957, Chapter 643 of the Acts of 1957, increased the weekly payment for each dependent of an injured workman from \$3.00 to \$4.00.

The agent wishes to express his appreciation for the cooperation he received from all departments concerned.

The following figures point up in some detail the 1957 expenditures:

Compensation payments	\$ 10,895.58
Hospital costs	940.31
Physicians services	1,314.95
Medicines	65.81
Other medical services	285.00
	\$ 13,501.65

Respectfully submitted,

WILLIAM P. SUPPLE,
Agent

Third and Final Report of the Incinerator and Waste Committee

DECEMBER 16, 1957

In its two previous reports, the Committee pointed out that there seemed to be only four methods of refuse disposal meriting consideration by the Town of Winchester, namely: (1) Sanitary land fill; (2) sanitary land fill combined with controlled open burning; (3) an incineration plant used through some sort of joint venture, and (4) an incineration plant operated by the Town. The Committee's investigation has also substantiated that any known disposal method would require a dump for the disposition of non-combustibles and the residue from incineration.

The Committee considered other proposals such as home disposal units, grinding and baling plants, the Wandell process, and a method known as ORCOA, the latter being a plant converting refuse to a soil conditioning product. These proposals were rejected after considerable study. The Committee has concluded that the ultimate and most satisfactory solution is a municipally owned and operated incineration plant adjacent to an area affording a long life for disposal of the non-combustible material and residue from the incinerator.

The Committee recommends the construction and operation of a municipal incinerator, equipped to burn garbage when and if that becomes necessary, with a capacity to accommodate the estimated maximum population of the Town.

The Committee conferred with the Arlington Incinerator Committee, communicated with Woburn and Stoneham, considered the M.D.C. program, and concluded that there was little probability of joint action on a regional incinerator in the immediate future. Furthermore, and most important, joint ventures eliminate sole control of cost and operation by a town and are thought to be fraught with dissatisfaction generally. This is due to the large area of potential disagreement over a location, type of plant, cost of construction and operation, collection schedules, the trucking of refuse to the incinerator through other towns, etc. The life of the M.D.C. program has expired without any advantage of it being taken probably for the foregoing reasons.

For approximately ten years, the Town has used a method of sanitary land fill at the Swanton Street disposal area. This dump has accommodated many kinds of refuse, except garbage. The Committee believes, considering the inherent objectionable features of this method, that the Town dump operation has been a credit to the Town. However, the Town's experience at the Swanton Street dump points out the many disadvantages of this sanitary land fill method. Covering a large volume of combustible material with fill rapidly uses up the cubic area of a dump site, and the fill itself is expensive. Such a method may be adaptable to wide open areas, but is not desirable in an attractive and growing residential town such as Winchester, in which disposal sites are scarce and growing scarcer.

Even during this study, potential dump sites have been largely eliminated from further consideration by residential building around them.

The ever present fire hazard is another great disadvantage of the present method. Fires on the present dump have burned for days, causing smoke and offensive odors as well as tying up fire fighting apparatus and using millions of gallons of our critically short water supply. Even without such fires, it is impossible to eliminate all odor, and the fill itself creates a dust problem. Any such dump is a harborage for rats because of the presence of unburned food containers and wrappings which attract vermin.

The present method affords no opportunity for the disposal of garbage, a major problem which may confront the Town at any time. The Committee believes that the requirement of cooking garbage before it is fed to swine and the decline in the number of nearby piggeries forecast an end to the sale of garbage in the not too distant future.

Incineration of the combustible refuse before it is placed on the dump solves many of the problems referred to above. Burning of refuse greatly reduces its volume, thus prolonging the life of the area where the residue is placed. The residue is sufficiently sanitary to minimize the fill required for covering, eliminate obnoxious odors and the ash presents no fire hazard. Also, food containers, including cans and jars, become sterilized and cease to attract vermin.

It must be emphasized that only through an inside plant operation can the aforementioned objectives be fully realized. The modern incineration plant achieves complete combustion which eliminates smoke and odor. Such a degree of combustion is not possible with controlled open burning. Although the latter method prolongs the life of a disposal area and prevents further aggravation of the present bad situation, it can merely minimize its attendant hazards and severe annoyances.

In March, 1957, the Committee recommended that the Board of Health inaugurate controlled open burning on the present site to prolong its life until an incineration plant is in operation. It should be noted, however, that the present site has already reached an undesirable height. Therefore, this practice should not be continued beyond the period necessary to have the incinerator in operation. Such burning is inevitably offensive to homes within a wide area, and the Committee believes that a town of Winchester's character would find it objectionable and unfair as a permanent practice.

Because of the objectionable factors of the present method, the scarcity of feasible long-life sites, a potential garbage problem, and the assumed objection to permanent open burning, the Committee concluded that an incinerator offered the most realistic and long term solution to the Town's refuse disposal problem.

The Committee has considered numerous sites and, after careful study, recommends the acquisition of the pit assessed to Michael and Margaret McGonigle and the pit assessed to the Winchester Brick Company. These two pits, comprising approximately twenty acres, lie between East Street and Cross Street and appear to be the most suitable area for an incinerator and for the disposal of non-combustibles and incineration residue.

Although there is, at present, a form of business activity on this property, it should be noted that these pits are located in the General Residence Zone. Therefore, subsequent to their acquisition by the Town, it would be necessary to re-zone the area to conform to the activity recommended in this report.

The use of the pits has several advantages. The topography of the area is ideally suited for the tri-level design of a modern incinerator. Although the location is relatively near the center of Winchester's population and its major refuse sources, geographically it is on the outskirts of the Town, not surrounded by residences or potential residential developments. Should Woburn or Stoneham, at some future time, desire to use the incinerator, on acceptable terms subject to Winchester's control, trucking through Winchester streets would be minimized.

Serious consideration was given to the proposal of locating the incinerator on the north side of East Street, thus leaving the entire pit area free for the disposal of non-combustibles. The disadvantages of this site are that residue would have to be trucked across East Street to the pits, elimination of the possible development of the site for light industry, and that artificial ramps would be required which would add substantially to the construction cost of the plant.

A site off Johnson Road was studied, but this location was rejected because of its remoteness from the Town's population center, lack of access from either Johnson Road or Cambridge Street, and its value for development purposes. Houses have already been built in the vicinity and a development is said to be planned on its border. If access were provided from Johnson Road, the route which refuse trucks would follow creates additional problems, namely: (1) The proximity of the West Side Playground, and (2) the steep grade of Johnson Road, which would be a hazardous and difficult ascent during the winter season.

The Committee seriously considered confining the incinerator and dump to the present general location in the industrial area of the Town. The Committee believes that the construction of an incinerator on the present site, which is unsettled land and said to have stumps twenty feet in depth in places, would be slow and costly. If any dump location were utilized with the sanitary land fill method during the period required for the construction of the incinerator on the present dump, the life of the new dump site would be reduced and the attendant hazards of the present method would be created in a new neighborhood.

The area across the Aberjona River from the present dump site was seriously considered and was rejected because its use would eliminate for some years the only large, available tract for light industrial development.

The Committee has been advised that the pits, used in conjunction with the incinerator, would have an estimated life of one hundred years — unless filled substantially with stumps, hurricane debris, material from building demolition, and an unexpected volume of other non-combustibles.

As was indicated in the Committee's second report, a planning consultant was engaged to assist the Committee in establishing dump site selection criteria. His report to the Committee covered some fifteen sites,

two of which were outside, but adjacent to, Winchester's boundaries and recommended that the pits be used as one site in conjunction with others. The Committee's overall analysis of the problem revealed a very long estimated useful life of the pits, making their choice desirable and additional sites unnecessary. If the Town feels a solution for a period of more than the estimated one hundred years is desirable, a second site for the disposal of non-combustibles should be obtained.

With respect to disposal method, the following is quoted from the planning consultant's report:

"The most efficient way of disposing of combustible rubbish is through complete incineration in an industrial incinerator structure. While the initial capital outlay for such an incinerator structure and its equipment may be considerable, and while the daily operating costs may be more than for the preceding methods described (open dump, sanitary land fill, outdoor burning), complete incineration is unquestionably the most suitable for a Town such as Winchester, surrounded by densely populated areas."

A Boston engineering firm was engaged to assist the Committee in the preparation of a cost estimate for the recommended program. Its study included: (1) An engineering evaluation of the suitability of the alternate sites from the viewpoint of incinerator design and its construction costs; (2) estimates of the capital outlay required to establish alternate types of incineration and collection systems, and (3) estimates of operation and maintenance costs including collection of rubbish and garbage. A summary of its report to the Committee, with pertinent quotations, follows:

"The specific problem involved in rubbish disposal is that the present dump has reached the end of its useful life. Purchasing more land and continuing the present mode of rubbish disposal is too costly and wasteful of the small amount of unoccupied lands available."

After studying all large parcels of unoccupied land in Winchester, to determine the suitability of these tracts for refuse disposal areas, the engineers found the pits located between East Street and Cross Street "to be the only site in Winchester suitable for a long-term disposal area."

Their report includes an analysis of the quantity and the various types of refuse for which the Town must make provision. Based on this study, they discuss the various methods of disposal, indicating the advantages and disadvantages of each, which have already been covered in this Third and Final Report of the Committee.

In recommending that Winchester construct and operate an incinerator, located on Cross Street near the intersection of Verplast Avenue, the engineers cite the following advantages:

"(1) Location relatively near the center of population; (2) direct handling of ashes and incombustibles from incinerator ash pits to disposal area due to difference in level between Cross Street and bottom of pit; (3) smokeless and odorless reduction of refuse which will not

degrade the value of the surrounding property; (4) brush, tree trimmings and grass clippings can also be reduced; (5) sanitary disposal of garbage can also be accomplished without smoke or smell. Although garbage can presently be disposed of to piggeries in adjacent towns, it is problematical how long this practice may be continued in the foreseeable future either because of excessive cost or discontinuance of the existing piggeries. At such time, incineration facilities become vital as incineration is the only other practical method of garbage disposal (6) the expected life of the recommended site is in excess of 100 years; (7) after any section of the disposal area has been brought to final grade, the area may be immediately used for any purpose; and (8) the modern architectural lines of the proposed incinerator together with landscaping of the disposal area would make the incinerator a desirable addition to the neighborhood."

The engineers' description of the proposed incinerator and its proposed mode of operation follows:

"The plant with all appurtenances, roads, driveways, and desired setback from both Cross Street and Verplast Avenue will occupy about one acre. The plant would have a single incinerator of the 100 ton size, equipped with a mechanical stoker and hydraulic charging gate. An incinerator of the 100 ton size will permit the disposal of the accumulation of garbage and rubbish in one eight hour shift with a five day work week. The incinerator plant will encompass the following features: (1) Brick faced exterior with long, narrow bands of sash to enhance the appearance of the building and give the plant distinctively modern lines. (2) Indoor truck unloading facilities to prevent paper, dust and other waste materials from blowing onto adjoining property and provide garaging for collection trucks. (3) Refuse bins so located in the indoor unloading area to permit direct dumping of rubbish and garbage from trucks into bins of adequate storage capacity for 2 days' collection. (4) Monorail crane with single line clam shell bucket for transferring refuse from bins to incinerator furnace. (5) Location will utilize large difference in elevation between street and disposal area floor to permit direct disposal of ash from incinerator ash hoppers, initially by chutes and eventually by dumping into truck, and hauling to area of pit being used for ash disposal. (6) Truck scale to assist in keeping accurate records of incinerator operation and cost. (7) Provisions for future washers or scrubbers in the gas stream should it be found necessary in the future. A comparable incinerator in this vicinity (Marblehead) is operating without washers and, so far, no difficulties or complaints have been experienced.

"The proposed incinerator plant would be operated with a force of 3 men — one man on the charging floor to supervise unloading of trucks and operate crane to charge the incinerator, one man on the stoking floor to operate the stoker and incinerator accessories and supervise the fire in the incinerator, and a third man on the ash pit level to dump ashes from the stoker ash pit into ash truck and drive the truck

to the disposal area for final disposal. This 'ash' man, in addition to hauling ashes from the incinerator, will be able to supervise the operation of the disposal area, preventing dumping of combustibles and garbage in the disposal area, and direct the dumping of incombustibles and debris.

"An alternate to this proposed design would be an incinerator plant with a 50-ton size incinerator operated 2 shifts a day on a 5-day week. This plant would require 6 men to operate. However, this alternate is not economically practical as the increased labor cost of about \$17,000. would not be offset by a comparable reduction in construction cost. The reduction in construction for the smaller plant would be only \$60,000. to \$70,000."

The Committee desires to call to the Town's attention two very important considerations involved in this method of refuse disposal, namely: (1) Collection of rubbish by the Town is essential to the successful and efficient operation of any incinerator, and (2) the cost of construction and operation of this type of plant, including the cost of collection, is considerably higher than the cost of disposal by the sanitary land fill method, with or without controlled burning.

Because of the advantageous topography of the site recommended, it is estimated that the construction cost of a plant incorporating the above features will not exceed \$350,000. This does not include the cost of land acquisition, engineering fees, resident supervision during construction, or contingencies. It does include complete landscaping, driveway paving, and all equipment necessary for plant operation. When rubbish collection is instituted, the purchase of 3 load-packer type trucks will become necessary at a total cost of \$30,000. In the following tabulation of annual costs, these trucks have been depreciated on a five year basis, although it is contemplated that they would be replaced every three years.

The following costs are predicated on present population and price levels (December 1957) and include an average annual cost of \$24,000. for amortizing the construction cost of the proposed incinerator plant. It is anticipated that land acquisition costs, engineering fees and contingencies will be taken from current revenues and/or surplus and, accordingly, have not been included in the annual operating cost tabulation.

It should be noted that the cost of acquiring land for a new disposal area is a factor of expense regardless of the disposal method used; in other words, the Town is faced with the cost of acquiring a site whether or not a plant is built upon it.

All salaries used herein are based on current levels now being paid by the Town, and all incinerator plant and collection costs are based on actual costs experienced in Marblehead, Mass., which is presently operating a new incineration plant comparable to the plant proposed for Winchester, and which is a town of comparable area, population and character of homes.

**ESTIMATED ANNUAL COST OF REFUSE DISPOSAL
BY PRESENT METHOD**

(Sanitary Land Fill with Collection and Sale of Garbage)

Salaries of disposal area personnel		\$ 9,700.00
Expenses		1,200.00
Fill		5,000.00
Amortization of bulldozer		3,700.00
Garbage collection	\$ 45,000.00	
Less revenue from sale	2,000.00	43,000.00
		\$ 62,600.00

The above costs include the amortization of a new bulldozer, which must be purchased if this mode of operation is to be a permanent method of disposal, but do not include the cost of fighting buried fires which, in past years, has been substantial.

**ESTIMATED ANNUAL COST OF REFUSE DISPOSAL BY PRESENT
METHOD WITH CONTROLLED BURNING OF RUBBISH**

(With Collection and Sale of Garbage)

Salaries of disposal area personnel		\$ 13,500.00
Expenses		1,200.00
Fill		1,500.00
Amortization of bulldozer		3,000.00
Garbage collection	\$ 45,000.00	
Less revenue from sale	2,000.00	43,000.00
		\$ 62,200.00

The above costs include the amortization of a new, though smaller, bulldozer which must be purchased if this mode of rubbish disposal is selected as a permanent method and the purchase of a nominal amount of fill. The bulldozer would be used for moving ashes and incombustibles from the area where the burning is done to the disposal section of the dump. The costs also include the salary for an additional attendant whose services would be required for the controlled burning operation unless the dump is open fewer hours.

**ESTIMATED ANNUAL COST OF REFUSE
DISPOSAL BY INCINERATION**

Amortization of plant	\$ 24,000.00
Salaries of operating personnel	16,000.00
Maintenance of incinerator	4,000.00
Fuel, electricity and water	2,000.00
Miscellaneous expense	1,000.00
Fill	500.00
Rubbish collection	49,000.00
Garbage collection	28,000.00
	\$124,500.00

The above costs are predicated on the use of a Highway Department bulldozer or grader for covering ash and incombustibles with fill when needed. With the advent of rubbish collection, it is estimated that present garbage collection costs would be reduced by 25%. Further, if garbage were burned instead of sold, the elimination of the 4-mile haul to the Woburn piggery would result in additional saving. The allowance for these two items was made in the above estimated garbage collection cost.

The Committee earnestly sought a solution to the Town's refuse disposal problem which would not require municipal rubbish collection, realizing that this feature may be objectionable to some residents. Although collection appears to be inescapable at such time as an incinerator is put into operation, it should be pointed out that many Winchester residents now pay to have their rubbish removed to the dump. Also, in areas where rubbish collection is commonly practiced, backyard burning is often prohibited, thereby eliminating an increasing annoyance in densely populated neighborhoods.

Before municipal rubbish collection is undertaken, the Committee recommends that bids for collection by private contractors be solicited. It may be ascertained, at that time, whether or not backyard collection, though more costly, would be more acceptable to the Town.

Based on the information accumulated during the past two years, and for reasons that have been outlined in this report, the Incinerator and Waste Committee recommends that the Town of Winchester take the following action in order to solve its critical refuse disposal problems:

1. Initiate controlled open burning at the present disposal area in order to prolong its life, pending the construction of an incinerator.
2. Take the necessary steps to acquire as soon as possible the Cross Street-East Street site in order that it may be available as the new disposal area to be used in conjunction with an incinerator to be built thereon.
3. Authorize the preparation of plans and specifications for the construction of an incineration plant.
4. Construct and place in operation the incineration plant at the new disposal site and thereupon discontinue all operations at the present disposal area.

The Committee recommends the above program in its entirety. Piecemeal adoption may well result in a short lived disposal area, and sites may not be obtainable in the future, due to the present rate of development, except at greater cost and possibly requiring demolition. Any extensive delay in the adoption of these proposals may well result in a greatly increased cost for this type of project. It is the Committee's judgment that Winchester should be prepared to cope with a potential garbage disposal crisis; otherwise, the Town may find itself at the mercy of some other community whose foresight permitted it to establish a program similar to the one recommended in this report.

The Committee gratefully acknowledges the advice and assistance offered by Town officials and employees, and also expresses appreciation for the many suggestions submitted by numerous Town citizens.

Respectfully submitted,

Final Report of the Library Addition Building Committee

A three hour debate at the fifth adjourned session of the March '57 Town Meeting failed to settle the controversial library addition issue. Voters accepted by a vote of 105 to 70 a substitute motion by the Planning Board for the continuance of the Library Building Committee and the sum of \$2,000.00 was allocated for consideration of new plans. The Committee had been granted the sum of \$4,500.00 for the prior plans, fees and expenses. All of the "pros" and "cons" were fully reported in the Winchester Star dated March 22, 1957.

The chief objections at the March Town Meeting seemed to be (1) the expense involved. (2) the "style" of the proposed additions. (3) The questioning by some, of the "actual" need. Many felt that the Town could struggle along with the present Library as is or perhaps make some vitally needed additions on a much more modest scale. All this despite the fact that the Finance Committee agreed there was a need for more and better facilities and felt that it was prudent to go ahead with the plans as presented minus the auditorium wing.

At the Special Town Meeting of October 7, 1957 the Town also turned down the new plans which were presented by the Building Committee by a vote of 114 to 36 calling for a new wing to be added to the present structure at a cost estimated to be \$294,900.00. The original plans were estimated to cost \$396,000.00. The account of this Special Town Meeting is reported in the Winchester Star, dated October 11, 1957.

The Library Addition Building Committee was naturally very disappointed that the new plans were not accepted by the Town Meeting Members, the Planning Board, the majority of the Finance Committee, with the Board of Selectmen not declaring itself either for or against. The Committee had tried to incorporate in these plans most of the suggestions made by the Town. Space was whittled down and many features which new Libraries today are adopting, were eliminated. Economy became the watchword of the Committee. Since there were apparently no objections to the

styling of these plans at the October Meeting of the Town, the Committee naturally assumed that they were suitable as far as "looks" were concerned. The only objection seemed to be that the Town couldn't afford it and that the need was not paramount what with more school expenditures due in the near future. Thus, the needs of the Library, for the fifth time at least, in the past ten years (1949-'51-'52-'55-'57) have been set aside in deference to the schools once more.

The Committee feels that its time-consuming work of a year and one half's duration has not been in vain, however, and that a definite contribution has been made to the Town. The plans and most pertinent data will be in the hands of the Library Trustees, and at some future date when the Town finally feels that it can afford a Library addition, this material will be available to aid in the deliberations of that time.

Report of the Youth Activities Committee

Continuing its survey of the need for a program of activities for out-of-school youth, which was begun last year, this Committee has come to the conclusion that there is at present no substantial need for the development of such a program.

The Committee believes that the future expansion of the Town's program of youth activities, when and if a need is demonstrated, can best be handled by existing town boards, notably the Park Commission and the School Committee.

The Youth Activities Committee respectfully requests that it be discharged by the Town Meeting.

JOHN F. KINTON
CLAIRE E. MULLEN
F. MEREDITH COOPER, Chairman

Report of Town Forest Committee

Board of Selectmen
Winchester, Massachusetts

Gentlemen:

The Town Forest Committee utilized the \$1500 appropriation made available by the Town at the last Annual Meeting to employ a forestry contractor to continue the tree surgery so well begun in 1956. Excellent progress was made in the East and Southeast sections, and the work so far done has greatly improved the appearance of the Forest. The Committee intends to request another \$1500 appropriation for the Year 1958, and probably for several succeeding years, in order that the entire 25 acres comprising the "Clara G. Brooks Woods" may be completely covered. We urge the support of the Town for this program, at the conclusion of which the beautiful shade trees will all have received any necessary treatment. A minimum maintenance and brush removal schedule would then obtain for a period of many years with this unusual secluded area established and continuing as one of the most pleasant assets of Winchester.

In our report of a year ago, we spoke of our hope that those who were handling Boy and Girl Scout groups might, to the advantage of both these groups and the Forest, interest them in developing in the youth of the Town a feeling of protectiveness as opposed to one of destructiveness toward this woodland. It is the intention of the Committee to send a copy of this report to the Boy and Girl Scout authorities, pointing out to them that we shall welcome their assistance in our joint efforts to stop the unfortunate and thoughtless damage inflicted from time to time upon all types of growing trees and shrubs in the Forest. We shall continue to recommend that there be no further planting of small trees in this area until such time as we feel we may reasonably expect they will not be partially or wholly disfigured or destroyed.

Many of our citizens enjoy walking through the "Clara G. Brooks Woods", and to them and to all others who may later have that enjoyment, we appeal for help in keeping our Town Forest the sort of place which we are attempting to develop for the recreational satisfaction of all concerned.

Respectfully submitted,

WINCHESTER TOWN FOREST COMMITTEE

EDWARD H. MCKENZIE, Chairman
RICHARD PARKHURST
SHERMAN B. RUSSELL

Report of the Committee to Study the Town Meeting

The Special Town Meeting of June 1957, unanimously voted to establish a committee to study the Town Meeting and to make such recommendations as might seem appropriate toward an effort to improve the efficiency of the Meetings and to shorten the time necessary to deliberate on matters pertaining to the business of the Town of Winchester.

It was voted that the Committee should consist of the Moderator, one member of the Board of Selectmen, one member of the Finance Committee, and four members appointed by the Moderator.

The Committee held a series of meetings and consulted with the Town Counsel for legal advice. Inquiries were sent to all of the forty towns in the Commonwealth having the representative form of town meeting. Thirty-five responded and these replies were tabulated and studied. The Committee sent a questionnaire to all Town Meeting Members and invited their comments and suggestions. The one hundred twenty-six responses contained many thoughtful and constructive expressions of views which have been most helpful.

On December 5, 1957, the Committee held a Public Hearing in the Town Hall and received from citizens who were present suggestions which have been carefully considered.

The problem which this Committee was directed to study seems to fall into these categories:

1. The length and number of sessions. (The Annual Town Meeting in 1957 required eight sessions to complete action on seventy-three articles. None of the thirty-five towns which answered our inquiry held as many sessions. Their average was 2.8 sessions, and the number of articles dealt with comparable.)
2. The apparent lack of information on the part of many of the Town Meeting Members and citizens concerning articles to be voted upon.
3. Overlong and repetitive speaking.
4. Parliamentary procedure and conduct of meetings.

Your Committee believes that the Annual Town Meeting can be shortened only if in fact there is a basic change in attitude toward the Meeting. We feel that too large a proportion of the debate at Town Meeting has not been to the point and that the tendency toward unnecessary length has been increasing. Without recommending any significant reduction of the right of any person to speak, we recommend a generally more rigorous approach to the conduct of the meeting.

We recommend a tightening of the mechanics of the conduct of these meetings.

First: We recommend the adoption of Roberts' Rules of Parliamentary Procedure in place of the Cushing Manual now used. Roberts is much more widely used at the present time, is more explicit, is more easily understood and has kept pace with developments in Parliamentary Procedure.

Second: We recommend a more definite approach toward punctuality. Each session ought to start on time and each recess ought to end at the termination of ten minutes.

Third: We recommend that the spokesmen for Committees and Boards be limited to ten minutes' speaking time when making their presentation, and that all others, whether Town Meeting Members or not, be limited to five minutes' speaking time. We recognize that in extraordinary cases extensions may be voted. To enforce these time limits, we recommend the use of a mechanical device which will warn the speaker, the Meeting and the Moderator when the limited time has been used up.

The Committee will present special articles covering these recommendations for consideration at the next Annual Town Meeting.

We believe that by a rigorous acceptance of the rules with respect to time limits for speaking and for relevancy wasted time will be cut to a minimum. If the Town Meeting Members and the citizens of the town are willing to conduct the Town Meetings in a formal and business-like manner, the moderator's gavel can and should be used more freely. We feel that in recent years the general approach toward an expeditious consideration of the business of the Town Meeting has been considerably relaxed. Special articles and budget matters must be discussed concisely and carefully. The length and number of sessions required at the last Annual Town Meeting prove that we can no longer afford leisurely and inefficient methods.

It is most important that Town Meeting Members be informed and prepared in advance for the Town Meeting. We believe that by the adoption of certain changes, better and more extensive information may be made available before the formal Town Meeting. Precinct Meetings have served a valuable function, but we believe that the subject matter that has had to be considered at precinct meetings has become too much to handle at one meeting, consequently, we recommend that only special articles should be discussed at the precinct meetings. In addition, we recommend that the Finance Committee hold a general public meeting for Town Meeting Members and others on all budget articles. The time spent at these two meetings will be well spent indeed if the Town Meeting proper were shortened.

We also believe that the report of the Finance Committee would serve a more valuable purpose if it is expanded to some extent. At present, in our Finance Committee report, the Town is furnished with budget and tax rate information with general observations as to the state of the Town's affairs and with recommendations as to action on the warrant articles. In some other towns, notably Wellesley, the Finance Committee report also contains concise statements of the subject matter and purpose of each

warrant article and relevant facts which the Finance Committee deems important. While recognizing that the usefulness of such material will depend on the skill of the Finance Committee as it exists from time to time and on the willingness of Town Meeting Members and of others to examine such material in advance of the Town Meeting, this Committee believes that the Winchester Town Meeting would be aided by the inclusion of such statements as to the various warrant articles in the Winchester Finance Committee report.

If, however, our Finance Committee is to be expected to produce statements which are accurate and informative, this Committee believes that the Finance Committee must be allowed more time for investigation between the date the warrant closes and the date its report goes to the printer. Our by-laws presently require that the Finance Committee report to the Annual Town Meeting be distributed with the Town Warrant. We are advised that this requirement allows the Finance Committee little more than two weeks after the warrant closes within which to complete its investigations and write its report. While many articles in the warrant are inserted by Town Boards and Committees and can be investigated to some extent in advance of the closing of the warrant, this Committee believes that the Finance Committee should have more time after the warrant closes in which to complete its work, if the Finance Committee is to produce a report of maximum usefulness to the Town.

The Committee recommends that the town by-laws be amended so as to change the required date of distribution of the Finance Committee report to the Annual Town Meeting from the date of distribution of the Town Warrant to a date not later than seven calendar days before the first business session of the Annual Town Meeting.

Respectfully submitted,

FRANK D. HAWKINS, Chairman
MARGERY B. LIVINGSTONE, Secretary

Report of the Waterways Committee

By vote of the Town Meeting of 1957 this committee was appointed by the moderator to consider the condition of the Aberjona River area.

The committee considered three main problems: flooding, appearance, and freezing. Complaints have been made from time to time about flooded cellars in the Winter St. area during periods of high water. Also the suggestion was made that there might be heaving damage caused by freezing under the surface of the new by-pass where the road is so close to the water level.

To remedy these conditions it had been suggested that the mill dam in the center of the town be lowered approximately 18".

After speaking to soils engineers and the original project manager of the by-pass road, the committee is of the opinion that heaving damage is unlikely and that expensive work is not warranted for this cause.

The problem of flooding is more difficult. The weir on the Aberjona near Winter St. was removed this year. The committee feels this should definitely help decrease the flooding in this area. The construction in the center is finished and new bridges have replaced many of the older spans with larger openings and this should also alleviate the condition. The committee recommends that the Aberjona from Swanton St. to Shore Road be dredged as a further measure to reduce the possibility of flooding, but the committee is not in favor of lowering the dam.

The committee bases its opposition to lowering the water level in the mill pond for reasons of appearance and economy and also because it is uncertain how much this would help the flooding problem.

The committee further recommends that the dredging include the following sections: from Shore Road to the Mill dam including the pond at the center, and Horn Pond Brook from Lake St. to the junction of the Aberjona including such portions of Wedge Pond as are found necessary.

The lower part of Wedge Pond has become filled with sediment since the upper part of Horn Pond Brook was dredged a few years ago. The construction work at the overpass has also aggravated the situation at the Mill Pond.

The Committee recommends that this work be done under Chapter 91. It is the hope of the committee that the M.D.C. will take similar steps to dredge and improve their section of the Aberjona from below the mill dam to the Mystic Lakes after the town has taken care of its sections.

Wedge Pond, the Mill Pond, and the Aberjona are definite assets to the town if they are properly maintained. The committee recommends that the town approve the articles in the warrant to dredge and improve the river.

The Winchester Public Library has had the busiest year in its history. The need for increased space in all departments has now become imperative. Insufficient room for book storage, inadequate facilities in the Children's and Young Adults' Sections and cramped work room areas for the Staff have made it most difficult to provide the efficient, modern library service which our community has come to expect.

A plan for an addition to the Library, together with estimated costs, was presented at the March Town Meeting by the Library Addition Building Committee. After much debate, it was voted that the Committee should re-study the plan and report at a future meeting.

A new plan was presented at a Special Town Meeting in October but was not approved.

The Trustees wish to acknowledge with much gratitude the untiring efforts of the Library Addition Building Committee members during the year and a half of their deliberations. They met the problems of their task with intelligence and resolution.

As a result of the adverse vote on the Library addition, it will be necessary for the Trustees to insert a special Article in the Warrant at the Town Meeting in March, 1958, requesting sums to be used for renovation and repair to the existing building. Details of this intended program may be found in the Librarian's Report.

Due to the critical lack of space, and because of the Town's adverse vote on the building addition, the Trustees were forced to the decision that the Exhibition Hall should be taken over for book shelving and reader use. The film program for Adults and Children held in this room have been discontinued. We very much regret that the Art Association and other groups which have used this hall must seek accommodations elsewhere. The Rich Room will still be available for small group meetings.

The Trustees were deeply grieved by the passing of Mrs. Langley C. Keyes, a valued Trustee for many years. Her sound judgment, keen intellect and warm personality will be sorely missed.

Mr. Leon F. Sargent resigned after 15 years as a Trustee. His contributions to the excellence of our Library were many. His experience and counsel were of invaluable assistance.

Dr. Eugene M. Pollard and Mr. Philip P. Wadsworth were elected to the Board of Trustees at the last Town election. Their long record of service to the community and their interest in Library affairs qualify them eminently for their membership on the Board.

The Trustees accepted with regret the resignation of Mrs. Doris M. Philbrook, Chief Librarian since 1955. Associated with the Library for over 25 years in various staff positions, she was responsible for many innovations which earned Winchester high regard in Library circles. She inaugurated the weekly recorded music programs which have met with such favor. Her foresight and unusual capabilities were of great help to the Trustees.

Mrs. Lois G. Smith was appointed Chief Librarian upon Mrs. Philbrook's retirement. She comes to Winchester with an excellent and varied experience in school, college and public libraries. We are fortunate in having a person of Mrs. Smith's fine background as our new Librarian.

The Trustees are grateful to our Librarian, her Staff and the other employees who have continued to serve the Town well in spite of difficulties arising from the lack of adequate space. We wish also to thank the various Town departments and officials for their help during the year. Their assistance is greatly appreciated.

PHILIP P. WADSWORTH

Board of Library Trustees

LIBRARIAN'S REPORT

The Winchester Public Library in 1957 had a 7% increase over 1956 in the number of books circulated. Out of an estimated population of 18,577 there are over 10,000 who are registered borrowers of library books. During 1957 these borrowers took home an average of 18 books each. Since some of them read only one or two books during the year, many readers borrowed more than 18 books during the year.

In addition to the loaning of books, the Library has, as always, provided other services for the town, and sponsored a variety of activities.

The weekly movie programs for adults and children were held regularly throughout the Spring.

In April the Librarian, Mrs. Philbrook, represented the Winchester Public Library on a national broadcast over station WBZ. On the program "Books and Voices," Mrs. Philbrook discussed the cultural resources offered by Massachusetts public libraries and the need of public support.

In October, members of the Library staff were able to attend meetings of the New England Library Association in Swampscott. Miss Russell, Children's Librarian, is a member of the executive board of the Children's Round Table. Mrs. Winter, the Assistant Librarian, helped plan the meeting of the Young Adults Group at Swampscott.

Miss Russell has had a busy year in the Boy's and Girl's Room. She held weekly story hours in the Spring, and sponsored a summer Vacation Reading Club in which 367 children read books about other countries. Over 100 boys and girls read 10 or more of the books and thus qualified to attend a September party held for the winners. The Children's Room celebrated National Book Week in November with an exhibit of new books which were of special interest to parents as suggestions for Christmas purchases. Also in November, Miss Russell played host to a meeting of Children's Librarians of the Greater Boston area. Miss Marian E. Phipps, Reading Consultant for the Winchester Schools, was their speaker.

Mrs. Kathleen A. Gonsalves, Young Adults and Special Services Librarian, is now in charge of the Hospital Library Book Service. Regular visits are made twice a week. Due to the generosity of En Ka 107 books have been added to the Hospital Collection. On Friday each week a volunteer from En Ka acts as Hospital Library Aide. Under the supervision of Mrs. Gonsalves, the rotating collection of books at the Home for Aged People has been continued.

Our Special Funds have again provided items which help to make our library unusual among the public libraries of the state. From the Jere A. Downs Trust Fund a mimeograph was purchased during the summer. By this means a monthly Booklist of the new books is prepared. This list is available at the library, and is mailed to those requesting it.

From the Edgar J. Rich Trust Fund 49 filmstrips and 19 films on American History have been purchased during the year. A list of this material was sent in September to teachers in the Winchester schools. They have been borrowed over 150 times in the past year.

The primary purpose of a public library in the early days was only to furnish people with books, for information, education or enjoyment. However, there can be no final answer to the purpose of any public institution. As world conditions change, every institution must change with them. The Winchester Public Library has always given the service expected of a modern library.

In 1932 the Board of Library Trustees adopted a policy that it would strive to make the Winchester Public Library the civic, educational, and cultural center of the town. At that time, the new library building had recently been opened, and the Art Association had been formed under the sponsorship of the Library Trustees. For the 25 years since then, the Gallery of the Library has been used by a wide variety of town organizations for lectures, classes, and group meetings as well as monthly Art Exhibits chosen by the Art Association. For the past 15 years the movie programs have been a weekly institution. It was in 1942 that Winchester Public Library became the first public library in the state to have educational movies.

Now, at the end of 1957, due to the lack of space for books and readers, the Gallery has been reluctantly taken over for shelving, tables and chairs.

The Trustees and the Librarian would be failing in the responsibilities for which they have been chosen, if they did not point out to the town that the Library has gone backwards instead of forward by this step. However, the Library Board and the staff can only point out the needs as they see them; the town must then decide what it can afford. The town has decided for the present, that the library must restrict itself. It is hoped this will be only a temporary setback for the library and the town.

At the time the Gallery was taken over for a reading room, other changes of a temporary nature were made. These were necessary (1st) to relieve the crowded conditions in the Children's Room; (2nd) to provide more shelving for adult books; and (3rd) to make available more office and workroom space.

In a Special Article in the Warrant the library is asking for funds to make more permanent changes in the present building, as well as to accomplish necessary repairs. In all cases these changes have been planned to fit into a future addition to the library. Changes made under the Special Article will alleviate only the present crowded conditions of either the adult or children's sections of the library. The town should realize that a final solution will need to be found for future growth.

In detail we plan the following. In the Children's Room a wall will be removed between the room and the present closets, thus adding over 100 square feet to the floor area. Present shelving will be increased in height. The present toilet facilities will be renovated for the children's use. The former janitor's room now the office and workroom for the Children's Librarian will need painting. Shelves will be placed against both walls of the corridor outside this office for additional Children's books. A door will close this area for passage from upstairs.

We hope to make a second exit from the Rich Room, and thus provide a meeting place for groups of 50 or 60 people.

Upstairs, in the workroom, it is planned to remove three large closets, so that this floor area may be added to the available work space. Cupboards, counter space, and shelving will be needed there. In the two inner offices, now used by the catalog librarian and the clerk-secretary, shelving and cupboards for supplies will be built.

In the administrative offices, formerly the High School alcove, there is need for a partition and a small coat closet. Present shelving along one wall will be used, but shelving will be removed from the opposite wall for use elsewhere in the building.

Additional book shelves of the movable type will be added in the main reading room and the gallery reading room. There is need to return the temporary bookcases now in the gallery to the attic whence they came, where they serve for storage of uncatalogued gifts and other books.

It is hoped that openings can be made in the wall between the lobby and the gallery reading room, in order to make this room a more integral part of the library, and to carry out the modern idea of large open areas partitioned by bookshelves rather than by solid walls.

The circulation desk needs to be enlarged, and it is planned to move it to a location which will provide better supervision of reading rooms, balconies and stacks.

Also included in the Special Article is an amount to improve the lighting of the present stacks, to complete work needed on the heating system, to paint the building exterior (last done in 1952), and to carry out other repairs which are necessary.

There have been a number of staff changes in the past year. When I became Head Librarian, the position of Assistant Librarian was filled by Pearl G. Winter, formerly Young Adults and Special Services Librarian. Mrs. Winter has been a member of the staff since her appointment as Circulation Librarian in 1951.

Marian E. Tuxbury has been advanced to Assistant Children's Librarian at the resignation of Beverly Ruser.

Leila Jane Roberts has been appointed General Professional Assistant in charge of Circulation. Mrs. Roberts comes to us after six years' experience as a teacher.

Kathleen A. Gonsalves became Young Adults and Special Services Librarian in place of Mrs. Winter. Mrs. Gonsalves is a recent graduate of Simmons College.

May I express to the Trustees, the Staff, and Winchester friends both old and new, my appreciation of their cordial welcome. I am happy to be back in such a friendly town.

Respectfully submitted,

LOIS G. SMITH, Librarian

STATISTICS

Annual Report for Year Ending December 31, 1957

Name of Library	Winchester Public Library
Date of Founding	1859
Population Served	18,577

Number on staff			11

Report of the Public Works Council

It is interesting, as chairman, to again write a report for the Public Works Council having previously written one in 1949 and having served on the Council almost continuously since then. While many faces have changed, the problems and approach to them remain much the same with one significant transition.

Originally the discussion of the Public Works Council centered around things. Pieces of equipment were debated and their joint use among departments considered. Such items still appear on the agenda and every proposal for new equipment appearing in the several budgets has been carefully considered and approved by the Public Works Council.

It is worthy of comment, however, that more of our deliberations are now focused on people. As in industry, the complexities of wage rates, salaries, overtime, vacations, hours and personnel problems of a general and common nature command more of our consideration. In this area, the addition and contributions of the Chairman of the Personnel Board to the Council have been most informative and helpful. The Personnel Board, in turn, is able to benefit from the expression of the operating departments.

The open-minded approach of each Council member, combined with an atmosphere of mutual co-operation results in policy decisions in the best interests of the Town and its employees. The sincere and constructive attitude of our departmental Superintendents results in the greatest possible efficiency at the operating level.

The Public Works Council has had another constructive and beneficial year.

JAMES F. DWINELL, JR., Chairman
Chairman of the Water & Sewer Board

RALPH W. HATCH
Chairman of the Cemetery Commissioners

JAMES H. COON

Superintendent of Streets

Report of the Board of Commissioners of Trust Funds

The Town this year has received a \$500.00 bequest from Horace O. Green for the care of the Hosea J. Foster cemetery lot, said bequest to be known as the Horace O. Green Cemetery Fund.

In the Jere A. Downs Library Fund the additional transfers totaling \$1,000.00 have been made from the interest account to the principal account, so that the principal account as of December 31, 1957 is \$41,630.00, compared to \$43,835.65 original principal amount. The Library Trustees are thus maintaining their tradition (started by Mr. Edgar J. Rich) of keeping intact bequests to the Public Library.

It seems fitting at this time to mention past bequests to the Town, in addition to those usually shown in this report. While the Board of Commissioners of Trust Funds, because of legal technicalities have no official powers of supervision in connection with these bequests, we wish to keep alive the Town's appreciation of these gifts.

As further details for 1957 regarding Trust Funds appear in the Town Accountant's report, we give as usual only a list of the Funds as follows:

1. Philip Blank Scholarship Fund
2. Charles W. Bradstreet Library Fund
3. Abraham B. Coffin Library Fund
4. Frank W. Daniels Library Fund
5. Jere A. Downs Library Fund
6. Ernest R. Eustis, Care Wildwood Cemetery Fund
7. Asa Fletcher Fund
8. Horace O. Green Cemetery Fund
9. Nancy S. Howe Library Fund
10. Albion K. P. Joy Library Fund
11. Charles E. Kendall Fund
12. Annie B. Marion Library Fund
13. Charles H. Mason Fund
14. Robert C. Metcalf School Library Fund
15. Wilder L. Parkhurst School Fund
16. Permanent Care Fund Wildwood Cemetery
17. Permanent Care Fund Wildwood Cemetery, Income Account
18. Norman Prince School Fund
19. Cora A. Quimby Library Fund
20. Edgar J. Rich, Lincoln & Lee Library Trust Fund
21. Mary Emerson Riley Fund
22. Francis E. Smith, Jr. Library Fund
23. Zachariah Symmes Library Fund
24. Elizabeth D. Wadsworth Library Fund
25. Mary A. Warren Fund
26. William P. Winchester Fund
27. Nettie Rust Winn Library Fund
28. Margaret Cate Wood Library Fund

Other Bequest Funds:

Elizabeth J. Boyce Cemetery Fund
Frederick O. Brown Fund
Henry F. Johnson Cemetery Fund
Henry C. Nickerson School Fund
Bradlee Rogers Trust Fund for Library
David N. Skillings Library Fund

FRANCIS E. SMITH, Chairman
EDWARD H. KENERSON
CHARLES W. BUTLER

Report of the Park Commissioners

As authorized by the last Annual Town Meeting, a parcel of land lying between Horn Pond Brook Road and Main Street was acquired for the purpose of erecting a new Park Department Headquarters. We expect this building will be completed by February 1, 1958.

The Highway Department has completed the building of a bridge over Horn Pond Brook, connecting our land with Town Yard, making it possible to reach our building either from the Town Yard or from Main Street.

The Park Commissioners wish to acknowledge their appreciation to Mr. James A. Wakefield, Jr. Town Engineer and to his assistant, Mr. Howard F. Ambrose, for their advice and wise counsel on the problems pertaining to the erection of our new building.

On a motion from the Park Department, it was voted that the Moderator appoint a committee of five citizens, one of whom should be a member of the Park Department, to study the advisability of dredging the Aberjona River from North Washington Street to Waterfield Road and a portion of Wedge Pond, which has been under consideration for some years. Mr. John J. Shanahan is the Park Board representative on that Committee.

This year completes our second year in maintaining the school yards and playgrounds. Notwithstanding the lack of water, most of the grass area stood up well.

For the first time Sani Soil Set was used on the baseball fields to keep the dust down. We do not plan to use it again next year.

At Leonard Field one-half the black-top tennis courts was made over into an outdoor basketball court and has proved very popular.

A new fence was built and painted on the Mystic Valley Parkway side of the Mill Pond. The material and paint for this fence was supplied by the Metropolitan District Commission.

In accordance with our long range plan, two more tennis courts were re-surfaced at the Packer Courts. We expect to do the final two courts this year.

On account of the growth of Little League, two additional Little League baseball fields were laid out on the West Side Playground.

Tennis, softball, outdoor basketball and swimming were as popular as ever and enjoyed good seasons.

After analyzing our experience over the past few years, the Park Commissioners will this year initiate a new playground program in an attempt to stimulate greater interest and give more efficient service.

While all four playgrounds will be open for use, they will be operated on a rotating schedule, having only two playgrounds officially in use at one time. These playgrounds will be staffed by a trained supervisor, one leader and an Arts & Crafts instructor, all under and responsible to a head playground supervisor. The following day the other two playgrounds will be operated by the same staff.

We wish to express our appreciation and gratitude to the officials and men of the other Town Departments who have so willingly helped us when we called upon them for advice and assistance.

Respectfully submitted,

JAMES H. COON, Chairman
WILLIAM L. DAVIS
FREDERICK M. IVES, JR.

Report of Town Treasurer

FOR THE YEAR ENDING DECEMBER 31, 1957

General receipts	\$ 5,171,976.93
Cash in Town Treasury, December 31, 1956	710,773.57
	\$ 5,882,750.50
Payments on Selectmen's Warrants	\$ 4,872,654.82
Cash in Town Treasury, December 31, 1957	1,010,095.68
	\$ 5,882,750.50

The details of the various Public Trust Funds and Investment Funds held by the Town Treasurer are given in full in the report of the Town Accountant.

Respectfully submitted,

E. ABBOT BRADLEE
Town Treasurer

Report of Water and Sewer Board

WATER DEPARTMENT

Established 1872

Eighty-fifth Annual Report

SEWER DEPARTMENT

Established 1893

Sixty-fourth Annual Report

James F. Dwinell, Jr., Chairman

Maurice T. Freeman

Charles T. Main, 2nd

James D. Halwartz, Superintendent

C. Norman Noonan, Water Registrar

1957 will long be remembered by the Water and Sewer Department for the problems created, first, by the severest scarcity of water in our history and, second, by those in connection with the reconstruction and rehabilitation of our water supply and distribution system.

In spite of many difficulties it was a year of major accomplishments. Following the termination of the Annual Town Meeting and pursuant to the unanimous vote and authorization received at that meeting, the Board concluded a new agreement with the Metropolitan District Commission to provide Winchester with an added source of water supply. This is obtainable by the erection of a new pumping station on the shore of Spot Pond and the construction of an eighteen inch main from Spot Pond to our Middle Reservoir. Such a link has the capacity to deliver to Winchester as much water as is expected to be required by our maximum anticipated population. The agreement leaves the ownership of the reservoirs with the Town and makes it possible to operate them to our greatest advantage. It is the Board's opinion that this contract is most beneficial to the Town and at the same time is of equal advantage to the Metropolitan District Commission in minimizing demands on its supply.

At the earliest possible date engineering for this project was commenced, contracts awarded, and materials ordered. The failure of the State to make a final decision on the re-location of Route 28 has prevented us from erecting the pumping station, but by early September the pipes were laid and by use of a portable pump two million gallons a day were being delivered to our reservoirs. The permanent pump, meter, and other equipment for the station is on order and will be immediately available for the new station when built. It is hoped that a site can be determined by the Spring of 1958.

A new chemical feeding station on Hutchinson Road was completed in 1957. This not only more effectively regulates the fluoridation process for the West Side High service, but also introduces caustic soda to the system at this point which is required to change the water from an acid to an alkaline condition to prevent re-encrustation of the iron mains after they are cleaned. This station enabled the department to initiate its cleaning program and 8.1 miles of 6, 8, and 10 inch mains were thoroughly scoured on the West Side system.

The actual performance of this work to date has disclosed a higher degree of encrustation than was anticipated from our preliminary tests. The cleaning process has restored the mains to their original capacity and the results have been gratifying. This work, however, is not without its unavoidable inconveniences to consumers and results in dirty and discolored water for some period of time. From the experience acquired this year we hope to reduce the annoyances to a minimum in the future. While substantial progress was made in this program in 1957, it became necessary to curtail all cleaning early in the summer due to the water shortage.

The renovation and reconstruction of the North Pumping Station, now complete, will enable us to continue the cleaning program on the East Side during 1958. Plans have been drawn and a contract awarded for a similar station at the outlet of the South Reservoir. This will permit an extension of the cleaning on the East Side of Town.

Another step in the reconstruction of the system was undertaken with the laying of new twelve inch mains in Sylvester Avenue, Hemingway Street, Upland Road and sections of Middlesex and Wildwood Streets. This will complete a twelve inch circuit and should serve to increase substantially the volume of water in this area.

In addition to the foregoing projects, the department carried on its regular work and services to customers. 8,305 new feet of 8, 12 and 18 inch water mains were laid and 150 new services installed. 6,380 new feet of sewer pipe were laid and 130 new services connected.

Water, or the deficiency of it, caused us our greatest anxiety during the year. The Fall of 1956 found our reservoirs extremely low. The absence of winter storms and of a Spring snow cover left us without a Spring run-off and the arrival of April brought only the beginning of the severest drought in the records of the weather bureau. For maximum conservation of the reservoir, the Carter Street wells were turned on early in April. These provided a daily supply of 300,000 gallons until pumped dry in late September. In June it was deemed wise to restrict the outside use of water to two hours a day and in July it was mandatory to order the curtailment of all use of hose, car washing, and outside domestic consumption. A temporary hose line was strung from Spot Pond to the reservoirs conveying to us 300,000 gallons each day, and the Metropolitan District Commission permitted a maximum draft through our West Side connection, which helped alleviate the shortage in our gravity system. These measures preserved our dwindling supply. The completion of the Spot Pond pipe line, operated by a temporary pump, brought in two million gallons daily starting in September and with the advent of October rains it was possible to relax restrictions in November.

The reservoirs are still critically low. A good blanket of winter snow followed by normal Spring rains, or the ability to proceed with the construction of the Spot Pond pumping station is required to refill our reservoirs. Unless one of these circumstances occurs Winchester will be faced with further, though probably less severe restrictions in the summer of 1958. Our present facilities, while still temporary in some respects, should

assure us a more adequate supply through 1958 than in 1957. The completion of the projects now under way plus the extension of cleaning the remaining arteries of the net work during 1958 and 1959 should put our water supply and distribution system in condition to satisfy fully our existing demands and the anticipated requirements for many years in the future.

Respectfully submitted,

WATER AND SEWER BOARD

JAMES F. DWINELL, JR., Chairman

MAURICE T. FREEMAN

CHARLES T. MAIN, 2ND

Annual Report of the Civil Defense

It is no idle statement to say that Russia apparently is ahead in the development of Intercontinental Missiles. It would be folly to assume they do not know how to precisely direct or aim them within a reasonable amount of error. Nothing is presently available to ward off an Intercontinental Missile.

This sudden change in war methods causes a necessary revision of procedure during and after an enemy attack. Evacuation is outmoded and shelters are again contemplated. The policy of Federal and State Civil Defense for the ensuing year will stress building of shelters — if not bomb proof at least radiation proof. More emphasis will be placed on recruiting and training skilled workers for duty after bombs have fallen. This means organizing decontamination crews, radiation detection groups, food and shelter corps, rescue and demolition gangs plus of course the inevitable police, fire and decidedly necessary Medical Divisions. Winchester requires more volunteer Civil Defense workers for 1958 than ever before.

During 1957 some of the equipment purchased by the Town for emergency Civil Defense purposes was put to good use — At this writing (December 57) the 50 Kilowatt Generator purchased in 1956 has been working steadily for three months driving a pump to force 2,000,000 gallons daily from Spot Pond into our Middle Reservoir. The pump driven by this Generator was obtained by Civil Defense from United States Government surplus property for only freight charges amounting to \$65.00. A duplicate pump purchased in the open market would cost over \$4,000.00.

Prior to the arrival of this pump the Town Water Department needed 500 feet of 4" hose for their temporary connections between the two bodies of water. Rather than risk considerable delay, Civil Defense was asked to help with the result that the necessary hose was borrowed from State Civil Defense, used until the permanent pipe line was laid, and returned.

The communication Division is growing under the able leadership of Doctor Michael V. Mackenzie. The Auxiliary Police group are studying Radio Communication and so far this year five of these men have passed

government tests and secured their "ham radio ticket." It is planned to economize on repair costs by starting a radio shop in the basement of the Town Hall to maintain the increasing number of radios owned by the various Town Departments. Skilled volunteer personnel is available in Civil Defense to take care of all such type of work upon purchase of some necessary equipment.

The Auxiliary Firemen aided in extinguishing brush fires during the extremely dry summer. Auxiliary Police helped in traffic control in front of churches on Sundays, and also on Memorial Day, En Ka Fair and other similar functions. Frequent training classes are held in both groups.

The radio group held communication tests on local, state and federal levels throughout the year. They are in charge of the weekly operation and checking of the warning sirens. Any siren not working properly is immediately spotted and repaired.

Your Civil Defense Group is trying to do its job.

Respectfully submitted,

THEODORE J. BOECKER,
Director

Report of The Cemetery Commissioners

During the past year we have continued to improve the general appearance of the Cemetery.

All of the roads in the Cemetery have been resurfaced with a treatment of asphalt and pea stone. About 500 feet of new sidewalks with black top, have been installed.

During the year there have been 97 interments and 53 foundations laid for stones.

Due to the dry weather it was not necessary to hire the usual amount of temporary help during the summer months. Therefore a substantial sum is being returned to the E & D Account of the Town from our Personal Services Account.

This year we have received \$12,476.81 from sales and \$7,495.00 for the permanent care of lots.

We wish to acknowledge the faithful and efficient service rendered by our Superintendent and his men, and the cooperation shown by other Town Departments in the care of our Cemetery.

Respectfully submitted,

RALPH W. HATCH, Chairman
JOHN P. CARR
HERMAN F. PIKE
LOWELL R. SMITH
CLARENCE WHORF

Report of Board of Retirement

Board of Selectmen
Winchester, Mass.

Gentlemen:

During the year twenty-nine members were added to the Retirement System, eleven members have withdrawn, four members retired on pension, one member transferred to another system, making a total of two hundred seventy active and eleven inactive members and fifty-two pensioners at the end of 1957. One pensioner died during the year.

The total paid out for pensions during the year was \$63,832.87 and \$61,971.92 was contributed to the Pension Fund. The amount paid to pensioners since the system started on July 1, 1939 is \$423,292.23. Contributions by members during the year amounted to \$47,869.03 and \$4,999.20 was paid out in annuities.

Financial and statistical tables reflecting the activities of the system are attached.

Respectfully submitted,

VINCENT P. CLARKE, Chairman

JAMES A. WAKEFIELD, JR.

JAMES J. COSTELLO

Report of the Board of Public Welfare and Bureau of Old Age Assistance

The Board of Public Welfare herewith submits its annual report for the year 1957.

Several legislative changes, both Federal and State, have brought about increased costs in our Federal programs of Old Age Assistance, Aid to Dependent Children, and Aid to Permanently and Totally Disabled Persons. A major portion of the increased cost came from State legislation which again granted a 5.7% cost of living increase, an increase in fuel allowances, increased children's exemptions, increased clothing and personal allowances and an increase in the nursing home rates. Since these increases were granted only in the last four months of 1957, it is obvious that such increases must be projected for twelve months in 1958.

Public Law 880 caused considerable confusion due to changes in the Medical Care Plan relative to direct payments to recipients of public assistance and the revision of our vendor method of payment for medical care.

The Board introduced a new and more effective policy regarding the purchase of drugs and is happy to report that the plan is successful due in part, to the cooperation of our Winchester druggists.

It was found necessary to add a junior clerk to our staff and in May 1957, Mrs. Katherine Lynch was selected for the position.

Comparable with recent years, 93% of our public assistance expenditures were in the Federal and State categories, Old Age Assistance, Aid to Dependent Children and Aid to Permanent and Totally Disabled Persons. The remaining 7% of our expenditures was made in the General Relief category.

General Relief

General Relief is controlled entirely by your Welfare Board. This program provides assistance for those needy persons who cannot qualify for one of the Federal programs such as: the unemployed, foster home or institutional care for children, medical care or institutional care at Tewksbury State Hospital. Very often emergency assistance is provided until eligibility factors can be established for one of the Federal programs. Expenditures in General Relief were sharply reduced in 1957. As of January 1, 1957, we were aiding five cases. This has been reduced to three as this report is written. Two are being aided in their own homes and one in a nursing home.

Old Age Assistance

The cost of Old Age Assistance continues to increase each year. This was due mainly to the increased cost of our medical services and the

above mentioned legislative changes. Federal Law 880 effective July 17, 1957, was responsible for considerable change in our method of payment for medical services. However, conformity with this law is now bringing an additional \$3.00 per month, per case in Federal grants. This increased Federal revenue has the effect of reducing the cost to the Town, although the over-all cost will increase in 1958. There were 112 cases receiving Old Age Assistance as of January 1, 1957. The caseload fluctuated throughout the year and we ended the year with 106 cases. There is Federal reimbursement for $\frac{1}{2}$ up to a certain amount per case and State reimbursement for $\frac{2}{3}$ of the balance.

Aid to Dependent Children

Aid to Dependent Children is a Federal program designed to assist children up to 18 years of age who have been deprived of parental support, by reason of death, desertion or the continued illness of one or both parents. This program enables children to be brought up in their own homes or in the homes of relatives. The legislative changes, increased costs, and the above mentioned Public Law 880 had a bearing on the medical services provided for such children, although the Federal reimbursement for medical care is substantially less than in Old Age Assistance. As of January 1, 1957, we were aiding seven cases with thirteen children and we ended the year with nine cases and nineteen children. Of this total expenditure, $\frac{1}{2}$ up to a certain figure per person, is reimbursed by Federal funds and $\frac{1}{3}$ of the whole by the State.

Aid to Permanently and Totally Disabled Persons

Aid to Permanently and Totally Disabled Persons is designed to assist those persons over eighteen years of age who are disabled. In this category of assistance, the emphasis is on medical care, with view to possible rehabilitation. We were aiding five cases as of January 1, 1957 under this program of assistance. As of December 31, 1957, we have four cases. Two of these cases are receiving care in State Chronic hospitals and two are being aided in their own homes. Twenty-five percent of the cost is borne by the town and 75% by the State and Federal funds. Federal Law 880 affected this program as it did the other categories of assistance. The reimbursement formula of three dollars per month, per case for medical services is the same as in Old Age Assistance.

The Board of Public Welfare wishes to acknowledge with sincere appreciation, the fine spirit of cooperation given by all departments. The Board also wishes to thank the many organizations and individuals in the town who contributed their money and their time to assist the less fortunate.

The following figures are approximate, due to the date on which this report must be filed. These figures will point up the total expenditures and the reimbursements we receive from the Federal and State Governments and the net cost to the Town.

	General Relief	Old Age Assistance	Aid to Dependent Children	Aid to Permanently Disabled Persons
Appropriated 1957	\$ 12,330.00	\$ 68,300.00	\$ 6,400.00	\$ 5,800.00
Total expended 1957	6,465.00	116,545.00	7,961.00	5,762.00
Fed. Grants Rec'd 1957		54,253.00	3,772.00	1,999.00
*Local and State Reimbursement 1957	93.00	46,745.00	2,720.00	2,707.00
Net Cost to Town	\$ 6,372.00	\$ 15,547.00	\$ 1,469.00	\$ 1,056.00

*Local and State Reimbursements are returned to Town Funds and are not credited to the Welfare appropriation account.

DONALD HEATH

Town Collector and
Collector of Taxes

I have examined the various accounts of the Collector of Taxes and Town Collector reported above, and found them correct, agreeing with the books of the Town.

JAMES J. COSTELLO

Town Accountant

Report of the Planning Board

The Planning Board hereby submits its forty-third annual report:

Subdivision Control

Subdivision Control continues to be more and more demanding of time on the part of the Planning Board. During this present year to date, December 1, 1957, we have given definitive approval to seven (7) subdivisions submitted on which are a total of two hundred thirty-nine (239) building lots.

In the course of our administering subdivision control, we felt that our rules and regulations should be clarified, corrected and brought up to date. This has been done after a thorough study with the aid of our consultant, Mr. Benjamin. In accordance with the statute a public hearing was held, after due notice. The new regulations were adopted in December and will be put in printed form next year.

Six Year Capital Expenditure Program

The Planning Board has given this subject a great deal of time and study and has had many conferences with other boards and committees of the Town in the hope that we could give the Town Meeting a clearer and better picture of what it faces in the years to come as to capital expenditures.

For twenty-five years, from 1926-1951, Winchester proceeded on a pay as you go basis, and no new bonds for municipal indebtedness were issued.

During this period the tax rate remained relatively stable — one of the determining factors for the guidance of the Town Meeting being the recommendations contained in a six year capital expenditure program, revised annually.

This enabled the Town to properly space its capital expenditures, and be guided in any one year by expenditures coming up in the foreseeable future.

The school population growth and inflation problems of the post war period have for several years made it extremely difficult to project capital expenditure requirements any distance into the future with any reasonable degree of accuracy.

As our last annual report indicated, the Planning Board has been working toward a revitalization of capital expenditure budgeting for the Town.

Some progress has been made but not enough, up to the present time, to be able to incorporate our recommendations in this report. During the past year we have taken the following steps in this direction:

- a. Met with the Finance Committee and its Sub-committee on capital expenditures.
- b. Conferred with a leading authority on municipal finance.
- c. Designated individual members of our Board to meet with each of the other regular and special Town committees, and study with them the practical problems of long term budget requirements.

Reports from Boards and Committees and their final recommendations on capital expenditure during the next six years are for the most part not as yet available to us. Therefore, as in the past few years, we present a list of capital expenditures as presented to us by the various Town Boards and Committees without our recommendation as to the necessity or timing as shown.

The Planning Board is appreciative of the fine co-operation given to us by the many Town departments, Boards and Committees.

It was with regret that the resignation of Mr. Harold V. Farnsworth was accepted. His contribution of sincere, unselfish, loyal and unbounded service to the Town for many years, on the Planning Board, Board of Selectmen, and on many committees, has been outstanding. Winchester rightfully has the reputation of being a better place in which to live and it is because of the time and energy given to it by citizens like Mr. Farnsworth.

Population Growth Study

The Planning Board is currently making a thorough study to determine the ultimate number of homes in Winchester. This study, tied in with population facts and population trends, will be of great value in the years to come. We are sure it will be most helpful to the various departments of the Town in their future study of the Town's needs.

We again want to express our great appreciation of the important work done by our consultant, Mr. Allen Benjamin.

Respectfully submitted,

FRANKLIN J. LANE, Chairman
HARRISON F. LYMAN, JR., Secretary

Report of Board of Health

With the increased availability of Salk Polio Vaccine during 1957 practically all children up to the age of nineteen years were given their third inoculation and many adults up to the age of forty were able to get their inoculations from their own physicians. No cases of poliomyelitis were reported in Winchester this year.

Asiatic influenza became the headline disease this summer and fall. However, in contrast to the polio program, the State and Federal governments did not participate in the distribution of vaccine and for a while there was a scramble to get the material. The Winchester Board of Health purchased only sufficient material to inoculate the police officers and fire-fighters of this town and they were given the injections free of charge in our immunization clinic by our own clinic physician, Dr. Roger M. Burgoyne. He also gave the injections to the postal employees with vaccine purchased by the Post Office Department.

Due to our rapidly diminishing dumping area the Board was given permission at the town meeting to do controlled burning. This had to be postponed during the summer and fall because of the prolonged and unusual drought and the resulting restricting of the use of water. In addition, because of the diminished supply of water in our reservoirs, the Water and Sewer Board made arrangements to have water pumped from Spot Pond into the town water system and used the pump which was to have been used by the Board of Health. At the time of this writing the burning cage for controlled burning is in operation.

During the coming year we are making some changes in our department. The Well-Baby Clinics which have previously been held on each Tuesday will be held only on the first Tuesday of each month. The clinics previously known as the Tuberculosis Clinics will be renamed the Immunization and Tuberculosis Clinics and will be held on the second and fourth Thursdays of each month instead of every Thursday as has been done in the past. If either of the Tuesday or Thursday clinic should come on a holiday, the clinic will be held one week later.

Another change that will be instituted will be the use of the services of the Winchester District Nursing Association on a contract basis in place of the full time public health nurse. These services will be used in the same manner that the school department is using the District Nurses for school nurses. We believe the change will be of great benefit to the town.

Another program of vital importance to the town we hope to start in January 1958 will be the employment on a contract basis of a man who will inspect our various restaurants and food handling establishments each month. We will also collect samples of milk from the various milk dealers and will perform the bacterial analysis of the milk, thereby eliminating the present position of milk collector and also eliminating the need for having the milk examined in the Somerville Board of Health laboratory. Regulations to conform with the State regulations are being drawn up and will be posted in all food handling establishments.

An amendment to the Building Laws adopted at the town meeting in

April, 1957, changed the control of cesspool or septic tank installations from the Plumbing Inspector to the Board of Health.

After many years of service to the town Mr. William Butler MacDonald resigned from his duties as Agent of the Board of Health. His position has not yet been filled. Miss Carole Muse's position as Public Health Nurse was eliminated at the end of the year by the employment of the Winchester District Nursing Association on a contract basis. Mrs. Robert Richardson resigned from her duties as Dental Assistant and was replaced by Mrs. Joan DeAmato.

The Board extends its thanks and appreciation to these members for their services and to the remainder of the staff for their services and continued cooperation.

Respectfully submitted,

HARRY L. BENSON, M.D., Chairman

WALTER A. REDDING

MRS. HARLOW RUSSELL

BOARD OF HEALTH

Report of the Dental Clinic

To the Board of Health
Winchester, Massachusetts

Gentlemen:

The school work is summarized as follows, January through December 1957:

Total Cleanings	431
Total Examinations	432
Total number of fillings	1229
Total number of Treatments	1667
Total number of Extractions	19
Total Local Anesthesia	21
Total x-rays	24
Total number of Public School Patients	532
Total number St. Mary's	135
Total number of Immaculate Conception	62
Total number Operations	3771
Total number Patients Discharged	289

PRE-SCHOOL CLINIC FROM JULY THROUGH AUGUST 1957

Total Attendance	66
Total Cleanings	48
Total Examinations	48
Total Fillings	73
Total Treatments	88
Total Patients Discharged	45
Total Number Operations	257

Respectfully submitted,

ROY Y. RAYMOND, D.M.D.

Report of the School Committee

Winchester, as many other communities, continues to have a steady increase in school population. The School Committee is faced with space problems, especially with the definite desire of keeping our elementary class sizes reasonable and fairly even in all of our schools. There have been marked increases in the enrollments of the Mystic and Washington Schools this past year and the Committee may have to do some rearrangement of pupils in order to use existing classrooms and have all pupils enjoy equally favorable conditions.

At the March Town Meeting two school building committees were authorized; the Building Committee for Johnson Road-Ridge Street School and the Building Committee for Administrative and Secondary School Facilities.

The former committee is watching closely building and population increases in the West Side Hill District and at present sees no immediate need for new school construction. However, all classrooms in the Parkhurst School will be in use next year.

Quite a different situation exists on the High School level as our present building is badly overcrowded. Unless the situation is relieved in the very near future, it will be necessary to run double sessions with the consequent serious educational loss to the pupils.

Our School Administration office space is completely inadequate even after the temporary move last August to 426 Main Street.

Every effort is being made in education today to adapt the curriculum to fit the needs of all children with their individual differences and capabilities. The trend toward ability grouping is increasing and the School Committee and Administration must decide how far this should be done in our system. The accelerated program in seventh grade arithmetic, started last year, has been increased and this year it has been continued through the eighth grade. These same groups are doing some advanced work in English also. A new course for High School seniors in advanced writing has been given this year. Studies are progressing toward a supplementary report card system which will more accurately show a child's progress, especially relating his ability to his achievements.

The problem of overcrowding of the colleges with its attendant admissions problems for High School students, plus an upgrading of college work, led to the formation of a Citizens' Advisory Committee on Secondary School-College Relations. This committee, all residents of Winchester who are affiliated with nearby colleges, has given wise counsel and advice in helping us to adapt our High School program to best serve our pupils. Among other things, they specifically recommended an increase in our Guidance Service. This program is being extended considerably at the High School level next year and it is also planned to have a School Adjustment Counsellor, whose salary will be paid by the Commonwealth, for the elementary schools.

Our school system has continued its cooperation with the intern plan of the Harvard Graduate School of Education. Forty-three Winchester students attended the summer school sessions in Newton which are a part of the plan. Next summer we propose to offer in our town some classes beyond the ninth grade level of the Newton school. This is aimed especially at giving our High School students an opportunity to improve reading techniques and to do advanced work in various areas with a view to helping them when they reach the college level.

Six classes in Adult Education were held last winter and spring and seven classes this fall with an enthusiastic reception by townspeople. There is a demand for additional sections of classes and general expansion of the program. The School Committee is very appreciative of the assistance of the citizens who have given many hours as members of the Adult Education Advisory Committee.

It is said people move to Winchester because of its good school system. The Town has reason to be proud of its able School Superintendent, fine administrative and teaching staffs. It is through the continuing active support of the townspeople that we can keep up this high standard.

Respectfully submitted,

LOUISE A. KUGLER, Chairman
BARBARA P. CLARK
JOSEPH DOLBEN
OLCOTT L. HOOPER
DANA J. KELLY
EARLE F. LITTLETON

REPORT OF THE SUPERINTENDENT OF SCHOOLS

During the past year concern in America with our education system has reached an all-time high. Developing during the past ten years, this concern became intense as a result of recent developments which revealed that our superiority in education was being definitely challenged in certain areas at best and to such an extent as to threaten our national security. Attention of both educators and the public is being focused on a critical appraisal of our educational program and policies and proposals are being formulated to strengthen American education. Among the criticisms leveled at the public schools, two are of particular significance since they represent matters on which Winchester parents have expressed some concern. The first involves the criticism that the public school program has become overcrowded with subjects and activities to the point that basic subjects and knowledges are being neglected. A second criticism is that, in an effort to serve all the children who attend, the schools have geared educational programs and standards to the average pupil at the sacrifice of a substantial number of pupils capable of higher achievement. It might be appropriate to examine developments in the Winchester schools during the past year particularly in terms of these two points.

The School Program

A year ago there was introduced at the seventh grade level a special class in mathematics in which was enrolled a group of students whose scholastic abilities and achievement in this field were decidedly above average. Under the direction of Arthur Butters, Head of the Mathematics Department, these pupils received intensive and accelerated instruction at a level designed to challenge their abilities. At the end of the school year Gardner Handy, the instructor of this class, reported as follows: "Generally speaking, the year was successful in the interest it stimulated and the work that was accomplished . . . I can say with conviction that the greatest good has been done by separating these children into a group by themselves where they may be challenged by work commensurate with their abilities and to the tune of complete and enthusiastic participation."

On the basis of the apparent success of this project, the program was extended into the eighth grade this year and expanded at the seventh grade level to include two classes instead of one. Also, a similar program in English, designed by Henry Fitts, Head of the English Department, is being offered to two groups of seventh graders. Plans are to extend these programs through the twelfth year, by which time it is anticipated that these accelerated groups will be studying at the college level. Meanwhile, an advanced course in English composition is being offered this year as an elective for Juniors and Seniors for the purpose of strengthening preparation in a key subject, particularly for college-bound students.

During the coming year, considerable study will be given a proposal to group scholastically talented children in the upper elementary grades for purposes of advanced and comprehensive study commensurate with their abilities. The subject of homework for all upper elementary grades, recommended by some parents, also will be given study.

Closely related to the upgrading of instruction is the matter of ranking. Even as pupils should have the benefit of instruction that is on a level with their respective abilities, so should pupils be graded according to what they are able to accomplish. This has been a subject of discussion, study and experimentation by the School Department for more than two years and substantial progress has been made in developing a more accurate and effective pupil ranking system. Supplementing the regular report card at the end of the school year, will be a report issued for each pupil measuring his individual achievement in terms of his own ability. Beginning in the fall of 1957, a revised system of reporting is being tried in the Senior High School by which more accurate ratings can be made and standards for honors grades stiffened. Under the direction of Principal Joseph Forte and members of his staff at the Mystic School, a new and improved report card has been developed for Grade One. It is expected that these developments will encourage and stimulate pupil achievement toward the objective of having every child get the most he can from his school experiences.

It is perhaps natural that the addition of so many subjects and activities should eventually pose the question of whether the school program is

becoming overloaded. Occasionally teachers complain of a lack of time to do all the things expected of them. Concerned with this problem, the faculty of the elementary schools began this year a "time allotment study," so-called, in which an attempt is being made to reconcile the school program with the length of the school day. This study will be completed during the coming year and may have some definite implications for priorities in curriculum revision.

To educate the child as an individual, the school must know him as an individual, his talents and abilities, his handicaps, his background, et cetera. To this end, there has been developed a new and comprehensive permanent pupil record which is cumulative and which accompanies the pupil throughout his school career. Designed under the direction of Norton Demsey, Director of Pupil Personnel Services, it was introduced last year in the secondary schools and adopted in the elementary schools this year. This record should prove valuable to teachers and counsellors in helping the pupil to adjust successfully to his school environment. Other developments in this Division include follow-ups made at the end of their freshman year of all Winchester High School graduates in colleges and universities to determine their progress and problems, and the first complete census of children from birth to twenty years of age resident in Winchester.

Problems of admission to and success in institutions of higher education grow greater every year and place increasing responsibility on a school system about 70% of whose graduates continue their formal education beyond high school. Recognizing this responsibility, the School Committee appointed a Citizens' Advisory Committee on Secondary School-College Relations to study and recommend ways and means by which our school system could better prepare its students for education beyond high school. This committee, composed of Winchester residents professionally affiliated with neighboring colleges and universities and representing various areas of instruction in higher education, were asked to study many phases of secondary school instruction related to college preparation. The Committee, under the leadership of John Monro, accepted its charge with enthusiasm and, beginning with a study of the guidance program, has already presented recommendations, which when implemented will strengthen that program. It is now engaged in curriculum studies with the science program among the first to be considered. It is a tribute to the foresight of the School Committee, incidentally, that this project was under way before Sputnik awakened the people of America to the need, as President Eisenhower phrased it, "for a critical re-evaluation of our educational program."

There have been other curriculum developments. The Language Arts Committee, headed by Mabel Lowry, Principal of Wyman School, completed its recommendations adopted by the School Committee for certain revisions in the course of study including the introduction of a study of parts of speech in the elementary grades and the adoption of a standardized text for language arts in Grades One through Six. The Social Studies Committee probably will complete next year its proposed revision of the social studies program for Grades One through Twelve.

There has been an increasing demand from parents to have their children enrolled in the Harvard-Newton Summer School. This demand, together with the need of some students for remedial work and of others for supplementary or enrichment courses, led the School Committee to plan for a summer school in Winchester in 1958 in which these educational needs of students could be met.

The year 1957 saw the beginning of an adult education program under the auspices of the School Department. On the basis of information obtained in a survey made by the League of Women Voters, a citizens' advisory committee recommended and the School Committee adopted a program including courses in Sewing, Upholstering, Woodworking, Leathercraft and Jewelry, International Affairs and Insurance and Investments. The program was continued this fall under the able leadership of Mrs. Howard Aiken and plans are being made to add more courses in 1958. Response has been favorable, several of the courses being oversubscribed by as many as two or three times their capacity.

Among the non-instructional services provided by the School Department are health and medical care under the direction of Dr. William Barone, Medical Officer, and Mrs. Doris Wiklund, Executive Director of the Winchester Visiting Nursing Association. These people are to be commended for the efficiency and cooperation with which they and the members of the nursing staff have assumed increasing responsibilities. State statutes now require that every child be given sight and hearing tests each year rather than every three years. An unusual number of inoculations were required this year, including 1201 for polio and 100 for Asiatic flu. Arrangements were initiated in September, 1955 whereby school nursing services are provided by contract by the Winchester Visiting Nursing Association and Principals are unanimous in endorsing this arrangement.

Personnel

Since no school is any better than its faculty, the task of recruiting teacher personnel is of critical importance at a time when teachers are in extremely short supply. This year we were fortunate in filling nineteen vacancies with personnel, all of whom are doing well. With an anticipated twenty or more positions to fill next year, problems of recruiting will be more acute than ever before. Continued inflation has largely nullified efforts made during the past decade to raise teachers' salaries to a level competitive with other occupations. Action by the legislature this year increasing the mandated minimum salary for teachers in Massachusetts \$300 will boost salary schedules throughout the state. These developments will necessitate substantial revisions in our salary schedules if Winchester is to compete for the services of capable personnel.

Sound personnel policy requires the employment each year of a reasonable quota of young, comparatively inexperienced persons. Here the School Department has one advantage as a result of our policy of cooperating with teacher-training institutions in the assignment of practice teachers for training in our schools. The opportunity thus available to observe and to train young people in our own system is a definite advantage in

selecting promising candidates for teaching positions. Similarly, the internship program in which Winchester, together with other suburban communities, collaborates with Harvard University in the selection, training and employment of liberal arts college graduates, is paying dividends as a recruiting device.

This is the second year in which the Department has employed a speech therapist full time. The results have been worthwhile in permitting of more intensive treatment of school children with severe speech handicaps. Too, the therapist has been able to extend her services to students with speech difficulties attending the Junior High School.

Under the provisions of a law passed by the legislature this year, a school adjustment counsellor will be added to the staff of the Pupil Personnel Services Division next year, the salary to be paid by the state. This person will help greatly to round out our guidance services since she will counsel with parents of children in the grade schools on problems related to the progress of these children.

Facilities

Needs for additional school facilities presented in last year's report have not changed materially. Meanwhile, however, building committees have been appointed and are at work on plans for additional secondary school facilities and administration offices and for a new elementary school on the west side. Of greatest urgency is the need for additional classrooms to house the growing pupil population in Grades Nine through Twelve. Present facilities have become overcrowded to the point that the main lounge and auditorium of the Senior High School are being used for a classroom and study hall. It is anticipated that further emergency steps will have to be taken pending completion of additional classrooms which will have the inevitable effect of reducing educational efficiency. Class sizes may have to be increased, certain elective subjects may have to be dropped temporarily from the program and/or double or staggered school sessions scheduled, depending on the number of pupils enrolled and how soon additional classrooms can be made available.

To date enrollments in the Parkhurst district have not kept pace with housing developments in that area. However, this is a situation that can change rapidly and the Building Committee for Johnson Road-Ridge Street School is watching it closely to determine just how soon and to what extent additional school building will be necessary in that district. Such other needs as may develop for expanded school facilities probably can be met for a while at least by means of renovations to existing buildings. Washington School enrollments are nearing capacity which may require as early as next year the reassignment of pupils to the Lincoln School where minor renovations will permit of the addition of another classroom. Further growth at the Washington School can be accommodated by converting the old gymnasium in that building into two classrooms. Mystic School presents a more difficult problem. Despite redistricting action taken three years ago to relieve overcrowding, enrollments continued to rise and this year there are more pupils in that school than ever before.

This is unusual in a district where new residential construction has been comparatively limited. A recent census indicates that enrollments may decrease somewhat in the future. Otherwise, plans will have to be made to accommodate the overflow.

The building committee studying the need for additional secondary school facilities was assigned the added responsibility of planning new central office facilities for the School Department. The condition of the temporary quarters at 84 Washington Street made working conditions there intolerable and these offices are at present housed temporarily in an old residence at 426 Main Street which, though habitable, is most inadequate. As the school system continues to grow, the need for larger housing of the central offices will become increasingly acute.

* * * *

As this report will indicate efforts are being made to keep our educational program abreast of the needs of the times. A critical appraisal of American education may reveal the need for other and more drastic changes in public school programs generally. In any event, a capable and dedicated faculty with the help and support of an interested and informed public will continue to do its utmost to serve the best educational interests of the community.

For whatever success our schools have enjoyed during the past year, credit is due the entire staff for their effective and dedicated service, the School Committee, whose sound judgment and unswerving support have meant so much to the morale of the organization and to the many citizens, whose interest and cooperation have contributed to our accomplishments. Particular credit is due the members of the Citizens' Advisory Committee on Adult Education and Secondary School-College Relations for their unselfish and enthusiastic service in behalf of the schools. I take this opportunity to express to them all my sincere appreciation.

Respectfully submitted,

HARRY V. GILSON, Superintendent

FOLLOW-UP REPORT — CLASS OF 1957
WINCHESTER HIGH SCHOOL

6 November 1957

The following information has been gathered during the past several weeks. If any reader notices an error or has later information, a call to Winchester 6-4488 will be very much appreciated.

A. The following graduates are listed under the name of the four-year college or university which they are attending this year.

- | | |
|---|---|
| 1. Amherst
Kugler, Robert | 13. Connecticut College for Women
Fitzgerald, Alice
Moriarty, Anne |
| 2. Boston College
Dee, Peter
Wilson, David
Zirkel, John | 14. Cornell
Branneman, Linda
Eaton, Carol
Foster, John
Jesdale, Todd |
| 3. Boston Teachers' College
Lynch, Janet | 15. Dartmouth
Hooper, Thomas |
| 4. Boston University
Bestany, Richard
Manning, David | 16. Denison
Ekstrom, Harold |
| 5. Bouvé-Boston
Stone, Stephanie | 17. Harvard
Baker, Kirby
Chabot, George
Keane, Dennis
Moore, David
Pingree, David
Smith, Whitney |
| 6. Bowdoin
Mason, William
Michelsen, Christopher
Usher, David | 18. Holy Cross
Carter, Robert
Curry, Edmund
Doherty, Daniel |
| 7. Brandeis University
Preston, John | 19. Jackson
Coddington, Mary
Jackson, Mary Elizabeth
Reardon, Eileen
Schultz, Sarah
Swonger, Mona |
| 8. Brown
Fay, Gordon | 20. Lafayette
Weaver, Robert |
| 9. Carnegie Institute of Technology
Stewart, James | 21. Lowell State Teachers'
Keyes, Margaret
McTeague, Muriel |
| 10. Clemson
Leverette, David | |
| 11. Colby
Bergquist, David
Bowman, Jane
Gray, Joseph | |
| 12. Colgate
Chapin, John | |

- | | |
|--|--|
| 22. Massachusetts, University of
Hogan, Jacqueline
Jenkins, Patricia
Madden, Judith
Stanwood, Susan | 33. St. Michael's
Mitchell, Eugene |
| 23. Massachusetts Institute of Technology
Ross, Bradley | 34. Simmons
Schiraga, Phyllis |
| 24. Michigan, University of
Withers, Donald | 35. Skidmore
Swett, Carol |
| 25. Mt. Holyoke
Hottel, Elizabeth
Smith, Dorothy
Woodward, Sara Jane | 36. Smith
Kiley, Mary |
| 26. Mt. St. Mary's
Laird, Mary | 37. Southern California, University of
Dresser, Suzanne |
| 27. Northeastern
Bates, Howard
Fitzgerald, John
McElholm, James
McGowan, Brenda
McNulty, Martha
Port, Roy
Schmink, William
Snow, Bradford | 38. Tufts
Ambrose, Howard
Cussen, Joseph
Denton, George
Lynch, Albert
Moulding, Jonathan
Preble, Harry
Wyman, Donald |
| 28. Oberlin
Hill, Thomas | 39. U. S. Coast Guard Academy
Harrold, Norman |
| 29. Radcliffe
Swisher, Frances | 40. U. S. Naval Academy
Doherty, Alfred
Nichols, Christopher |
| 30. Randolph Macon Women's College
Newton, Mary | 41. Wells
Thompson, Joan |
| 31. Rhode Island School of Design
Morse, Annabella | 42. Wesleyan
Brown, Kenneth
Roberts, Quentin |
| 32. Ripon College
Mawdsley, David | 43. Wheaton
Leverone, Carol
Parziale, Phyllis |
| | 44. Williams
Roberts, Ronald
Symmes, Roger |
| | 45. Yale
Fowler, Warren |

B. The following graduates are listed under the name of the junior college which they are attending this year:

- | | |
|---|---|
| 1. Boston University Junior College
Clifton, Richard | Goodwin, Suzanne
McNally, Mary
Towle, Nancy |
| 2. Centenary Junior College
Tonon, Catherine | 5. Paul Smiths
Towner, Louis |
| 3. Colby Junior College
Beal, Sarah
Chaffe, Janet | 6. Southern Seminary
Swan, Andrea
Schumacher, Mary Lou |
| 4. Fisher Junior College
Amico, F. Lorraine
Amico, F. Rita | 7. Westbrook Junior College
Dellicker, Judith |

C. The following graduates are attending preparatory schools.

- | | |
|--|--|
| 1. Cambridge Academy
Jellison, Mary | 6. Manter Hall
Heard, Jean |
| 2. Columbian
Fulton, William
Handford, Lincoln
Murphy, Vincent | 7. Newman
Dowling, Mary
Russo, Ronald |
| 3. Hebron Academy
Edgar, William
Nichols, John | 8. New Preparatory School
Sandberg, David |
| 4. Huntington
Quine, Peter | 9. Worcester Academy
Kelleher, John |
| 5. Lawrence Academy
Ruma, James | 10. Le Manoir (Switzerland)
Ahlfors, Vanessa |

D. The following are attending technical, business and other types of schools.

- | | |
|--|--|
| 1. Bentley
Perritano, Anthony | Murphy, Mary
Scott, Sarah |
| 2. Chamberlain
Caputo, Carol | 4. Essex County Agricultural
Schmink, Peter |
| 3. Chandler
Bees, Ann
Bruno, Marie
Horn, Barbara | 5. Katharine Gibbs
Dalrymple, Judith
Fish, Marion
Mingolelli, Regina |

E. The following are attending Schools of Nursing.

- | | |
|--|---|
| 1. Beth Israel Hospital
Leander, Ruth Ann | 5. Massachusetts General Hospital
Moncy, Ellen |
| 2. Beverly Hospital
Tofuri, Ann | 6. Massachusetts Memorial Hospital
Ewell, Constance |
| 3. Beverly Hospital School of Practical Nursing
Ferrina, Virginia
Tofuri, Emily | 7. Newton Wellesley Hospital
Crockett, Norma |
| 4. Lawrence Memorial Hospital
Berecz, Ruth
Downey, Maureen | 8. Tewksbury Hospital School of Practical Nursing
Roberts, Dianne |

F. The following graduate is doing work at the post graduate or high school level.

1. **Hammerschmidt, Helga** (Exchange student from Germany)

G. The following graduates are in the armed services.

- | | |
|---|--|
| 1. Air Force
Mawn, John
Quigley, Robert
Sharp, Robert
Woolley, James | 3. Coast Guard
Harrold, David |
| 2. Army
Ambrose, David
Ardini, Edward
Carr, Benjamin | 4. Navy
Asserson, Peter
Bruno, Robert
Callahan, Leo
McCormack, John
McGee, John
Murphy, Phillip |

H. The following have moved out of town, leaving no definite information as to their plans.

Burr, Sandra
Deppe, Janice
Fudge, Robert

I. The following graduates are working.

Allen, Emily	Jacobellis, Virginia
Amico, F. Marie	Johnian, Annette
*Bairstow, Lawrence	Kerrigan, Neil
Barbaro, James	Keyes, Kenneth
Barnard, Janet	MacDonald, Anne
Bond, Patricia	*McMahon, Gerald
Boyle, David	Mosca, Phyllis
Brennan, Patricia	Moynihan, Madelyne
Bruno, Helen	O'Brien, Richard
Bruno, Patricia	Olivadoti, Joan
Callahan, Michael	Picopolus, Kathleen
Callahan, Patricia	Porter, Helen
Dattilo, Victoria	Powers, Christine
Dionne, Carol	Procopio, Cynthia
Dutelle, Joanne	Quill, Madeline
Eddy, John	Richburg, Carol
Fentross, John	Russo, John
Ferrera, Carol	Ryerson, William
*Fitzgerald, Edward	Scaturro, Joanne
Flynn, Donald	Simonds, Gail
Foster, Elizabeth	Smith, George
Frongillo, Marie	Stevens, Paul
Gentile, Marie	Thomas, Carol
*Guarente, David	Wallace, Marjorie
Gurrisi, Jennifer	Walsh, Sarah
Hewis, Eleanor	Welch, Frank
Hurley, Marilyn	

*Attending night school

Attend colleges outside N. E.	13	18

Exhibit V.

ANNUAL REPORT
MEDICAL DEPARTMENT
WINCHESTER PUBLIC SCHOOLS
SEPTEMBER 1956 — JUNE 1957

A report of the Medical Department for the school year 1956-1957 follows:

A. Annual Physical Examinations:

1. The physical examinations of school pupils were started soon after the opening of school and were concluded in May, 1957 except for absentees and new students whose examinations were completed by the closing of school. Tabulation of examinations follows:

Schools	No. of Examinations	Major Defects	Minor Defects	Corrected Under Treatment or Improved
High School	602	41	328	220
Junior High	265	12	111	83
Lincoln	100	5	81	28
Mystic	134	2	90	20
Noonan	150	9	132	50
Parkhurst	112	8	50	6
Washington	146	22	84	16
Wyman	168	24	103	23
Totals	1677	123	979	446

The major defects are chiefly teeth and the minor defects seem to fall in order of frequency in the following categories: feet, teeth, posture, nutrition (principally overweight) and minor skin ailments (acne). Two or more of the defects are found very often in the same pupil.

2. Parents present at examinations:

There were 109 parents present during the examinations of the Elementary school pupils.

Lincoln	13	Parkhurst	11
Mystic	20	Washington	27
Noonan	18	Wyman	20

All parents whose children were being examined were informed by letter of the opportunity of being present at the examinations.

3. There were 76 notices sent directly to parents advising that corrective measures be taken. Most High School students were advised to seek medical attention for defects found.

B. Pre-School Examinations:

Pre-school examinations of children entering school September, 1957 were held during the first and second weeks in May. The total number examined in the presence of the parents were 146.

Lincoln	24	Parkhurst	24
Mystic	32	Washington	20
Noonan	26	Wyman	20

C. Communicable Disease Control:

There was only an insignificant number of communicable diseases noted during the school year, most of which were of minor nature. There were approximately four cases of scarlet fever which is still a decrease over the previous year.

Polio Control Program:

Salk vaccine injections were given to 1,092 students in the elementary, Junior and Senior High Schools.

High School	282	Noonan	162
Junior High	139	Parkhurst	100
Lincoln	89	Washington	127
Mystic	114	Wyman	79

School employees, including teachers, clerks and other personnel who requested Salk vaccine, were given first and second injections. This number totaled 109. There were no cases of poliomyelitis during the school year in the Public Schools.

Tuberculosis Control:

All school personnel met the requirements of X-ray survey of their chests before acceptance.

Arrangements are being made for all teachers and other school employees including food handlers and janitors to have chest X-rays early in the fall of 1957.

D. Massachusetts Vision Tests:

The Massachusetts Vision Test was performed by the School Nurse from September, 1956 to June, 1957 and the following schools with the number of defects found in each is tabulated.

School	No. Examined	No. of Defects
High School	435	12
Junior High	392	8
Lincoln	189	10
Mystic	101	12
Noonan	140	11
Parkhurst	109	7
Washington	130	20
Wyman	158	9
	1654	89

117 elementary school children are wearing glasses full time and 46 part time. Defects found in pupils were brought to the attention of parents.

E. Pure-Tone Audiometric Test:

The audiometric test was performed at the following schools and defects found were tabulated as follows:

School	No. Examined	No. of Defects
High School	125	1
Junior High	382	4
Lincoln	102	4
Mystic	167	7
Noonan	126	7
Parkhurst	91	3
Washington	142	3
Wyman	167	8
	1302	37

Defects found in pupils were brought to the attention of parents.

F. School Nurse:

The school nursing duties were taken over by the Winchester Visiting Nursing Association during the school year 1956-1957 and they accomplished the following duties:

Massachusetts Vision Tests	First Aid
Pure-Tone Audiometric Tests	Inspection of pupils
School Visits	Sanitary inspections
Notices to parents	Consultations with parents
Classroom talks	Conferences

Mrs. Doris Wiklund was the supervising nurse and she was on duty at both the Junior and Senior High Schools. She was assisted by the following nurses, each of whom was in charge of two elementary schools.

Miss Rita Plummer	Mrs. Ruth Pearson
Mrs. Mildred Symmes	Mrs. Phyllis Richardson

G. Health Instruction:

In addition to what is already given in the elementary school program, Mrs. Wiklund presented health instructions at the Senior High School. These instructions embraced mental hygiene, safety, nutrition and care of teeth.

H. Dental Health:

There were 599 treatments given at the Dental Clinic to the elementary school pupils during the school year.

I. Athletic Program:

Examinations of all football aspirants took place on August 28 and 29, 1956. The Athletic Insurance coverage has been satisfactory and should be continued.

J. Additional Duties of the School Physician:

1. Availability throughout the day for school emergencies.
2. Consultations with teachers, parents and principals.
3. Sanitary inspection of schools.
4. Examinations for school certificates.
5. School lunch survey and food handlers inspection.
6. Attendance at all football games.
7. Planning in health instruction.
8. Special examinations.

Respectfully submitted,

WILLIAM D. BARONE, M.D.

Report of the Town Accountant

December 31, 1957

In accordance with the provisions of Chapter 41, Section 61 of the General Laws, I herewith submit my report of the financial transactions of the Town of Winchester for the year ending December 31, 1957, together with miscellaneous tables and statistics.

Ordinary Operations

The ordinary revenues of the town for the year exceeded the total expenditures for ordinary operations by \$185,521.64. The actual receipts for the year were \$76,349.50 in excess of the estimates, the revenue appropriation balances were \$108,820.54, and assessments made after the fixing of the tax rate amounted to \$351.60.

On December 31, the general surplus revenue account had a balance of \$648,827.32, of which \$597,105.25 was available for expenditure. This amount is \$174,031.05 more than was available a year ago.

Water Department Operations

The Water Department operated at a deficit of \$38,278.17 for the year. Accordingly, there was no Water Surplus Revenue balance at the close of the year.

Debt Operations

The funded debt of the town was reduced by \$60,000.00 during the year. Payments amounting to \$170,000.00 were made on existing debt and water bonds were issued amounting to \$110,000.00. The borrowing capacity of the town, within the debt limit, on December 31, 1957 was \$993,241.00, an increase of \$197,838.00 over the limit at the close of 1956.

Post Audit of Departments

In accordance with the provisions of Chapter 41, Section 51 of the General Laws, the accounts of the various town officers and boards entrusted with the receipt, custody or expenditure of money have been examined. In each case the records have been found correct, agreeing with the books of the town.

Examination of Trust Funds

In accordance with the provisions of Chapter 41, Section 53 of the General Laws, the accounts of the Commissioners of Trust Funds and the Town Treasurer have been examined. The securities held by these trustees have been examined and found to be in proper order. The cash balances of the trustees have also been verified.

Financial Transactions

The detail of the financial transactions of the town is set forth in the following exhibits and schedules:

- Exhibit A: Consolidated Balance Sheet
- Exhibit B: Balance Sheet, General Accounts
 - Schedule B-1: Schedule of Appropriation Balances
 - B-2: Schedule of Accounts Payable
 - B-3: Receipts of the Year Summarized
 - B-4: Summary of Expenditures
 - B-5: Summary of Appropriations, Expenditures and Balances
 - B-6: General Estimated Receipts Compared with Actual
 - B-7: Water Estimated Receipts Compared with Actual
 - B-8: Statement of Changes in Surplus Accounts
 - B-9: Computation of Tax Rate
- Exhibit C: Balance Sheet, Trust Accounts
 - Schedule C-1: Trust Funds Summary
- Exhibit D: Balance Sheet, Deferred Revenue Accounts
- Exhibit E: Balance Sheet, Debt Accounts
 - Schedule E-1: Changes in Funded Debt
 - E-2: Analysis of Borrowing Capacity
 - E-3: Classified Statement of Funded Debt
 - E-4: Classified Statement of Interest on Funded Debt

Respectfully submitted,

JAMES J. COSTELLO,
Town Accountant

Middlesex, ss.

February 3, 1958

Then personally appeared the above-named James J. Costello and made oath that the foregoing statement made by him is correct and true to the best of his knowledge and belief.

Before me,

MARY H. FRENCH,
Notary Public

My commission expires April 9, 1960
